Thriving Through Seasons of Grief Kathleen Maxwell-Rambie, 2021-04-19 Grief has been one of my best teachers No one signs up for this process that will touch all of us at some time in our life After the death of my late husband of thirty years I knew I was not exempt from the process and yet if I had to go through it I did not want to waste the pain I quickly discovered that many people did not know much about the grief process or talk about it I share in a transparent and down to earth way that is easy for those who find themselves in the ashes of life or grief As you read this book my heart is for you to walk away with tools in your tool belt of life This book is for those that have had any kind of loss in their life or have friends coworkers or family that have had losses You ll learn what grief is how it affects us challenges of grief benefits of grief how to partner with the process help those grieving and secrets of building a new life Hopefully you will see the good in grief and reading this will unravel any lies you have believed about the process My prayer is that another layer of healing and understanding will come to your heart and you will learn how to Thrive in Seasons of Grief
