Ruth Asawa's fascinating life and her lasting contributions to American art. The work of American artist Ruth Asawa 1926-2013 is brought into brilliant focus in this definitive book originally published to accompany the first complete retrospective of Asawa's career organized by the Fine Arts Museums of San Francisco in 2006. This new edition features an expanded collection of essays and a detailed illustrated chronology that explore Asawa's fascinating life and her lasting contributions to American art. Beginning with her earliest works, drawings and paintings created in the 1940s while she was studying at Black Mountain College, this beautiful volume traces Asawa's flourishing career in San Francisco and her trajectory as a pioneering modernist sculptor who is recognized internationally for her innovative wire sculptures, public commissions, and activism on behalf of public arts education. Through her lifelong experimentations with wire, especially its capacity to balance open and closed forms, Asawa invented a powerful vocabulary that contributed a unique perspective to the field of twentieth-century abstract sculpture. Working in a variety of nontraditional media, Asawa performed a series of remarkable metamorphoses, leading viewers into a deeper awareness of natural forms by revealing their structural properties. Through her art, Asawa transfigured the commonplace into metaphors for life processes themselves. *The Sculpture of Ruth Asawa* establishes the importance of Asawa's work within a larger cultural context of artists who redefined art as a way of thinking and acting in the world rather than as merely a stylistic practice. This updated edition includes a new introduction and more than fifty new images as well as original essays that reflect on the impact of American political history on Asawa's artistic vision, her experience with printmaking, and her friendship with photographer Imogen Cunningham. Contributors include Susan Ehrens, Mary Emma Harris, Karin Higa, Jacqueline Hoefer, Emily K. Doman, Jennings Paul, J. Karlstrom, John Kreidler, Susan Stauter, Colleen Terry, and Sally B. Woodbridge. Published in association with the Fine Arts Museums of San Francisco, FAMSF.

Although most art museums possess a library of some kind, these facilities are often hidden from the public and seldom discussed in library schools despite the important role they play as substantial research venues. Co-published with the Art Libraries Society of North America, *Art Museum Libraries and Librarianship* serves as an introduction to the field of art museum librarianship and its diverse settings. Editor Joan Benedetti has compiled contributions from practicing art museum librarians to present sixteen chapters that address the topics of leadership, reader services, automation, security, cataloging, space planning, collection development, visual resources, ephemera, special collections, archives, fundraising, public relations, volunteers, and interns, professional development, and solo librarianship. Each chapter consists of several essays that deal with the distinct environment of art museum libraries, from the largest research collections that serve many curatorial departments and multiple administrative layers to the smallest solo

librarian venues whose unsung staff work in relative isolation The book concludes with a collection of brief institutional profiles which include statistical and descriptive information on fifteen diverse art museum libraries in the U S Canada and Europe appendixes that describe academic programs offering dual degrees in librarianship and art list international professional associations for art museum librarians and provide sample policies and procedures in use today in art museum libraries a bibliography and an index Art Museum Libraries and Librarianship the first publication of its kind is illustrated with over 90 black and white images of art museums their libraries and items from their collections **The Corporate Art**
