Marlene Dumas Suspect:

Marlene Dumas. Suspect. Ediz. italiana e inglese Marlene Dumas, Gianni Romano, 2003 Dumas cultivated a unique position within the world of figurative painting beginning with expressive drawings of human figures powerful figurative works that explore themes of gender identity sexual and ethnic violence and oppression In the paintings there is always clear interplay between image and spectator her models give the impression of observing rather than being observed Suspect the title of this exhibition and catalog is just as wonderfully ambiguous the show undermines preconceived notions about victims and executioners while adding to the pool of doubt the idea that these images themselves might be suspect The catalog features Dumas recent works as well as a series created specifically for her exhibition The book includes a long interview with the artist and a collection of her writings

Marlene Dumas Dominic van den Boogerd, 2009-11-25 Marlene Dumas work is widely admired for its emotionally charged portrayal of the human figure and its potent combination of drama humor and sexuality Born in South Africa in 1953 and based in Amsterdam Dumas is a highly skilled painter s painter her work comments on the state of painting today while asking what it means to be a woman working within the predominantly male genre of Expressionist art Dumas s work is collected and exhibited internationally and since the publication of the first edition of this book her following has continued to grow This revised edition with a new essay by Ilaria Bonacossa and new writings by Dumas has been expanded by 80 pages to include the artist s most recent work
