Polish Literature as World Literature Piotr Florczyk, K. A. Wisniewski, 2022-12-15 This carefully curated collection consists of 16 chapters by leading Polish and world literature scholars from the United States Canada Italy and of course Poland An historical approach gives readers a panoramic view of Polish authors and their explicit or implicit contributions to world literature Indeed the volume shows how Polish authors from Jan Kochanowski in the 16th century to the 2018 Nobel laureate Olga Tokarczuk have engaged with their foreign counterparts and other traditions active participants in the global literary network and the conversations of their day The volume features views of Polish literature and culture within theories of world literature and literary systems with a particular attention paid to the resurgence of the idea of the physical book as a cultural artifact This perspective is especially important since so much of today's global literary output stems from Anglophone perceptions of what constitutes literary quality and tastes The collection also sheds light on specific issues pertaining to Poland such as the idea of Polishness and global phenomena including social and economic advancement as well as ecological degradation Some of the authors discussed like the Romantic poet Adam Mickiewicz or the 1980 Nobel laureate Czeslaw Milosz were renowned far beyond the borders of their country while others like the contemporary travel writer and novelist Andrzej Stasiuk embrace regionalism seeing as they do in their immediate surroundings a synecdoche of the world at large Nevertheless the picture of Polish literature and Polish authors that emerges from these articles is that of a diverse cosmopolitan cohort engaged in a mutually rewarding relationship with what the late French critic Pascale Casanova has called the world republic of letters *Handbook of British Literature and Culture of the First World War* Ralf Schneider, Jane Potter, 2021-09-20 The First World War has given rise to a multifaceted cultural production like no other historical event This handbook surveys British literature and film about the war from 1914 until today The continuing interest in World War I highlights the interdependence of war experience the imaginative re creation of that experience in writing

and individual as well as collective memory In the first part of the handbook the major genres of war writing and film are addressed including of course poetry and the novel but also the short story furthermore it is shown how our conception of the Great War is broadened when looked at from the perspective of gender studies and post colonial criticism The chapters in the second part present close readings of important contributions to the literary and filmic representation of World War I in Great Britain All in all the contributions demonstrate how the opposing forces of focusing and canon formation on the one hand and broadening and revision of the canon on the other have characterised British literature and culture of the First World War

World Literature Today ,1989 **Rosamond Lehmann and Her Critics** Wendy Pollard, 2017-11-28 This study of contemporary and later critical responses to the work of the novelist Rosamond Lehmann 1901 1990 offers an original approach to twentieth century literary history by foregrounding the cultural and commercial fields in which Lehmann s writing was situated Wendy Pollard examines the effect recent developments in literary theory and movements from modernism to feminism have had on Lehmann s literary reception She also considers the interpolation of a damning third category between te and popular culture namely middlebrow a widening gender divide in readership controversies within book reviewing changes in the publishing world and the introduction of popularist means of book marketing While considering the general privileging of male authors from the 1920s to the 1950s Lehmann s most prolific period Pollard argues that her novels have been unfairly subjected to specific forms of neglect and their exclusion from many academic comparative studies is due to a diversity of form and content that can also be considered their strength *Women Writing in India: 600 B.C. to the early twentieth century* Susie J.
