*A Collection of Poetry for Every Season and Reason* Maria M. Swaringen, 2008-09 A great treasure of the French people was brought to New Orleans from France in 1792 by the La Porte family This treasure ultimately ends up in the hands of Waco Baptiste whose mother was a Wichita Indian and whose father was a French trader What Waco does with the treasure will certainly entertain and educate the reader The book is divided into two parts The first covers the period from 1750 to 1876 The second part jumps forward to 1995 through 2005 and follows the footsteps of Sara Wind Cloud a young woman of the Wichita tribe who makes a great discovery during her studies as a history major at Cameron University in Lawton Oklahoma Her discovery ultimately leads her to the treasure of the Wichita which Waco Baptiste swore in an oath of secrecy to his wife Julian La Porte to protect at all costs Waco Baptiste certainly accomplished his mission and Sara Wind Cloud brings closure to the mystery in a manner which the reader should find both fair and honorable to all parties *Using Common Worship: Times and Seasons part 1* David Kennedy, 2015-02-06 This invaluable guide helps all who plan worship to appreciate the rich possibilities and spiritual depth of the seasonal material for All Saints to Candlemas in Common Worship Times and Seasons It focuses on All Saints to the Eve of Advent Sunday Advent the Christmas Season and the Epiphany Season The main part of the guide provides a range of practical tips and illuminating case studies to encourage creative use at a local level It also gives succinct background information both for seasons and individual major seasonal occasions as well as for all the liturgical texts John Sweet's introduction explains the *raison d'être* of Times and Seasons and provides a helpful brief introduction to the history and theology of the Christian Year *The Genres of Thomson's The Seasons* Sandro Jung, Kwinten Van De Walle, 2018-09-01 Critics since the eighteenth century have puzzled over the form of James Thomson's composite long poem *The Seasons* 1730 1744 1746 its generically hybrid make up and its relationship to established genres both Classical and modern The textual condition of the work is complicated by the fact that it started as a stand alone poem Winter 1726 but was subsequently expanded as part of a revision process that lasted almost two decades through the addition of three further seasons poems Transforming from primarily devotional poem to georgic account of the role of man's laboring role in the creation the meaning of *The Seasons* shifted with each addition of new material Each revision introduced diverse subject matter while existing material was reorganized and occasionally moved from one season installment to another *The Genres of Thomson's The Seasons* is the first collection of essays exclusively devoted to the study of the work's formal heterogeneity polyvocality and polygeneric character All contributions examine the different modes descriptive reflective pastoral hymnal amatory epic georgic dramatic discourses political sentimental scientific and kinds that cooperate to make up the different installments and variants of *The Seasons* They probe the multifarious interactions between different genres and modes and how a renewed focus on the form of Thomson's long poem will result in an understanding of the processual character of *The Seasons* as a synthesizing simulacrum of various discourses and theories of composition The

volume s essays map the generic anatomy of the poem in its different incarnations They shed light on the poet s conception of the descriptive long poem and his engaging with formal traditions that would have enabled contemporaneous readers to conceive of *The Seasons* as an assimilating and learned work to be read through both the works of the Classics and moderns Contributions revisit models explaining the structural complexity of *The Seasons* proposing others in their stead and consider Thomson as the author of a long poem in relation to other poets both English and in a transnational study Swedish The poem is furthermore contextualized in terms of sexuality and animal studies

*Lamenting the Pandemic Season* Gwendolyn Carole Tipton, 2023-02-24 Gwendolyn Carole Tipton believes that King David kept a journal that became part of the Psalms He wrote of his sorrow pain joy gratefulness and concluded each message with words of praise to God *Lamenting the pandemic season* is her book of Psalms Like King David Tipton s journal examines the events of the day with myriad observations and aspirations During the pandemic she wrote about things happening in her and others lives that fostered abrupt changes in their comings and goings and emotional feelings about how to simply be still Throughout this book the author puts forth numerous Bible verses to validate her belief in God s covenant with us and present prayers of supplication petitioning God for help and intervention Our lives are changing and we are not at the helm of the transformation Journaling will help us get through today the days ahead and remember the past

*Head of All Years* Jonathan Ben-Dov, 2008-11-30 Rather than being an isolated primitive body of knowledge the Jewish calendar tradition of 364 days constituted an integral part of the astronomical science of the ancient world This tradition attested in the Dead Sea Scrolls and in the Pseudepigrapha stands out as a coherent novel synthesis representing the Jewish authors apocalyptic worldview The calendar is studied here both from within analyzing its textual manifestations and from without via a comparison with ancient Mesopotamian astronomy This analysis reveals that the calendrical realm constituted a significant case of inter cultural borrowing pertinent to similar such cases in ancient literature Special attention is given to the Book of Astronomy 1 Enoch 72 82 and a variety of calendrical and liturgical texts from Qumran
