Gooden , 2021-12-15 Seasons of Summerland is a collection of twelve short stories one for every month of the year Beginning with January the darkest and coldest time of year the reader will travel through each month in turn Some of the selected works are light full of the wonder of Christmas as a child or a first kiss Others are dark and gritty with the finality of death or the heartbreak of a true love lost But in every ending there is a new beginning Just like with a year itself the darkness will inevitably melt away with the arrival of the light of spring and the warmth of summertime May the magic of the stories within these pages transport you to a land where it is always summer

Trees for Everyone - Easy Tree Studies for All Seasons of the Year Julia Ellen Rogers, 2015-02-15 It was late April when I came by As I looked up into that tree top the sunlight was shining through and at first I thought I must be dreaming Instead of buds I saw what seemed like lighted candles each with a silken frill like the recurved petals of an iris below the tip of flame I had never seen a tree thus illuminated and the sight was enchanting The warm spring air had brought out the hickory buds with those of other trees and while I was looking for flowers on the ground the buds above had swollen cast off the winter covers revealing the silky inner wrappings of the young shoots The rich downward curving petals were only the inner scales of the great buds grown long and wide their vivid orange setting off the compact yellow buds that still stood erect I had never seen a hickory tree opening its iris like buds before but I have never missed it since

From Chapter 1

and recipes to incorporate magic into daily life Examples include Creating a Personal Pentagram of Intent Working with a Manifestation Box Spell Ring the Ancestral Bell Creating an Energy Ball Spell Unclutter the Mind     *Space(s) of the Fantastic* David Punter, C. Bruna Mancini, 2020-12-29 This book provides a series of new addresses to the enduring problem of how to categorize the Fantastic The approach taken is through the lens of spatiality the Fantastic gives us new worlds although of course these are refractions of worlds already in being In place of real spaces whatever they might be the Fantastic gives us imaginary spaces although within those spaces historical and cultural conflicts are played out albeit in forms that stretch our understanding of everyday location and our usual interpretations of cause and effect Many authors are addressed here from a variety of different geographical and national traditions thus demonstrating how the Fantastic as a mode a genre a way of thinking imagining and writing continually traverses borders and boundaries We hope to move the ongoing debate about the Fantastic forward in a scholarly as well as an engaging way     **The New Witches** Aaron K.H. Ho, 2021-07-09 After Charmed ended in 2006 witches were relegated to sidekicks of televisual vampires or children s programs But during the mid 2010s they began to resurface as leading characters in shows like the immensely popular The Chilling Adventures of Sabrina the Charmed reboot Salem American Horror Story Coven and the British program A Discovery of Witches No longer sweet feminine domestic and white these witches are powerful diverse and transgressive representing an intersectional third wave feminist vision of the witch Featuring original essays from noted scholars this is the first critical collection to examine witches on television from the late 2010s Situated in the aftermath of the MeToo movement essays examine the reemergence and shifting identities of TV witches through the perspectives of intersectional gender studies hauntology politics morality monstrosity violence queerness disabilities rape ecofeminism linguistics family and digital humanities     *The Chronicles of Narnia* Clive Staples Lewis, 1998 Journeys to the end of the world fantastic creatures and epic battles between good and evil     **New Directions in Children's Gothic** Anna Jackson, 2017-03-27 Children s literature today is dominated by the gothic mode and it is in children s gothic fictions that we find the implications of cultural change most radically questioned and explored This collection of essays looks at what is happening in the children s Gothic now when traditional monsters have become the heroes when new monsters have come into play when globalisation brings Harry Potter into China and yaoguai into the children s Gothic and when childhood itself and children s literature as a genre can no longer be thought of as an uncontested space apart from the debates and power struggles of an adult domain We look in detail at series such as The Mortal Instruments Twilight Chaos Walking The Power of Five Skulduggery Pleasant and Cirque du Freak at novels about witches and novels about changelings at the Gothic in China Japan and Oceania and at authors including Celia Rees Frances Hardinge Alan Garner and Laini Taylor amongst many others At a time when the energies and anxieties of children s novels can barely be contained anymore within the genre of children s literature spilling over into YA and adult literature we need to pay attention Weird things are happening and they matter     **The Witch's Guide to Life**
