Looking Glasses And Neverlands Lacan Desire And Subjectivity In Childrens Literature:

Looking Glasses and Neverlands Karen Coats, 2004-04 A Choice Outstanding Academic Title This groundbreaking study introduces and explores Lacan's complex theories of subjectivity and desire through close readings of canonical children's books such as Charlotte's Web, Stellaluna, Holes, Tangerine, and The Chocolate War, providing an introduction to an increasingly influential body of difficult work while making the claim that children's textual encounters are as significant as their existential ones in constituting their subjectivities and giving shape to their desires *Looking Glasses and Neverlands: Lacan, Desire and Subjectivity in Children's Literature* Karen Coats, 2004

The Oxford Handbook of Children's Literature Julia Mickenberg, Lynne Vallone, 2012-11-29 Remarkably well researched the essays consider a wide range of texts from the U.S., Britain, and Canada and take a variety of theoretical approaches including formalism and Marxism and those related to psychology, postcolonialism, reception, feminism, queer studies, and performance studies This collection pushes boundaries of genre, notions of childhood Choice Back cover of book

Robinson Crusoe after 300 Years Andreas K. E. Mueller, Glynis Ridley, 2021-04-16 There is no shortage of explanations for the longevity of Defoe's Robinson Crusoe which has been interpreted as both religious allegory and frontier myth with Crusoe seen as an example of the self-sufficient adventurer and the archetypal colonizer and capitalist Defoe's original has been reimagined multiple times in legions of Robinsonade or castaway stories but the Crusoe myth is far from spent This wideranging collection brings together eleven scholars who suggest new and unfamiliar ways of thinking about this most familiar of works and who ask us to consider the enduring appeal of Crusoe more recognizable today than ever before

The Early Reader in Children's Literature and Culture Jennifer Miskec, Annette Wannamaker, 2015-12-22 This is the first volume to consider the popular literary category of Early Readers books written and designed for children who are just beginning to read independently It argues that Early Readers deserve more scholarly attention and careful thought because they are for many younger readers their first opportunity to engage with a work of literature on their own to feel a sense of mastery over a text and to experience pleasure from the act of reading independently Using interdisciplinary approaches that draw upon and synthesize research being done in education, child psychology, sociology, cultural studies, and children's literature the volume visits Early Readers from a variety of angles as teaching tools, as cultural artifacts that shape cultural and individual subjectivity, as mass-produced products sold to a niche market of parents, educators, and young children, and as aesthetic objects, works of literature, and art with specific conventions Examining the reasons such books are so popular with young readers as well as the reasons that some adults challenge and censor them the volume considers the ways Early Readers contribute to the construction of younger children as readers, thinkers, consumers, and as gendered, raced, classed subjects It also addresses children's texts that have been translated and sold around the globe, examining them as part of an increasingly transnational children's media culture that may add to or supplant regional, ethnic, and national children's literatures and cultures While

this collection focuses mostly on books written in English and often aimed at children living in the US it is important to acknowledge that these Early Readers are a major US cultural export influencing the reading habits and development of children across the globe

The Hidden Adult Perry Nodelman, 2008-09-30 What exactly is a children's book How is children's literature defined as a genre A leading scholar presents close readings of six classic stories to answer these questions and offer a clear definition of children's writing as a distinct literary form Perry Nodelman begins by considering the plots themes and structures of six works The Purple Jar Alice in Wonderland Dr Doolittle Henry Huggins The Snowy Day and Plain City all written for young people of varying ages in different times and places to identify shared characteristics He points out markers in each work that allow the adult reader to understand it as a children's story shedding light on ingrained adult assumptions and revealing the ways in which adult knowledge and experience remain hidden in apparently simple and innocent texts Nodelman then engages a wide range of views of children's literature from authors literary critics cultural theorists and specialists in education and information sciences Through this informed dialogue Nodelman develops a comprehensive theory of children's literature exploring its commonalities and shared themes The Hidden Adult is a focused and sophisticated analysis of children's literature and a major contribution to the theory and criticism of the genre

Boys in Children's Literature and Popular Culture Annette Wannamaker, 2012-09-10 Boys in Children's Literature and Popular Culture proposes new theoretical frameworks for understanding the contradictory ways masculinity is represented in popular texts consumed by boys in the United States The popular texts boys like are often ignored by educators and scholars or are simply dismissed as garbage that boys should be discouraged from enjoying However examining and making visible the ways masculinity functions in these texts is vital to understanding the broad array of works that make up children's culture and form dominant versions of masculinity Such popular texts as Harry Potter Captain Underpants and Japanese manga and anime often perform rituals of

subject formation in overtly grotesque ways that repulse adult readers and attract boys They often use depictions of the abject threats to bodily borders to blur the distinctions between what is outside the body and what is inside between what is I and what is not I Because of their reliance on depictions of the abject those popular texts that most vigorously perform exaggerated versions of masculinity also create opportunities to make dominant masculinity visible as a social construct

Childhood and Innocence in American Culture James M. Curtis,2023-08-01 This collection argues that the romanticized conflation of childhood and innocence in American culture has been on a steady decline at least since the 1960s largely due to postmodern critiques of overarching narratives involving both the child and the innocence of childhood Additionally this collection highlights and analyzes examples of children s literature and culture throughout the 20th century and into the 21st which pointedly defy traditional idealized notions of childhood Such an analysis serves to reiterate the idea that the romanticized notion of childhood which has pervaded American culture for over two centuries is little more than a cultural construction that bears little to no resemblance to the actual lived experience of American children

Bringing Up War-Babies Amanda Jones,2018-08-06 The figure of the wartime child in the mid twentieth century unsettles and disturbs This book employs a range of material biographical literary and historical to chart some of the surprising and unanticipated crossovers between women s writing and early psychoanalysis in the years of the Second World War and the decades before and after This volume includes examples of children s adventure fiction as well as works written for adult audiences and important and previously unrecognized similarities are noted The war was a disruptive influence in the lives of all who lived through it Although active self censorship is observed in the behaviour and attitudes of adults at this time this book demonstrates how fictional children are able to articulate feelings such as anxiety and fear that

adults were under pressure to conceal or to repress and at times the figure of the wartime child becomes a surrogate for the writer herself or her suppressed fears and anxiety When peace returned this study finds women writers quick to identify and communicate a discomfiting new ambivalence between parents and children Mothers in Children's and Young Adult Literature Lisa Rowe Fraustino, Karen Coats, 2016-05-05 Winner of the Children's Literature Association's 2018 Edited Book Award Contributions by Robin Calland Lauren Causey Karen Coats Sara K Day Lisa Rowe Fraustino Dorina K Lazo Gilmore Anna Katrina Gutierrez Adrienne Kertzer Kouen Kim Alexandra Kotanko Jennifer Mitchell Mary Jeanette Moran Julie Pfeiffer and Donelle Ruwe Living or dead present or absent sadly dysfunctional or merrily adequate the figure of the mother bears enormous freight across a child's emotional and intellectual life Given the vital role literary mothers play in books for young readers it is remarkable how little scholarly attention has been paid to the representation of mothers outside of fairy tales and beyond studies of gender stereotypes This collection of thirteen essays begins to fill a critical gap by bringing together a range of theoretical perspectives by a rich mix of senior scholars and new voices Following an introduction in which the coeditors describe key trends in interdisciplinary scholarship the book's first section focuses on the pedagogical roots of maternal influence in early children's literature The next section explores the shifting cultural perspectives and subjectivities of the twentieth century The third section examines the interplay of fantasy reality and the ethical dimensions of literary mothers The collection ends with readings of postfeminist motherhood from contemporary realism to dystopian fantasy The range of critical approaches in this volume will provide multiple inroads for scholars to investigate richer readings of mothers in children's and young adult literature Handbook of Research on Children's and Young Adult Literature Shelby Wolf, Karen Coats, Patricia Enciso, Christine Jenkins, 2011-04-27 This multidisciplinary handbook pulls together in one volume the research on children's and young adult literature which is currently scattered across three intersecting disciplines education English and library and information science *Beyond Babar* Sandra L.
