Written for library managers and training leaders, *A Complete Guide to Training Library Staff* presents a comprehensive lifecycle for staff development with a focus on tools and techniques to build a sustainable training program, set staff up for success in their positions, and develop a positive and supportive community across the library. Authors Emily Leachman and A. Garrison Libby spearheaded their library's movement to largely online trainings which are inclusive of staff at all branch locations. This practical guidebook helps managers and trainers develop a comprehensive plan that allows new staff to quickly become acquainted with the operations of the library, provides ongoing training to make staff aware of new procedures and services, and creates a collaborative and supportive training environment to empower staff to learn and lead. *Routledge Library Editions: Education Mini-Set B: Curriculum Theory 15 vol set* Various, 2021-12-02. Topics cross over from finance to staff development to politics and governance to innovation. This is an excellent varied set for any education management bookshelf. *Instructor*, 1967. **School Library Makerspaces in Action** Heather Moorefield-Lang, 2018-03-05. Contributions from authors around the world address the needs of most all readers, including how to provide the staff training necessary for a successful makerspace. Each chapter is written from an author's personal experience and with only a little fine-tuning and imagination, many of these ideas can be used throughout all levels, disciplines, and subjects in K-12 education and carry over into higher education.
