Attack on Taranto Thomas P. Lowry,John Wellham,2017-09-15 On November 11 1940 21 slow canvas covered British warplanes launched from the carrier *Illustrious* attacked the harbor at the Italian port of Taranto and put most of the Italian navy out of commission This all but forgotten operation the authors argue deserves historical recognition as an inspirational precedent for the Japanese raid on Pearl Harbor 13 months later Taranto demonstrated that battleships in a shallow heavily defended harbor could be sunk by a handful of torpedo bombers That lesson Adm Isoroku Yamamoto commander in chief of the Japanese fleet learned well while the American military virtually ignored it By this single stroke the balance of naval power in the Mediterranean was decisively altered Winston S Churchill

Stranded in the Sky Philip Jett,2023-05-16 From the author of *Taking Mr Exxon* and *The Death of an Heir* comes the untold story of four luxury airliners trapped in the Pacific Ocean on and after the Day of Infamy In the first week of December

1941 four Pan American Airways System Pan Am flying clippers the largest and most lavish transpacific airliners in the world took off from the North American West Coast loaded with wealthy and affluent passengers on their way to exotic destinations On December 7 1941 the Imperial Japanese Navy Air Service executed a surprise coordinated attack against the US naval base at Pearl Harbor Within hours Midway Atoll Wake Island Guam and Manila all of which were refueling stops for these Pan Am flying clippers were targeted and bombed by the same Japanese forces that had devastated Pearl Harbor Stranded within the vast boundaries of the Pacific Ocean these civilian airlines were unexpectedly at risk of being captured or shot down by Japanese military The assault on Pearl Harbor removed any possibility for US military assistance and the attack of the refueling stations made it impossible for these airlines to refuel their depleting gas tanks Alone and unreachable Pan Am crews and their frightened passengers were left with no choice but to make their own way across the volatile Pacific Ocean where neither land air nor sea could promise safety and do their best to survive if they could **To Ascend from a**
