Casarella, 2021-06-25 In Tutti Fratelli Pope Francis has called again for a culture of encounter But how should his theology pastoral practice and social message be understood and applied in the Church of the Americas a single but complex reality that extends from South to North This volume offers analyses from experts looking back to the Argentine pontiff's first fateful encuentros in the Americas as a help for understanding the present reality of the Church in the Western Hemisphere The group includes theologians historians and political scientists and the unique contribution of the volume lies in the panoramic perspective offered by the book as a whole The initial essays set the stage for the volume as a whole offering rich insight into Argentine and Latin American history the world from which the Pope came and to which he returned in 2015 as well as surveying the impact of the Latin American theology of the people on the Pope's visit to the U S Additional essays address theological historical and pastoral engagements that cut across several of the visits The final group of essays is dedicated to the visits themselves and is arranged in the order that they occurred Pope Francis and the Search for God in America is offered to all the members of the Church in America South and North old and young with the hope that it will spur even more thought reflection prayer and service      **Gods in America** Charles L. Cohen, Ronald L. Numbers, 2013-07-29 Religious pluralism has characterized America almost from its seventeenth century inception but the past half century or so has witnessed wholesale changes in the religious landscape including a proliferation of new spiritualities the emergence of widespread adherence to Asian traditions and an evangelical Christian resurgence These recent phenomena important in themselves as indices of cultural change are also both causes and contributions to one of the most remarked upon and seemingly anomalous characteristics of the modern United States its widespread religiosity Compared to its role in the world's other leading powers religion in the United States is deeply woven into the fabric of civil and cultural life At the same time religion has from the 1600s on never meant a single denominational or confessional tradition and the variety of American religious experience has only become more diverse over the past fifty years Gods in America brings together leading scholars from a variety of disciplines to explain the historical roots of these phenomena and assess their impact on modern American society      **In Search of Christ in Latin America** Samuel

Escobar,2019-05-21 Noted theologian Samuel Escobar offers a magisterial survey and study of Christology in Latin America Presented for the first time in English this rich resource starts with the first Spanish influence and moves through popular religiosity and liberationist themes in Catholic and Protestant thought of the twentieth and twenty first centuries culminating in an important description of the work of the Latin American Theological Fraternity *I Once Was Lost* Don

Lemon,2024-09-10 In a deeply personal follow up to his 1 bestseller *This is the Fire What I Say to My Friends* about Racism a modern media iconoclast faces a test of faith and reveals how such tribulations can make us stronger as individuals and as a nation Renowned journalist Don Lemon always had a complicated relationship with God He cherished the Southern Black church he was raised in but struggled with the fundamentalist rejection of his right to exist as a gay man one who wanted to marry his longtime love in a church wedding with all the traditional trimmings In his work as a reporter moreover he saw his fellow Americans losing faith in a higher power in institutions and in each other Setting out to understand the place that religion has in our lives today Don turned a journalistic eye on ancient stories and found connections that sparked memories conversations and chance encounters Then suddenly his world unraveled In a blaze of inglorious headlines Don was ousted from his high profile network news job and tasked with redefining his role in the shifting media landscape But through a year of personal changes and professional whiplash he kept his eyes on the prize and ultimately found what he was seeking grace within himself and in this nation we call home Rich with humor and Louisiana realness *I Once Was Lost* is a prayer for a country that reflects the multifaceted image of God and a clarion call to those who believe in our common humanity enough to fight for it *In Search of the Soul of America* Bishop Wayne Smiley,2009-07 [America's Search for Security](#) Sean

Kay,2014-07-22 This book details the ways in which America s ascendancy to global superpower status was the result of its dueling foreign policy philosophies and forces an historically expansive idealism balanced with an equally constant realist restraint In *America s Search for Security* Sean Kay surveys major historical trends in American foreign policy and provides a new context for thinking about America s rise to power from the founding period through the end of the Cold War It details the post Cold War rise of idealist foreign policy goals and the costs of abandoning realist roots analyzing in depth the wars in Iraq and Afghanistan as examples of what disappointing if not disastrous outcomes can befall America abroad when foreign policy objectives are muddled unclear and fail to remain grounded in what historically has made America an unquestionable world power This book also focuses on America s recent pivot to Asia and efforts to restore a realist balance abroad and at home in the second Obama administration concluding with a look at what the future of American power will look like in a rapidly evolving world in need of newer more modernized and adaptable forms of leadership Tracing the tension between idealism and realism Kay provides a detailed explanation of the rise of a post Cold War idealist consensus in Washington D C and shows how that culminated in a return to realism in both the 2013 debates over intervention in Syria and the 2014 crisis with Russia *God's Last Call to America* Grace Mwiruki,2016-05-03 HOW PRAYER CAN SAVE OUR NATION Mass

murders Moral decay Terrorism All you have to do is watch the news to know that we need the Lord's intervention now more than ever Scripture states that the effective fervent prayer of a righteous man avails much James 5:16 and author Grace Mwiruki not only knows that verse she lives it A powerhouse intercessor Grace has seen God move mightily in her native Tanzania and here at home In God's Last Call To America you will learn how to pray effectively according to God's will as found in His Word You'll also discover Why our prayers may be hindered How the early Church experienced God's miracles and how present day Christians can regain that power Why we should continue to pray for America despite spiritual warfare and opposition What we can learn from the Israelites' disobedience to God and more This essential guide to prayer challenges Christians to pray effectively so God can not only heal our land but He can heal us too **Advocate for America** Ralph M. **In Search of Myself** Hans Natonek,1943 *America's Destiny: Choosing God's Will or Ours (A Historical & Latter-day Saint Perspective)* Tad R.
