Searching For The Sunbelt Historical Perspectives On A Region

Mary E. Odem, Elaine Cantrell Lacy

Searching For The Sunbelt Historical Perspectives On A Region:

Searching for the Sunbelt Raymond A. Mohl, 1993 The Future South Joe P. Dunn, Howard Lawrence Preston, 1991
The New South, 1945-1980 Numan V. Bartley, 1995 First published in 1955 to wide acclaim T Harry Williams P G T
Beauregard is universally regarded as the first authoritative portrait of the Confederacy's always dramatic often perplexing
general Chicago Tribune Chivalric arrogant and of exotic Creole Louisiana origin Beauregard participated in every phase of
the Civil War from its beginning to its end He rigidly adhered to principles of war derived from his studies of Jomini and
Napoleon and yet many of his battle plans were rejected by his superiors who regarded him as excitable unreliable and
contentious After the war Beauregard was almost the only prominent Confederate general who adapted successfully to the
New South running railroads and later supervising the notorious Louisiana Lottery This paradox of a man who fought
gallantly to defend the Old South and then helped industrialize it is the fascinating subject of Williams superb biography

Encyclopedia of American Urban History David Goldfield, 2007 Publisher description **The South in Modern America** Dewey W. Grantham, 2001-07-01 The South in Modern America is a lively and illuminating account of the Southern
experience since the end of Reconstruction In the twentieth century as in the nineteenth the South has been the region most
sharply at odds with the rest of the nation No other part of the country has as clear cut a sectional image The interplay
between the South the North and the rest of the nation represents a rich and instructive part of the United States history
illustrating much of the nation's conflict and tension the way it has tried to reconcile divergent issues and its struggles to
realize its historical ideals In this new treatment of modern Southern history Dewey W Grantham illuminates the features
that make the South a distinctive region while clarifying how it has converged socially and politically with the rest of the
country during this century Atlanta Unbound Carlton Wade Basmajian, 2013-09-20 Looking at Atlanta Georgia one might
conclude that the city's notorious sprawl degraded air quality and tenuous water supply is a result of a lack of planning
particularly an absence of coordination at the regional level This book shows that Atlanta's low density urban form and its
associated problems have been both highly coordinated and regionally planned The author shows how regional policies
spanned political boundaries and framed local debates over several decades in the city's history The author explores four
cases regional land development plans water supply strategies growth management policies and transportation
infrastructure programs to provide a detailed account of the interactions between citizens planners regional commissions
state government and federal agencies City Politics Annika Marlen Hinze, Dennis R. Judd, 2022-07-12 City Politics has
received praise for the clarity of its writing careful research and distinctive theme that urban politics in the United States has
evolved as a dynamic interaction between governmental power private actors and a politics of identity The book's enduring
appeal lies in its persuasive explanation careful attention to historical detail and accessible and elegant way of teaching the
complexity and breadth of urban and regional politics which unfold at the intersection of spatial cultural economic and policy

dynamics This 11th edition has been thoroughly updated while retaining the popular structure of past editions Key updates include Individual chapters introducing students to pressing urban issues such as race and racism gentrification sustainability and the environment urban crises shrinking cities immigration and suburbanization political polarization and the COVID 19 pandemic s impact on cities The most recent census data integrated throughout to provide current figures for analysis discussion and a more nuanced understanding of current trends The effects of the events of 2020 on cities namely the Coronavirus pandemic the murder of George Floyd and its aftermath and the growth of the Black Lives Matter Movement and the U S presidential election in November The new and present challenges of the climate crisis and its growing significance for cities Taught on its own or supplemented with the optional reader *American Urban Politics in a Global Age* for more advanced readers City Politics remains the definitive text on urban politics and how they have evolved in the United States over time This is a comprehensive resource for a new generation of undergraduate and graduate students as well as established researchers in the discipline This book is accompanied by Support Material online www.routledge.com

9781032006352 *Latino Immigrants and the Transformation of the U.S. South* Mary E. Odem, Elaine Cantrell Lacy, 2009 The Latino population in the South has more than doubled over the past decade The mass migration of Latin Americans to the U S South has led to profound changes in the social economic and cultural life of the region and inaugurated a new era in southern history This multidisciplinary collection of essays written by U S and Mexican scholars explores these transformations in rural urban and suburban areas of the South Using a range of different methodologies and approaches the contributors present in depth analyses of how immigration from Mexico and Central and South America is changing the South and how immigrants are adapting to the southern context Among the book s central themes are the social and economic impact of immigration the resulting shifts in regional culture new racial dynamics immigrant incorporation and place making and diverse southern responses to Latino newcomers Various chapters explore ethnic and racial tensions among poultry workers in rural Mississippi and forestry workers in Alabama the Mexicanization of the urban landscape in Dalton Georgia the costs and benefits of Latino labor in North Carolina the challenges of living in transnational families immigrant religious practice and community building in metropolitan Atlanta and the creation of Latino spaces in rural and urban South Carolina and Georgia **Hard Hats, Rednecks, and Macho Men** Derek Nystrom, 2009-10-21 Everywhere you

look in 1970s American cinema you find white working class men The persistent appearance of working class characters in these and other films of the 1970s reveals the powerful role class played in the key social and political developments of the decade The New Suburban History Kevin M. Kruse, Thomas J. Sugrue, 2006-07-15 Introduction The new suburban history Kevin M Kruse and Thomas J Sugrue Marketing the free market state intervention and the politics of prosperity in metropolitan America David M P Freund Less than plessy the inner city suburbs and state sanctioned residential segregation in the age of Brown Arnold R Hirsch Uncovering the city in the suburb Cold War politics scientific elites and high tech spaces

Margaret Pugh O Mara How hell moved from the city to the suburbs urban scholars and changing perceptions of authentic community Becky Nicolaides The house I live in race class and African American suburban dreams in the postwar United States Andrew Wiese Socioeconomic integration in the suburbs from reactionary populism to class fairness in metropolitan Charlotte Matthew D Lassiter Prelude to the tax revolt the politics of the tax dollar in postwar California Robert O Self Suburban growth and its discontents the logic and limits of reform on the postwar Northeast corridor Peter Siskind Reshaping the American dream immigrants ethnic minorities and the politics of the new suburbs Michael Jones Correa The legal technology of exclusion in metropolitan America Gerald Frug

Civil Rights Unionism Robert Rodgers Korstad, 2003 Recovering an important moment in early civil rights activism Korstad chronicles the rise and fall of the union that represented thousands of African American tobacco factory workers in Winston Salem N C in the first half of the 20th century

The Literature of the Ozarks Phillip Douglas Howerton, 2019 This book surveys two centuries of Ozarks literature from an Osage creation story to contemporary poetry and fiction This anthology presents writings from more than forty authors and connects these works to major literary movements while exploring their regional themes and their contributions to the social construction of the Ozarks

The History of Florida Michael Gannon, 2018-06-26 Previously published as The New History of Florida

The Frontier of Leisure Lawrence Culver, 2012-06-07 Tracing the history of Southern California from the late 19th century through the late 20th century this book reveals how this region did much more than just create lavish resorts like Santa Catalina Island and Palm Springs it literally remade American attitudes towards leisure

The Human Tradition in the American West Benson Tong, Regan A. Lutz, 2001-08-01 The Human Tradition in the American West is an engrossing collection of 13 biographies of men and women whose contributions to the development of the American West have largely been left untold in the history books This volume goes beyond the traditional biographical reader by including the lives that collectively offer racial and gender diversity as well as differing class and sexual orientation backgrounds Editors Benson Tong and Regan A Lutz have assembled an impressive group of scholars whose succinct and well written accounts will give students a more complete understanding of this diverse dynamic region of the United States This book is an excellent resource for courses on the American West U S history survey courses and courses in American social and cultural history

The Atlas of U.S. and Canadian Environmental History Char Miller, 2003-08-08 This visually dynamic historical atlas chronologically covers American environmental history through the use of four color maps photos and diagrams and in written entries from well known scholars Organized into seven categories each chapter covers agriculture wildlife and forestry land use and management technology and industry polluti

Twentieth-Century Sprawl Owen D. Gutfreund, 2004-05-01 Here Owen Gutfreund offers a fascinating look at how highways have dramatically transformed American communities nationwide aiding growth and development in unsettled areas and undermining existing urban centers Gutfreund uses a follow the money approach showing how government policies subsidized suburban development

and fueled a chronic nationwide dependence on cars and roadbuilding with little regard for expense efficiency ecological damage or social equity The consequence was a combination of unstoppable suburban sprawl along with ballooning municipal debt burdens deteriorating center cities and profound changes in American society and culture Gutfreund tells the story via case studies of three communities Denver Colorado Middlebury Vermont and Smyrna Tennessee Different as these places are they all show the ways that government sponsored highway development radically transformed America's cities and towns Based on original research and vividly written Twentieth Century Sprawl brings to light the benefits and consequences of the spread of American highways and makes a major contribution to our understanding of issues that still plague our cities and suburbs today

Dallas Patricia Evridge Hill, 2010-01-01 From the ruthless deals of the Ewing clan on TV's Dallas to the impeccable customer service of Neiman Marcus doing business has long been the hallmark of Dallas Beginning in the 1920s and 1930s Dallas business leaders amassed unprecedented political power and civic influence which remained largely unchallenged until the 1970s In this innovative history Patricia Evridge Hill explores the building of Dallas in the years before business interests rose to such prominence 1880 to 1940 and discovers that many groups contributed to the development of the modern city In particular she looks at the activities of organized labor women's groups racial minorities Populist and socialist radicals and progressive reformers all of whom competed and compromised with local business leaders in the decades before the Great Depression This research challenges the popular view that business interests have always run Dallas and offers a historically accurate picture of the city's development The legacy of pluralism that Hill uncovers shows that Dallas can accommodate dissent and conflict as it moves toward a more inclusive public life Dallas will be fascinating and important reading for all Texans as well as for all students of urban development

The City in American Political Development Richardson Dilworth, 2009-04-01 There are nearly 20 000 general purpose municipal governments cities in the United States employing more people than the federal government About twenty of those cities received charters of incorporation well before ratification of the U S Constitution and several others were established urban centers more than a century before the American Revolution Yet despite their estimable size and prevalence in the United States city government and politics has been a woefully neglected topic within the recent study of American political development The volume brings together some of the best of both the most established and the newest urban scholars in political science sociology and history each of whom makes a new argument for rethinking the relationship between cities and the larger project of state building Each chapter shows explicitly how the American city demonstrates durable shifts in governing authority throughout the nation's history By filling an important gap in scholarship the book will thus become an indispensable part of the American political development canon a crucial component of graduate and undergraduate courses in APD urban politics urban sociology and urban history and a key guide for future scholarship

Far East, Down South Raymond A. Mohl, John E. Van Sant, Chizuru Saeki, 2016-10-25 Offers a collection of ten insightful essays that illuminate the

little known history and increasing presence of Asian immigrants in the American southeast In sharp contrast to the melting pot reputation of the United States the American South with its history of slavery Jim Crow and the civil rights movement has been perceived in stark and simplistic demographic terms In *Far East Down South* editors Raymond A Mohl John E Van Sant and Chizuru Saeki provide a collection of essential essays that restores and explores an overlooked part of the South's story that of Asian immigration to the region These essays form a comprehensive overview of key episodes and issues in the history of Asian immigrants to the South During Reconstruction southern entrepreneurs experimented with the replacement of slave labor with Chinese workers As in the West Chinese laborers played a role in the development of railroads Japanese farmers also played a more widespread role than is usually believed Filipino sailors recruited by the US Navy in the early decades of the twentieth century often settled with their families in the vicinity of naval ports such as Corpus Christi Biloxi and Pensacola Internment camps brought Japanese Americans to Arkansas Marriages between American servicemen and Japanese Korean Filipina Vietnamese and nationals in other theaters of war created many thousands of blended families in the South In recent decades the South is the destination of internal immigration as Asian Americans spread out from immigrant enclaves in West Coast and Northeast urban areas Taken together the book's essays document numerous fascinating themes the historic presence of Asians in the South dating back to the mid nineteenth century the sources of numerous waves of contemporary Asian immigration to the South and the steady spread of Asians out from the coastal port cities *Far East Down South* adds a vital new dimension to popular understanding of southern history
