Eclectic Magazine John Holmes Agnew, Walter Hilliard Bidwell, 1868 Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1901 *Who Sang What on Broadway, 1866-1996* Ruth Benjamin, Arthur Rosenblatt ,2025-10-01 Hours of lost sleep with a tune running around one s head and that voice Whose is it and from which Broadway production Debates over a performer s repertoire devolving into acid arguments blows traded friendships torn asunder Must the maddening question of exactly who sang just what continue It cannot and thanks to this book it shall not This massive compendium lists alphabetically every performer who sang on Broadway in the role of a named character earning mention in the program of a musical or revue Covering the period of 1866 to 1996 it is an invaluable guide to performances by the well known and the obscure the career stage performers as well as the one timers whose names never again graced a playbill Performers entries include date and place of birth date of death marital status names of performing relatives or partners appearing in the book and brief career highlights Details of specific performances follow the musical the venue or venues at which it played the character and the dates of portrayal the title of the songs performed the lyricists and composers of each song and more Indexes one of show and song titles the other of composers and lyricists allow for easy cross referencing A select bibliography is included Changing Histories Ryôta Nishino, 2011-06-16 The teaching of history in South African and Japanese schools has attracted sustained criticism for the alleged attempts to conceal the controversial aspects of their countries past and to inculcate ideologies favourable to the ruling regimes This book is the first attempt to systematically compare the ways in which education bureaucracy in both nations dealt with opposition and critics in the period from ca 1945 to 1995 when both countries were dominated by single party governments for most of the fifty years The author argues that both South African and Japanese education bureaucracy did not overtly express its intentions in the curriculum documents or in the textbooks but found ways to enhance its authority through a range of often subtle measures A total of eight themes in 60 officially approved Standard 6 South African and Japanese middle school history textbooks have been selected to demonstrate the changes and continuity This work hopes to contribute to the existing literature of comparative history by drawing lessons that would probably not have emerged from the study of either country by itself The dissertation won a publication prize at Georg Eckert Institute for Textbook Research *University Magazine* ,1839 **Guide to the Tuba Repertoire, Second Edition** R.
