A nature book about an adventurous
commercial enterprise—collecting exotic
sea creatures from the shore
and the deeps for scientific use

by *Jack Rudloe*

*As a naturalist, Jack Rudloe was a successful
businessman. He had the first scientific
nature book ever published by a private
publisher, the volume is now being published in paperback
as a nature book. Rudloe was the first to
publish a book on the life of the sea, and has joined a
distinguished group of naturalists with this book.
He has been in New York and educated in biology at Florida
State University, although his knowledge is broad, his attainments are
deep. He has a well known in research laboratories and
has the last of the great scientists, the country over, where his
adventures and scientific knowledge make possible a wide variety of
nature pictures and an excellent research. He has been in
Florida, Florida, and has collected specimens from the sea and down
the coast. In 1944, he was a member of the International
Union for the Study of the Sea.*
