Sea Defence Works Roland Berkeley Thorn, 2000 **Sea Defence Works** Roland Berkeley Thorn, J. C. F. Simmons, 1971 *Coastal Defence* Institution of Civil Engineers (Great Britain), 2002 The construction of coastal defences has allowed many people to live and work in safety in areas of the United Kingdom that would otherwise have been lost to the sea However building and maintaining such defences is a difficult and expensive undertaking with inevitable consequences for the environment In rural areas some existing defences have been abandoned and given the predicted effects of global warming this policy may be extended in the future This guide explains how shorelines can be managed in a cost effective and environmentally acceptable manner and includes guidance on the design construction and maintenance of coastal defences
