Searching For Higher Ground:

Searching for Higher Ground Steve Josse,1998 **Searching for Higher Ground** George Glean,2022-04-29 Is the Grass Greener on the Other Side Growing up Sinclair didn't understand why so many islanders wanted to escape to England or any other place besides Grenada He soon learned that no one wanted to remain on the island because work was scarce and wages were low Not only did West Indians run away to England but to wherever they could find work Even Sinclair's parents traveled to London with his brother and two sisters leaving him to be raised by an adopted aunt and uncle It was a challenge for Sinclair Would he ever understand why he was left behind Would he survive the trauma Would he ever see his family again It's this kind of dilemma many West Indians faced in searching for higher ground **Fundamentals of Search and Rescue** Donald C. Cooper,2005 This book provides an overview of all aspects of search and rescue procedures and equipment It teaches the absolutely essential techniques employed by nearly all search and rescue personnel This book offers an in depth and practical approach to search and rescue and is recommended for all emergency responders For both paid and unpaid professionals this resource combines dynamic features with the latest comprehensive content *Searching for Higher Ground* Mary C. Fineran Luthin,1986 Search and Rescue United States. Department of the Air Force,1985

The Search for the Lost Riverfront: The New Orleans campaign of 1814-1815 and the Chalmette battlefield Ted Birkedal,2009 Originally commissioned in 1984 this report deals with the historical geography and archeology of the Battle of New Orleans during the War of 1812 as it pertained to the Chalmette Battlefield It touches upon how people put the battlefield to use after the War of 1812 as a place for generations of people as they live work and play Also covered are some of the things both bad and good we have done over the years to commemorate the battle and remember this important event in our nation's past **Travels in Search** George Holyoake,2003-01-30 British lecturer travels through America traveling the Atchison Topeka and Santa Fe railway along the way he observes Native American and Mennonite culture The Search for Tactical Success in Vietnam Andrew Ross,Robert Hall,Amy Griffin,2015-09-25 From 1966 to 1971 the First Australian Task Force was part of the counterinsurgency campaign in South Vietnam Though considered a small component of the Free World effort in the war these troops from Australia and New Zealand were in fact the best trained and prepared for counterinsurgency warfare However until now their achievements have been largely overlooked by military historians The Search for Tactical Success in Vietnam sheds new light on this campaign by examining the thousands of small scale battles that the First Australian Task Force was engaged in The book draws on statistical spatial and temporal analysis as well as primary data to present a unique study of the tactics and achievements of the First Australian Task Force in Phuoc Tuy Province South Vietnam Further original maps throughout the text help to illustrate how the Task Force's tactics were employed **K-9 Search and Rescue Books 10-12** Lisa Phillips,Sarah Varland,Christy Barritt,2024-02-20 Love Inspired Suspense brings you three full length stories in one collection Enjoy action packed stories in the K 9 Search and Rescue

Education in Search of the Spirit MR John Gardner, 1996-05 Real education will always seek to strengthen what is best in the human soul its longing for the experience of spiritual truth that brings into the self an objective appreciation of the noble aspects of its own nature together with a subjective sense of real affinity with the rest of humanity the earth planet as a whole and the great cosmos above and beyond The premise of this book is that a human being is a being of body soul and spirit whose core is eternal spirit from which center one should strive to live From this perspective the aim of true education is to help our children activate this deepest center in themselves For this living intuitive thinking must be brought to life in a new way The organ for such thinking is the heart where will and feeling join in uniting self and world morality and truth love and action This book is in three parts The first poses the problem the second describes the Waldorf approach as a solution and the third deals with questions of special interest to parents and educators alike such as authority discipline and freedom the nature of genius and the question of cultural pluralism The first edition of this book was titled The Experience of Knowledge in response to a clear call for experience in education Certainly if the sole purpose of education is to acquire information learning becomes dry abstract and deadening To have meaningful consequence in a person s life coming to know must become an experience Too often however such experience is understood simply as doing field trips class projects and so on But doing if unconnected to the whole person is just activity To become true experience it must speak out of and toward a student s secret center the spirit Hence the author affirms that authentic education is always in search of the spirit

The Search for the Lost Riverfront: Historical investigations of the civilian occupation of the Chalmette battlefield Ted Birkedal, 2009 Originally commissioned in 1984 this report deals with the historical geography and

archeology of the Battle of New Orleans during the War of 1812 as it pertained to the Chalmette Battlefield It touches upon how people put the battlefield to use after the War of 1812 as a place for generations of people as they live work and play Also covered are some of the things both bad and good we have done over the years to commemorate the battle and remember this important event in our nation s past *Search and Rescue Alaska* Tracy Salcedo,2020-02-24 In a place as vast and extreme as Alaska no one takes safety for granted Whether adventurer or homesteader tourist or native people look out for themselves and for each other But sometimes it just goes bad and no amount of resourcefulness or resiliency can make it right That s when search and rescue teams kick into gear launching operations by air and by land that have generated amazing tales of heroism tenacity and human kindness Some of those stories have been gathered in *Search and Rescue Alaska* including Rescues on Denali North America s highest peak from the mountain s first search and rescue in 1932 to a rescue in 2017 that highlights the utility of modern equipment and decades of SAR experience A World War II search and rescue that ended with a remarkable recovery more than half a century later Rescues during the Good Friday quake of 1964 The rescue of mountaineering students and their instructors in the Chugach Range The rescue and recovery of Klondike bound gold seekers caught in an avalanche on the infamous Chilkoot Trail These stories and others in this compilation of essays will kindle a new appreciation for the skilled and selfless pilots troopers military personnel and rangers on call for search and rescue in Alaska *In Search of the Unknown in Medieval Architecture* John James,2007-12-31 John James is an Australian architect and medieval historian Since 1969 he has been searching for the origins of the Gothic style beginning with a five year study of Chartres cathedral At that time there were no coherent techniques for analysing the detailed construction history of existing stone structures This he created He expanded his research to include all the early Gothic churches in the Paris region with a three year survey of over 3500 buildings His most important discovery has been that all churches of this period were constructed in many short campaigns by mobile building teams and that major innovation was more likely to occur in the smaller buildings than in the larger This volume makes available 42 of the author s studies on the development of Gothic architecture in France *In Search Of* Kashef Javeed,2020-08-20 This book is a sequel to *Question Marks* The poems are reflections of my thoughts I may have found some answers but the journey is long and strenuous because the more I search more questions arise Hence the search continues We all aspire for something We are all in search of something I hope it resonates with you *Finding Fulford - the Search for the First Battle Of 1066* Charles Jones,2011 The battle of Fulford was fought just south of York on 20th September 1066 between the Northern Earls and King Harald Hardrada leading a Norse army Harald Hardrada had the treacherous Earl Tostig the brother of King Harold II king of England as his ally Tostig might have devised the strategy that detained his brother defending the south coast from the expected invasion from Normandy But King Harold was already on his way north when the battle took place *Finding Fulford* sets out a confident hypothesis for the location based on the body of evidence and research undertaken to find the first of the

three battles of that autumn The report finds that the literature identifies a location south of York and the geology uniquely points to Germany Beck as the only militarily significant ditch mentioned in several sources as the place of the battle Modelling the way the landscape has changed since 1066 allows the descriptions provided for the battle to be tested The reconstructed surface provides positive feedback for the literature and helps to make more sense of what was written in Norse sources about the course of the battle The emergence of substantial quantities of ferrous material just south of the Beck reinforces the claim of Germany Beck as the place of the battle These notable concentrations of ferrous finds including tools axes and other shaped billets were co located with hearth bottoms slag charcoal and tuy res fragments The shape of the billets suggests a military rather than a civil use The interpretation provided is of post battle reprocessing There was not one centrally organised workshop since the number and spread of hearths suggests a gold rush perhaps with each warband processing material These sites were found to corresponded closely to the assumed area of the fighting and no similar sites were found in the surrounding areas which was also surveyed It is also suggested that the work was disrupted by the defeat of the Viking invaders at Stamford Bridge five days after their victory at Fulford This is an important assumption as it helps explain why so much material was abandoned at Fulford in a pattern that has not yet been found elsewhere The interrupted reprocessing hypothesis also explains why other sites of similar antiquity have failed to yield a single weapon fragment If the recycling work had been completed only hearth debris would have been found so the Fulford site might be unique Almost as important as the evidence that has emerged was that no contra indicators were found to cast doubt on the proposed site nor were any consistent pointers to another location identified even though much work was devoted to searching for alternate sites before Germany Beck was identified as the locus The investigation of the Fulford battlefield was done under some unnecessarily restrictive conditions and a chapter is devoted to work that needs to be undertaken The evidence suggests that the site still has much to reveal Alongside the archaeological investigations the report relates the events of the three battles of 1066 and also provides a detailed narrative of the battle based on all that has been revealed by the work The whole style of the work is designed to make it accessible to any interested reader *Fundamentals of Search and Rescue*

The Greatest Search and Rescue Stories Ever Told Tom McCarthy,2019-08-29 From the early years of Western Expansion to the present day our history is marked by the heroic exploits of the rescuer and the rescued in some of the most daunting geographic meteorological and otherwise life threatening challenges First responders have variously been members of law enforcement to ordinary good samaritans who couldn t look the other way in the face of their brethren in peril This book collects the most compelling search and rescue accounts of the last two hundred years from William Lewis Manly bringing relief to 49ers lost in Death Valley to modern day SAR teams working with the National Park and Forest Services to locate missing hikers or carry out the injured from a wilderness mishap Of course many search and rescues turn into a body recovery effort or even a criminal investigation if foul play is suspected Regardless of the outcome this book honors those who put others lives before their own in the face of peril

[A Search in Secret Egypt](#) Paul Brunton,2015-11-24 In this book philosopher Paul Brunton 1898 1981 encounters the mysteries and magic of Egypt in the 1930s including an eerie yet illuminating night spent alone inside the Great Pyramid Alongside his explorations of ancient Egypt s monuments and gods Brunton encounters a variety of occultists fakirs and dervishes and even manages to become initiated into the deadly art of snake charming His frank interviews with Muslim leaders remain relevant today and his description of the Hajj reflects the beauty and inspiring faith of Mohammad s true followers Brunton s journey to discover the furthest reaches of what the mind and body are capable of and to distinguish various forms of yoga and magic from true spirituality lead him to the myth of Osiris and to the mystery that is the Sphinx itself In the end Brunton turns his attention to his own spiritual path connecting all of his experiences into a single discovery that we are more than the body and that the freedom of our spirit can be experienced here and now This new edition has been updated to incorporate Brunton s final revisions and includes an introduction by the Paul Brunton Philosophic Foundation Paul Brunton was a great original and got to a place of personal evolution that illumines the pathways of a future humanity Jean Houston author of A Passion for the Possible and A Mythic Life Any serious man or woman in search of spiritual ideas will find a surprising challenge and an authentic source of inspiration and intellectual nourishment in the writings of Paul Brunton Jacob Needleman author of What is God

[...in search of THE HEALING PLACE](#) D D Murray McGavin MD,2024-08-06 MARTIN FAIR A wonderfully easy read something of a rollercoaster ride It draws you in evocative detailed and engaging Excitement comes rushing off the page as

you see God at work in Murray's own life and in so many places throughout the book ALASTAIR PETRIE I strongly recommend in search of THE HEALING PLACE for all leaders and all readers a blueprint for life Murray McGavin is clearly a champion for all people in all nations A treasure of medical skill not only about physical sight but also a compelling wake up call for spiritual insight A timely publication SANDY MILLAR This is no ordinary biography At one level a fascinating and inspiring story of one man his family and a life lived to the full At a deeper level it is clear that Murray's whole life and approach to every situation as a senior ophthalmologist in Afghanistan and in many lands springs from his lifelong faith A book very hard to put down I wholeheartedly recommend it **The Search for Mabila** Vernon J. Knight, 2009-04-26 The Search for Mabila describes one of the most profound events in sixteenth century North America which was a ferocious battle between the Spanish army of Hernando de Soto and a larger force of Indian warriors under the leadership of a feared chieftain named Tascalusa
