**Facts Behind the Strike** Pacific Maritime Association,1962 **Globalisation and Governance in the Pacific Islands** Stewart Firth,2006-12-01 The Pacific Islands are feeling the effects of globalisation Free trade in sugar and garments is threatening two of Fiji s key industries At the same time other opportunities are emerging Labour migration is growing in importance and Pacific governments are calling for more access to Australia s labour market Fiji has joined Samoa Tonga Tuvalu and Kiribati as a remittance economy with thousands of its citizens working overseas Meantime Papua New Guinea and Solomon Islands grapple with an older kind of globalisation in which overseas companies exploit mineral and forest resources The Pacific Islands confront unique problems of governance in this era of globalisation The modern democratic state often fits awkwardly with traditional ways of doing politics in that part of the world Just as often politicians in the Pacific exploit tradition or invent it to serve modern political purposes The contributors to this volume examine Pacific globalisation and governance from a wide range of perspectives They come from Papua New Guinea Solomon Islands Hawaii i the Federated States of Micronesia Samoa Fiji New Zealand and Jamaica as well as Australia Publisher s description

Diane Kirkby, 2022-09-15 Winner of the Australia and New Zealand Law and History Society ANZLHS Prize for 2023

Maritime workers occupy a central place in global labour history This new and compelling account from Australia shows seafaring and waterside unions engaged in a shared history of activism for legally regulated wages and safe liveable conditions for all who go to sea Maritime Men of the Asia Pacific provides a corrective to studies which overlook this region's significance as a provider of the world's maritime labour force and where unions have a rich history of reaching across their differences to forge connections in solidarity From the militant young Australian Harry Bridges whose progressive unionism transformed the San Francisco waterfront to Australia's successful implementation of the Maritime Labour Convention 2006 this is a story of vision and leadership on the international stage Unionists who saw themselves as internationalists were also operating within a national and imperial framework where conflicting interests and differences of race and ideology had to be overcome Union activists in India China and Japan struggled against indentured labour and coolie standards They linked with their fellow unionists in pursuing an ideal of international labour rights against the power of shipowners and anti union governments This is a complex story of endurance cooperation and conflict and its empowering legacy      *Tax Havens and Sovereignty in the Pacific Islands* Anthony B. Van Fossen, Kristy Chambers, 2012 In recent years many countries in Oceania have developed tax havens Using their sovereignty Pacific Islands countries have profited by providing offshore havens from metropolitan taxation and regulation Tax Havens and Sovereignty in the Pacific Islands surveys the timely important and controversial topic of Pacific Islands tax havens havens currently holding hundreds of billions of dollars      **Seafarers of the Pacific** Douglas Newton, 1964      Maritime Security in the Indo-Pacific Mohan Malik, 2014-09-24 In the twenty first century the Indo Pacific which spans from the western Pacific Ocean to the western Indian Ocean along the eastern coast of Africa has emerged as a crucial geostrategic region for trade investment energy supplies cooperation and competition It presents complex maritime security challenges and interlocking economic interests that require the development of an overarching multilateral security framework This volume develops common approaches by focusing on geopolitical challenges transnational security concerns and multilateral institution building and cooperation The chapters written by a cross section of practitioners diplomats policymakers and scholars from the three major powers discussed United States China India explain the opportunities and risks in the Indo Pacific region and identify specific naval measures needed to enhance maritime security in the region Maritime Security in the Indo Pacific opens by introducing the Indo Pacific and outlining the roles of China India and the United States in various maritime issues in the region It then focuses on the security challenges presented by maritime disputes naval engagement legal issues sea lanes of communication energy transport humanitarian

assistance and disaster relief as well as by nontraditional threats such as piracy terrorism and weapons proliferation It compares and contrasts the roles and perspectives of the key maritime powers analyzing the need for multilateral cooperation to overcome the traditional and nontraditional challenges and security dilemma This shows that in spite of their different interests capabilities and priorities Washington Beijing and New Delhi can and do engage in cooperation to deal with transnational security challenges Lastly the book describes how to promote maritime cooperation by establishing or strengthening multilateral mechanisms and measures that would reduce the prospects for conflict in the Indo Pacific region

*Robert Louis Stevenson's Pacific Impressions* Carla Manfredi,2018-11-11 This book tackles photography s role during Robert Louis Stevenson s travels throughout the Pacific Island region and is the first study of his family s previously unpublished photographs Cutting across disciplinary boundaries the book integrates photographs with letters non fiction and poetry and includes much unpublished material The original readings of photographs and non fiction highlight Stevenson s engagement with colonial ideology and reality and advance new arguments about Victorian travel settlement and colonialisms in the Pacific Like the Stevensons the book moves from the Marquesas to the atolls of the Gilbert Islands in Micronesia from the Kingdom of Hawai i s political ambitions to Samoan plantations and the Stevensons settlement at Vailima Central to this study is the notion that Pacific history and Pacific Island cultures matter to the interpretation of Stevenson s work and a rigorous historical and cultural contextualization ensures that local details structure literary and photographic interpretation The book s historical grounding is key to its insightful conclusions regarding travel settlement photography and colonialism     **Hiring of Seamen** United States.
