

Seal Surfer

Nikki Gamble

Seal Surfer:

Seal Surfer Michael Foreman, 1996 Although he is on crutches a boy goes to the beach with his grandfather where they watch a seal being born and over the following seasons the boy and the seal develop a special bond HandiLand Elizabeth A. Wheeler, 2019-08-21 HandiLand looks at young adult novels fantasy series graphic memoirs and picture books of the last 25 years in which characters with disabilities take center stage for the first time These books take what others regard as weaknesses for instance Harry Potter s headaches or Hazel Lancaster s oxygen tank and redefine them as part of the hero s journey HandiLand places this movement from sidekick to hero in the political contexts of disability rights movements in the United States the United Kingdom and Ghana Elizabeth A Wheeler invokes the fantasy of HandiLand an ideal society ready for young people with disabilities before they get there as a yardstick to measure how far we ve come and how far we still need to go toward the goal of total inclusion The book moves through the public spaces young people with disabilities have entered including schools nature and online communities As a disabled person and parent of children with disabilities Wheeler offers an inside look into families who collude with their kids in shaping a better world Moving funny and beautifully written HandiLand The Crippest Place on Earth is the definitive study of disability in contemporary literature for young readers **Surfer the Seal** Jane Burton, 1989 Depicts a seal in its early life as it grows plays and learns to feed itself

The Pinnipeds Marianne Riedman, 2023-12-22 **Disability Studies and the Environmental Humanities** Sarah Jaquette Ray, Jay Sibara, 2017-06 Although scholars in the environmental humanities have been exploring the dichotomy between wild and built environments for several years few have focused on the field of disability studies a discipline that enlists the contingency between environments and bodies as a foundation of its scholarship On the other hand scholars in disability studies have demonstrated the ways in which the built environment privileges some bodies and minds over others yet they have rarely examined the ways in which toxic environments engender chronic illness and disability or how environmental illnesses disrupt dominant paradigms for scrutinizing disability Designed as a reader for undergraduate and graduate courses Disability Studies and the Environmental Humanities employs interdisciplinary perspectives to examine such issues as slow violence imperialism race toxicity eco sickness the body in environmental justice ableism and other topics With a historical scope spanning the seventeenth century to the present this collection not only presents the foundational documents informing this intersection of fields but also showcases the most current work making it an indispensable reference *Rats* Paul Zindel, 2012-10-06 Sarah and her brother have grown up next to the world s largest garbage dump on Staten Island in New York City Little do they know thousands of rodents at the dump have mutated into gruesome killer rats and one of the workers there has just been badly mauled Without mercy the rats wreak havoc and devastation upon the once peaceful neighborhood entering homes through kitchen sinks and toilets Now the entire city stands on the brink of total infestation Can the kids save millions of innocent people from the approaching and unrelenting rat horde Voices from the

Margins Marilyn Ward, 2002-07-30 Young people who feel marginalized due to physical differences or disabilities may benefit from discovering fictional characters who face similar difficulties This unique bibliography surveys the field of children's and young adult literature published since 1990 identifying 200 quality books that deal with a wide range of contemporary health and self image topics Coverage includes physical handicaps Autism burns scars and disfigurement obesity and anorexia speech disorders skin color and basic issues of popularity and fitting in The literature covered here includes picture books chapter books for middle school readers and young adult novels spanning different genres such as mysteries historical fiction and poetry Annotations provide brief plot synopses full bibliographic information publishers age level suggestions and subject key words This resource is perfect for obtaining information about authors titles and age levels of books on particular subjects or to determine the subject of a particular book Four indexes Title Author Subject and Age Level facilitate easy reference for all users and readers

The Oxford Companion to Children's Literature Daniel Hahn,2015-03-26 The last thirty years have witnessed one of the most fertile periods in the history of children s books the flowering of imaginative illustration and writing the Harry Potter phenomenon the rise of young adult and crossover fiction and books that tackle extraordinarily difficult subjects The Oxford Companion to Children s Literature provides an indispensable and fascinating reference guide to the world of children s literature Its 3 500 entries cover every genre from fairy tales to chapbooks school stories to science fiction comics to children

s hymns Originally published in 1983 the Companion has been comprehensively revised and updated by Daniel Hahn Over 900 new entries bring the book right up to date A whole generation of new authors and illustrators are showcased with books like Dogger The Hunger Games and Twilight making their first appearance There are articles on developments such as manga fan fiction and non print publishing and there is additional information on prizes and prizewinners This accessible A to Z is the first place to look for information about the authors illustrators printers publishers educationalists and others who have influenced the development of children s literature as well as the stories and characters at their centre Written both to entertain and to instruct the highly acclaimed Oxford Companion to Children s Literature is a reference work that no one interested in the world of children s books should be without The Early Childhood Curriculum Suzanne Krogh, Kristine Slentz, 2001-04-01

Examines the meaning of curriculum discusses curriculum integration describes how to plan create and evaluate a curriculum and examines how modern literacy mathematics social studies science and expressive arts curricula evolved into their present forms Methods of assessing children s progress through the curriculum are integrated throughout

The Story Cure Ella Berthoud, Susan Elderkin, 2016-10-27 The stories that shape our children s lives are too important to be left to chance With *The Story Cure* bibliotherapists Ella Berthoud and Susan Elderkin have put together the perfect manual for grown ups who want to initiate young readers into one of life s greatest pleasures There s a remedy for every hiccup and heartache whether it s between the covers of a picture book a pop up book or a YA novel You ll find old favourites like *The Borrowers* and *The Secret Garden* alongside modern soon to be classics by Michael Morpurgo Malorie Blackman and Frank Cottrell Boyce as well as helpful lists of the right reads to fuel any obsession from dogs or dinosaurs space or spies Wise and witty *The Story Cure* will help any small person you know through the trials and tribulations of growing up and help you fill their bookshelves with adventure insight and a lifetime of fun The Therapeutic Use of Stories Kedar Nath

Dwivedi, 2006-10-19 The potential for healing available in well known myths and stories is increasingly recognized but many practitioners are unsure how to tap into this rich and often culturally specific source of insight What sort of story is best for what sort of situation How can it be introduced naturally into the session What is the best way of using the story These are some of the questions contributors to this book set out to answer They explore the historical and cultural context of story telling and provide examples of specific stories for specific situations Covering emotional themes such as anger anxiety fear shame guilt separation and bereavement the authors show how they work through stories with many different kinds of client groups and individuals of all ages in educational health and social science settings *The Therapeutic Use of Stories* provides a sound theoretical framework for the use of stories examples of stories with a high therapeutic value and practical advice on how to use them to best effect Collecting for the Curriculum Amy J. Catalano, 2015-09-28

If you re a librarian charged with collecting curriculum materials and children s literature to support the Common Core State Standards then this book the only one that offers explicit advice on collection development in curriculum collections is for you While there are many

publications on the Common Core for school librarians and K 12 educators no such literature exists for curriculum librarians at the post secondary level This book fills that gap standing alone as a guide to collection development for curriculum librarians independent of the Common Core State Standards CCSS The book provides instruction and guidance to curriculum librarians who acquire and manage collections so you can develop a collection based on best practices The book begins with a primer on the CCSS and how curriculum librarians can support them Discussion of the Standards is then woven through chapters arranged by content area that share research based practices in curriculum development and instruction to guide you in curriculum selection Material types covered include games textbooks children s literature primary sources counseling and nonfiction Additional chapters cover the management of curriculum collections testing collections and instruction and reference as well as how to support and collect for special needs learners Current practices in collection development for curriculum materials librarians are also reviewed The book closes with a discussion of the future of curriculum materials

Cultural Inclusion for Young People with SEND Paul Morrow, 2022-12-30 This practical book offers a multifaceted view of cultural inclusion from the perspective of special educational needs and disabilities SEND It provides a road map for teachers to ensure increased participation in arts and culture for children and young people with SEND defining a series of characteristics for good practice Chapters explore spaces as diverse as galleries museums theatres and performance venues and include a variety of case studies highlighting the experiences of young people and the organisations who partner with schools *Cultural Inclusion for Young People with SEND* offers a compelling call to action and is an essential resource for those who have the power to improve and support the development of future provision for children with SEND *Exploring Children's Literature* Nikki Gamble, 2013-06-30 This book introduces the role of children s literature in promoting reading for pleasure and creating lifelong readers Focusing on a range of fiction relevant to the National Curriculum it covers genres such as poetry non fiction traditional stories and picture books Concepts and terminology are explained through a wide range of examples This revised edition includes Investigative activities and practical exercises for personal or classroom use Examples from world literature and work in translation highlighting the range of diverse material available for teaching inspiration Coverage of social cultural and political reading practices to increase understanding of factors that influence children s reading experience Coverage of disability and equality issues to help inform teaching strategies that overcome barriers to learning This book is essential for students on PGCE BEd and BA Education courses and for teachers undertaking CPD in English literacy or children s literature It provides useful support material for language coordinators and literacy consultants and can be used to support distance learning as an aid to self study or as a course text **Circle Time for the Very Young** Margaret Collins, 2011-03-18 *Circle Time for the Very Young* has been used by teachers and practitioners alike for the last ten years Now in its third edition this book has been fully updated and includes a CD Rom to help you with Circle Time in your early years setting Circle Time is used to help form positive relationships increase confidence and self esteem

and provide a safe environment to explore feelings and opinions Covering the 3 to 9 age range and focused on the core PSHE themes this book contains the following to help you establish and maintain circle time in your setting An explanation of Circle Time and how it works Over 100 plans for different Circle Time sessions Different plans for both young and older children Activity sheets to use at the end of each session Evaluation sheets to use at the end of each theme All the activity and evaluation sheets can be printed from the new CD Rom making it an ideal resource for those that want to use circle time but don't have time to plan the sessions This book is easily used in any setting and is a must have for busy practitioners

Developing Language and Literacy with Young Children Marian R Whitehead, 2007-04-25 In its third edition the author has included the latest research evidence relating to children aged from nought to eight Her writing embraces the value of play relationships bilingualism and multilingualism in creating a rich language and literacy environment Developing Language and Literacy with Young Children will appeal to a wide range of readers practitioners students and their tutors as well as parents and carers Early Years Update Highly readable Anybody working with babies and young children needs to have the knowledge that Whitehead clearly explains here SureStart One of the many excellent features of this book is the way it tackles the issue of bilingualism in early childhood Early Years Educator eye Praise for previous editions Marian Whitehead forces the reader to attend to the voice of the child against the encroachment of inappropriate curriculum demands Her total fascination for children's language development captures the reader in an enthusiastic and informed voyage through the most exciting and important aspect of human development language in the early years Early Years This is an excellent read for all parents and workers with young children The style of the book is friendly and accessible with beautifully produced photographs of children and indeed of their own work Marian Whitehead is not ashamed to draw on her experiences as a grandparent as well as highly competent theoretical researcher she does both with competence and humour This will prove an excellent source book for those involved in course design from childminders to university lecturers Child Language Teaching and Therapy Looking at the most exciting and important aspect of human development communication and language in the early years this accessible book gives carers parents teachers and other professionals who work and play with young children a confident understanding of children's communication and language development in the years from birth to age eight The book examines the wide range of elements that are typical of all our communication and language activities thinking feeling imagining talking listening drawing writing and reading The author emphasizes the importance of children's relationships and communications with the people who care about them spend time with them and share in the excitement of their developing languages and their investigations of literacy Taking a holistic approach she covers o early communication and language o the achievements of young bilinguals o the significance of stories narrative and language play o the emergence of literacy in homes early years settings and classrooms This highly readable guide discusses how to help babies become competent communicators Anybody working with babies and young children needs to have the
