Sean Landers Cartoons:

Cartoons Sean Landers, 2005 Whether you're a fan of Sean Landers's prolific varied purposely self aggrandizing and simultaneously self puncturing career or not and no one is neutral there's one thing that's indisputable He's wickedly funny And nowhere is his humor sharper than in these previously uncollected drawings from 1991-92 in which a cast of art world strivers including gallerists painters and groupies parade across the page with all their hilarious insecurities on display The most prominent form in which Landers delivers his witty aperçus through these characters is the T-shirt slogan I used to show in the 80s I went to Yale too or I emerged as an artist during the Gulf War In a drafting style that resembles a cleaned up R Crumb and with his trademark hand lettered misspellings Landers takes on all art types exposing the shallowness of the successful artist and the flop the egotism of the collector and critic in sometimes bawdy and frequently laugh out loud satire Amazingly this is a book that would be equally at home in a museum restroom stall or an exhibition vitrine **Landers Sean**
