Marlene Dumas Selected Works:

Marlene Dumas Marlene Dumas, Marlene Van Niekerk, 2005 This book contains numerous colour plates and illustrations of works on paper **Marlene Dumas: Myths & Mortals** Marlene Dumas, 2019-06-18 Marlene Dumas's works respond more than ever to the uncertainty and sensuality of the painting process itself Allowing the structure of the canvases and the materiality of the paint greater freedom to inform the development of her compositions the artist has likened the creation of these works to the act of falling in love an unpredictable and open ended process that is as filled with awkwardness and anxiety as it is with bliss and discovery *Myths Mortals* documents a selection of paintings debuted in the spring of 2018 at David Zwirner New York ranging from monumental nude figures to intimately scaled canvases that present details of bodily parts and facial features Several nearly ten foot tall paintings focus on individual figures including a number of male and female nudes and a seemingly solemn bride whose expression is obscured behind a floor length veil Like the Greek gods and goddesses the figures in these paintings are at once larger than life and overwhelmingly human The smaller scale paintings referred to by the artist as erotic landscapes present a variety of fragmentary images eyes lips nipples or lovers locked in a kiss Evident across all of these works is the artist's uniquely sensitive treatment of the human form and her constantly evolving experimentation with color and texture Alongside these paintings Dumas presents an expansive series of thirty two works on paper originally created for a Dutch translation of William Shakespeare's narrative poem *Venus Adonis* 1593 by Hafid Bouazza 2016 *Myths Mortals* is accompanied by new scholarship on the artist by Claire Messud and a text by Dumas herself *David Zwirner: 25 Years* Richard Shiff, Robert Storr, 2018-10-23 Published on the occasion of the twenty five year anniversary of David Zwirner this book paints a picture of the gallery's growth and development through the lens of the artists that have shaped it Since its founding in 1993 David Zwirner has above all else been guided by its artist centric ethos Beginning with the gallery's early days on Greens Street in SoHo to its transition and expansion to Chelsea London the Upper East Side and Hong Kong this book captures David Zwirner's devotion to its inimitable roster of artists and estates The heart of the publication is a wide ranging dynamic selection of the gallery's standout exhibitions in many cases handpicked by David Zwirner himself Many of these exhibitions highlight the countless works that ended up in major museum and private collections around the world Also featured is an extensive gallery history that details all of the exhibitions by every artist and estate presented at David Zwirner accompanied by archival imagery With contributions by Richard Shiff and Robert Storr as well as a foreword by David Zwirner this publication offers rare insights into the growth of a commercial gallery through its long term commitment to artists *Richard Shiff: Writing After Art* Richard Shiff, 2023-05-16 A broad and deep anthology of critic and art historian Richard Shiff's most influential writings which have shaped our understanding of twentieth and twenty first century art Elegantly designed as intended for broad readership including art historians art critics artists among other lovers of art this volume is a must read experience with pleasure and discovery Phong Bui *The Brooklyn Rail* In his

Art in the

Offertorium Harvey Giesbrecht, Charles Levin, 2012-01-01 This book proposes a new approach to the problem of aesthetic experience in Western culture Noting how art world phenomena evoke conventional psychoanalytic speculations about narcissism the authors turn the tables and apply aesthetic questions and concerns to psychoanalytic theory Experimenting with Freudian and post Freudian concepts they propose a non normative theory of the psychic drive to address and embrace deep tensions in the post Renaissance aesthetic project the rise of modernism and the contemporary art world It is argued that these tensions reflect central conflicts in the development of patriarchal civilization which the emergence of the aesthetic domain as a specialized range of practice exposes and subverts The postmodern era of aesthetic reflection is

interpreted as the outcome of a complex narcissistic dialectic of idealization and de idealization that is significant for the understanding of contemporary culture and its historical prospects The Artistic Sphere Roger D.
