## Searching For Michael Jordan:

Searching for Michael Jordan Greg Moore, 2001-01-01      **Search Engines for Children** Tatiana Gossen, 2016-01-14 The doctoral thesis of Tatiana Gossen formulates criteria and guidelines on how to design the user interfaces of search engines for children In her work the author identifies the conceptual challenges based on own and previous user studies and addresses the changing characteristics of the users by providing a means of adaptation Additionally a novel type of search result visualisation for children with cartoon style characters is developed taking children s preference for visual information into account      The Internet for Surgeons Jeff W. Allen, 2012-12-06 Advances in surgery have reached an exponential scale and the changes of the last decade of the twentieth century have become common practice Imagination and foresight are the more visible standards for professional appointments than ever before The fiber optic cable computer and Internet are the workhorses of this sea change and surgeons must master all of them to remain intellectually and technically up to date There can be no better explanation for the genuine need for this book The transmission of knowledge and technical skills from one generation to another has been a common practice in surgery for nearly 200 years Past experiences of surgeons have focused upon an understanding of disease states a prompt diagnosis of a correctable illness and its appropriate evaluation and most importantly the technical conduct of an operation where indicated to provide relief to and or cure of the patient Fascinatingly this little book tends to fulfill that same role with respect to the newly emerged technology of the Internet computation and telemedicine In essence this book seeks and to a remarkable degree achieves the transmission of both knowledge and technical skill in an easily usable and clearly written format Jeff W Allen has provided an educational orientation with which he is familiar both as a recent pupil and now as a teacher of surgical procedures This is not unlike the kind of education that has gone on between trainee surgeons and master surgeons around the world In this case Dr      In Search of Bill Clinton John Gartner, 2008-09-30 On a quest to understand the mind of Bill Clinton and to answer the question What makes him tick a noted psychologist traveled across the U S and around the world to speak with hundreds of people who knew the former president and his family 16 page b w photo insert      **One Last Shot** Mitchell Krugel, 2007-04-01 One Last Shot gives Jordan fans the inside scoop they re looking for on basketball s greatest legend with exclusive interviews from NBA executives players and coaches Mitchell Krugel uses his fifteen years of following Michael Jordan s every move to explain why the man who left the game as The Greatest Player of All Time would risk his unparalleled legend to play again After delivering the Chicago Bulls their sixth championship in 1998 by pulling off what became known as the greatest money shot in the history of the NBA Michael believed he still had much of that Greatest Player Of All Time left in his game But he felt that retirement was forced on him in 1999 and he left the game craving more doses of fifty point binges winner take all confrontations and repeated nights of reminding fans they just saw the greatest player ever One Last Shot not only explains why Michael Jordan came back to the court but also looks at his transition from Wizards executive to player his struggle to join a team that had

grown up with his posters on their walls and his glories and setbacks in a Wizards season chock full of both struggles and surprises Krugel also details the star laden workouts Michael designed in the summer of 2001 to get his game back into shape This look at Michael Jordan circa 2001 2002 shows how much basketball had changed since his last coming and how much it hadn't and how his drive pushed him to the verge of a crippling knee injury all in the pursuit of winning And for six weeks he did make it back He made the shots He made good on his mission to try to teach the Wizards how to be winners to teach talented teammate Richard Hamilton to be a shooting star and to whip Kwame Brown the high school kid he made the first ever first pick in the NBA draft into a man And he did the things that only a man of legend could do Krugel analyzes both the man and the legend to trace how the First Coming led to a Second and to a Third and he chronicles the season that defines Michael Jordan as a man who will forever be playing for one last shot

**Business of Becoming Employed 2nd Edition** Colleen MacLintock-Rudnick, 2006 *Causation, Prediction, and Search* Peter Spirtes, Clark Glymour, Richard Scheines, 2001-01-29 The authors address the assumptions and methods that allow us to turn observations into causal knowledge and use even incomplete causal knowledge in planning and prediction to influence and control our environment What assumptions and methods allow us to turn observations into causal knowledge and how can even incomplete causal knowledge be used in planning and prediction to influence and control our environment In this book Peter Spirtes Clark Glymour and Richard Scheines address these questions using the formalism of Bayes networks with results that have been applied in diverse areas of research in the social behavioral and physical sciences The authors show that although experimental and observational study designs may not always permit the same inferences they are subject to uniform principles They axiomatize the connection between causal structure and probabilistic independence explore several varieties of causal indistinguishability formulate a theory of manipulation and develop asymptotically reliable procedures for searching over equivalence classes of causal models including models of categorical data and structural equation models with and without latent variables The authors show that the relationship between causality and probability can also help to clarify such diverse topics in statistics as the comparative power of experimentation versus observation Simpson's paradox errors in regression models retrospective versus prospective sampling and variable selection The second edition contains a new introduction and an extensive survey of advances and applications that have appeared since the first edition was published in 1993

Entity-Oriented Search Krisztian Balog, 2018-10-02 This open access book covers all facets of entity oriented search where search can be interpreted in the broadest sense of information access from a unified point of view and provides a coherent and comprehensive overview of the state of the art It represents the first synthesis of research in this broad and rapidly developing area Selected topics are discussed in depth the goal being to establish fundamental techniques and methods as a basis for future research and development Additional topics are treated at a survey level only containing numerous pointers to the relevant literature A roadmap for future research based on open issues and challenges identified along the way rounds out the book The book is divided into three main parts sandwiched between introductory and concluding chapters The first two chapters introduce readers to the basic concepts provide an overview of entity oriented search tasks and present the various types and sources of data that will be used throughout the book Part I deals with the

core task of entity ranking given a textual query possibly enriched with additional elements or structural hints return a ranked list of entities This core task is examined in a number of different variants using both structured and unstructured data collections and numerous query formulations In turn Part II is devoted to the role of entities in bridging unstructured and structured data Part III explores how entities can enable search engines to understand the concepts meaning and intent behind the query that the user enters into the search box and how they can provide rich and focused responses as opposed to merely a list of documents a process known as semantic search The final chapter concludes the book by discussing the limitations of current approaches and suggesting directions for future research Researchers and graduate students are the primary target audience of this book A general background in information retrieval is sufficient to follow the material including an understanding of basic probability and statistics concepts as well as a basic knowledge of machine learning concepts and supervised learning algorithms

The Search For Mrs. Right Part One Anthony Butler,2017-08-04 An Urban Love Story Joe is young and on his way to success He lived the player lifestyle and now that he wants to find a good woman he is hitting obstacles left and right All his friends and family seem to have an opinion on what he should do but what counts is what he thinks Was Love right under his nose all this time

**In Search of Africa** Manthia Diawara,2009-07-01 There I was standing alone unable to cry as I said goodbye to Sidim Laye my best friend and to the revolution that had opened the door of modernity for me the revolution that had invented me This book gives us the story of a quest for a childhood friend for the past and present and above all for an Africa that is struggling to find its future In 1996 Manthia Diawara a distinguished professor of film and literature in New York City returns to Guinea thirty two years after he and his family were expelled from the newly liberated country He is beginning work on a documentary about S kou Tour the dictator who was Guinea s first post independence leader Despite the years that have gone by Diawara expects to be welcomed as an insider and is shocked to discover that he is not The Africa that Diawara finds is not the one on the verge of barbarism as described in the Western press Yet neither is it the Africa of his childhood when the excitement of independence made everything seem possible for young Africans His search for Sidim Laye leads Diawara to profound meditations on Africa s culture He suggests solutions that might overcome the stultifying legacy of colonialism and age old social practices yet that will mobilize indigenous strengths and energies In the face of Africa s dilemmas Diawara accords an important role to the culture of the diaspora as well as to traditional music and literature to James Brown Miles Davis and Salif K ita to Richard Wright Spike Lee and the ancient epics of the griots And Diawara s journey enlightens us in the most disarming way with humor conversations and well told tales

**In Search of Tiger** Tom Callahan,2007-12-18 Tom Callahan has written the seminal book on golfing great Tiger Woods Woods who has gone out of his way to protect his privacy has never allowed himself to get close enough to a writer to be properly examined on the page And as a consequence his fans know relatively little about him except what s divulged in quick tournament interviews or the scarce information parsed out on occasion by one of his handlers Which is to

say we know next to nothing about one of the most famous people in the world Callahan commonly regarded as one of the best all round sports writers in the country has followed Tiger around the world of golf for more than seven years enjoying a certain access to the man and his family He even went so far as to travel to Vietnam to learn the fate of the South Vietnamese soldier who was Earl Wood s best friend during the war and his son s namesake Tiger is twenty years old when the book opens and twenty seven when it closes During those years Callahan covered Woods at all the Majors including the Masters the U S Open and the British Open culminating in Tiger s heart stopping race to make history by clinching the string of Majors affectionately nicknamed the Tiger Slam As the pulse of golf was measured by the curve of his swing Tiger made everyone s heart skip a beat as he attempted to win the Grand Slam a year later Along the way Tom Callahan hears from everyone who is anyone in the world of Tiger Woods including Phil Mickelson Jack Nicklaus David Duval Butch Harmon Ernie Els and of course Tiger s rather ubiquitous mother and father As much as we learn about Tiger how he sees himself in relation to the courses he plays on and the players he has learned from and competed with we also enjoy a bird s eye view of golf as it is now with Tiger on the scene and as it was for centuries before In Search of Tiger catalogs and dissects moments and influences in Tiger s guarded life and unprecedented career moments that unveil him his awesome drive and his enormous talent Tom Callahan has written a classic of its kind a book to rank with the best in its genre He has done what few have even attempted he has found the real Tiger Woods
