Sea Island Sanctuary:

Sea Island Sanctuary, 193? **Sea Island Sanctuary** Jean E. Holmes, 1988 Thirteen year old Seventh Day Adventists Becky and Danielle feeling a deep respect and appreciation for all God's creations seek to enjoy the natural beauty of their island off the coast of South Carolina while protecting it from careless visitors [Ecological Characterization of the Sea Island Coastal Region of South Carolina and Georgia: Physical features of the characterization area](#), 1980 [Ecological Characterization of the Sea Island Coastal Region of South Carolina and Georgia](#), 1980 **Northern Money, Southern Land** Chlotilde R. Martin, 2020-03-18 An enchanting mix of gossip and history from the era when parts of the Old South met their new owners In the early 1930s Chlotilde R Martin of Beaufort South Carolina wrote a series of articles for the Charleston News and Courier documenting the social and economic transformation of the lowcountry coast as an influx of wealthy northerners began buying scores of old local plantations Her articles combined the name dropping chatter of the lowcountry social register with reflections on the tension between past and present in the old rice and cotton kingdoms of South Carolina Edited by Robert B Cuthbert and Stephen G Hoffius Northern Money Southern Land collects Martin's articles and augments them with photographs and historical annotations to carry their stories forward to the present day As Martin recounted the new owners of these coastal properties ranked among the most successful businessmen in the country and included members of the Doubleday Du Pont Hutton Kress Whitney Guggenheim and Vanderbilt families Among the later owners are media magnate Ted Turner and boxer Joe Frazier The plantation houses they bought and the homes they built are some of the most important architectural structures in the Palmetto State although many are rarely seen by the public In some fifty articles drawn from interviews with property owners and visits to their newly acquired lands Martin described almost eighty estates covering some three hundred thousand acres of Beaufort Jasper Hampton Colleton and Berkeley counties Martin's lively sketches included stories of wealthy young playboys who brought Broadway showgirls down for decadent parties tales of the first nudist colony in America and exchanges with African American farmhands who wanted to travel to New York to see their employers primary homes which they had been assured were piled high with gold and silver In the process Martin painted a fascinating landscape of a southern coastline changing hands and on the verge of dramatic redevelopment Her tales here updated by Cuthbert and Hoffius will bring modern readers onto many little known plantations in the southern part of South Carolina and provide a wealth of knowledge about the history of vexing tensions between development and conservation that remain a defining aspect of lowcountry life *Marine Pollution: Current Status, Impacts and Remedies* De-Sheng Pei, Muhammad Junaid, 2019-08-05 While oceans are vast they represent a fragile resource that must be protected if we want to protect our livelihoods and our planet Marine pollution has been a topic of concern for a long time and it has recently attracted the attention of scientists environmentalists economists politicians and journalists in mainstream media Besides providing food transportation routes and other resources the oceans serve as a heat absorbing

sink which offsets the extreme heating effects of climate change but only to a limited degree Pollution in marine environments such as the oceans poses a threat to coastal communities by affecting the fauna and flora in the environment and the health of the nearby population This has a disruptive effect on the health and economy of these communities Marine Pollution Current Status Impacts and Remedies emphasizes the limitations of marine resources that relevant environments provide Readers will find chapters on methods to assess pollution as well as important information for identifying measuring and remediating various pollutants The book also covers some known pollutants heavy metals organic pollutants microplastics and ways to manage these substances Other issues covered in the book include problems caused by invasive species and the ecological problems caused by pollutants which affect local fauna and flora This book will prove to be a useful resource for students researchers and policymakers who are working in environmental science marine conservation and allied fields Series Intro Marine Ecology Current and Future Developments brings forth contemporary issues in the study of marine environments The scope of the series includes ecological toxicological and biological aspects of the topic Each volume of the series focuses on a broad theme with reviews contributed by several experts in the field The series is essential reading for environmental scientists ecologists conservationists and marine biologists

The Port Royal Experiment Kevin Dougherty,2014-12-03 The Port Royal Experiment builds on classic scholarship to present not a historical narrative but a study of what is now called development and nation building The Port Royal Experiment was a joint governmental and

private effort begun during the Civil War to transition former slaves to freedom and self sufficiency Port Royal Harbor and the Sea Islands off the coast of South Carolina were liberated by Union Troops in 1861 As the Federal advance began the white plantation owners and residents fled abandoning approximately 10 000 black slaves Several private Northern charity organizations stepped in to help the former slaves become self sufficient Nonetheless the Point Royal Experiment was only a mixed success and was contested by efforts to restore the status quo of white dominance Return to home rule then undid much of what the experiment accomplished While the concept of development is subject to a range of interpretations in this context it means positive continuously improving and sustained change across a variety of human social conditions Clearly such an effort was at the heart of the Port Royal Experiment While the term nation building may seem misplaced given that no nation was the beneficiary of these efforts the requirement to build institutions critical to nation building operations was certainly a large part of the Port Royal Experiment and offers many lessons for modern efforts at nation building The Port Royal Experiment divides into ten chapters each of which is designed to treat a particular aspect of the experience Topics include planning considerations philanthropic society activity civil society economic development political development and resistance Each chapter presents the case study in the context of more recent developmental and nation building efforts in such places as Bosnia Somalia Kosovo Iraq and Afghanistan and incorporates recent scholarship in the field Modern readers will see that the challenges that faced the Port Royal Experiment remain relevant even as their solutions remain elusive
