Sailor Talk Mary K. Bercau Edwards, 2021-03-01 This book investigates the highly engaging topic of the literary and cultural significance of sailor talk The central argument is that sailor talk offers a way of rethinking the figure of the nineteenth century sailor and sailor writer whose language articulated the rich layered and complex culture of sailors in port and at sea From this argument many other compelling threads emerge including questions relating to the seafarer s

multifaceted identity maritime labor questions of performativity the ship as theater the varied and multiple registers of sailor talk and the foundational role of maritime language in the lives and works of Herman Melville Joseph Conrad and Jack London The book also includes nods to James Fenimore Cooper Rudyard Kipling and Robert Louis Stevenson Meticulous scholarly research underpins the close readings of literary texts and the scrupulously detailed biographical accounts of three major sailor writers The author s own lived experience as a seafarer adds a refreshingly materialist dimension to the subtle literary readings The book represents a valuable addition to a growing scholarly and political interest in the sea and sea literature By taking the sailor s viewpoint and listening to sailors voices the book also marks a clear intervention in this developing field

Making Men in the Age of Sail Graeme J. Milne,2024-06-15 Myths and stereotypes surrounding seafarers in the Age of Sail persist to this day Sailors were celebrated for their courage strength and skill yet condemned for militancy vice and fecklessness As sail gave way to steam sailing ship mariners became nostalgic symbols of maritime prowess and heritage representing a timeless heroic masculinity in an era when the modernizing industrial world was challenging assumptions about gender class work and society Drawing on British seafaring memoirs from the late nineteenth century Making Men in the Age of Sail argues that maritime writing moulded the reading public s image of the merchant seaman Authors chronicled their lives as they grew from boy sailors to trained seafarers telling colourful tales of the men they worked with most never doubted that the sailing ship had made them better men Their testimony reinforced and preserved conservative perspectives on seafaring manhood as Britain s economic and technological priorities continued to evolve in the new steamship age Offering a gender analysis of the image of the seafarer Making Men in the Age of Sail brings the history of British sailors into wider debates about modernity and masculinity

Ocean Bestiary Richard J. King,2023-05-26 A delightful A to Z menagerie of the sea whimsically illustrated authoritative and thought provoking For millennia we have taken to the waves And yet for humans the ocean remains our planet s most inaccessible region the place about which we know the least From A to Z abalone to zooplankton and through both text and original illustrations Ocean Bestiary is a celebration of our ongoing quest to know the sea and its creatures Focusing on individual species or groups of animals Richard J King embarks upon a global tour of ocean wildlife including beluga whales flying fish green turtles mako sharks noddies right whales sea cows as well as sea lions sea otters and sea pickles skipjack tuna swordfish tropicbirds walrus and yellow bellied sea snakes But more than this King connects the natural history of ocean animals to the experiences of people out at sea and along the world s coastlines From firsthand accounts passed down by the earliest Polynesian navigators to observations from Wampanoag clamshell artists African American

whalemen Korean female divers or haenyeo and today's pilots of deep sea submersibles and even to imaginary sea expeditions launched through poems novels and paintings Ocean Bestiary weaves together a diverse array of human voices underrepresented in environmental history to tell the larger story of our relationship with the sea Sometimes funny sometimes alarming but always compelling King's vignettes reveal both how our perceptions of the sea have changed for the better and how far we still have to go on our voyage The World Book Dictionary, 2003 An English language dictionary in two volumes that provides definitions spellings and pronunciations to more than 225 000 terms *Sport Diver*, 2002-09
