Stefkovich, William C. Frick, 2021-05-19 *Best Interests of the Student* presents both a theoretical model for guiding educators as they confront legal and ethical dilemmas in their schools as well as highly accessible and annotated court cases for exploration. The authors introduce an ethical decision making model that focuses on strategies for determining what actions are in the best interests of the student and demonstrates the application of this theoretical model for examining legal and ethical dimensions of court cases. Discussion questions at the end of each case encourage readers to examine issues from differing viewpoints helping them to become more self reflective school leaders who can effectively address legal dilemmas in their own contexts. This important text is a valuable resource for both aspiring and practicing school administrators and leaders. This thoroughly revised edition features an entirely new chapter on conceptual and empirical insights grounding our understanding of students best interests, 10 new legal cases reflecting recent developments in school law including educational needs of transgender students, immunity for student searches, conflicts between religious expression and free speech, educators access to students cell phone data, education for children of undocumented immigrants and access to literacy as a fundamental right. A focus on preparing school leaders to meet the Professional Standards for Educational Leaders (PSEL). Updated information and references throughout to reflect current context, resources and education policy.

**The Magic of the Seal** Melanie Godfrey, 2024-07-26 This book will take you on a journey to awaken a spiritual relationship with the seal, familiarizing you with the seal's anima as well as its history with the Gaelic ancestors of the British Isles. The Clan of the Seal on North Uist and the traditional oral storytellers were the transmitters and custodians of folklore who told tales about the kindly selchie and revered seals as sacred, akin to their own family. The gentle seal will help reclaim what is lost within as we remember our Celtic heritage and identity in this fragile world. Seal lore teaches valuable lessons in integrity and kindness and ignites our imagination leading us to the seal's inner landscape of presence and peace inevitably towards our own inner peace. This is the magic of the seal, not lost but found.

RSPB Spotlight Seals Frances Dipper, 2021-03-18 Seals are the sleekest and most agile of all marine mammals and they are superbly adapted to the watery world in which they spend most of their time. With their whiskery dog-like faces, curious nature and vulnerable pups, they are enduringly appealing animals. Although air breathing seals are superbly tuned to hunt, sleep, mate and keep warm while out at sea, but they remain inextricably linked to land. In *Spotlight Seals*, Frances Dipper explores the intricate lives of the UK's native Grey and Common Seals and their amazing physical and behavioural adaptations to a life split between land and sea. She reveals the complex physiology that allows seals to dive deep and for long periods without coming to any harm. Once exploited for their meat and skins, seals now have protection around the British Isles. Their numbers are increasing but they still face the danger of plastic litter in their environment. Dipper also explores age-old legends, interactions between humans and seals and the best places to watch them in the UK. The *Spotlight* series introduces readers to the lives and behaviour of our favourite animals with eye-catching colour photographs and
