the pastor's private collection or his own preparation. Some who stress liberty in prayer and preaching dislike set forms preferring spontaneity and a free style as they worship. If the spiritual vitality of a church is maintained there need be no fear that these forms will become lifeless rituals. The use of forms should never become merely formal. And if the use of forms adds beauty and dignity to the atmosphere of sacredness who can object? May the blessing of God attend all who glean from this manual enabling it them to know what to say and how to say it. This is made also for allowing them to know what to do and how to do it especially as the occasion requires. Gratitude is expressed to many pastors and contributors for this volume. [Subject Guide to Books in Print](#), 1996. *Handbook of Marriage and the Family* Marvin B. Sussman, Suzanne K. Steinmetz, Gary W. Peterson, 2013-06-29 To know where we are going as scholars educators and practitioners in the field of marriage and family life we first need to know where we have been. A perusal of early texts on marriage and family life provides some thought provoking insights into the accuracy of the saying what goes around comes around. It is interesting to note who has been considered to be in a position to provide information on marriage and family life. Included in the eclectic collection of texts we reviewed were ministers whose focus was on spirituality doctors who emphasized medical aspects of child and adult health and public health professionals and home economists concerned with fighting disease who emphasized cleanliness order fighting germs and eliminating rodents and insects. There are also philosophers who drew from ancient texts when discussing family life and a count who assembled a group of German intellectual elites to address various topics. An insightful essay of this type is by Marta Karlweis 1926 in which she notes There is no other fetish that society holds to so firmly as the conception woman with all its usual associations of infantilism and dependence. The child requires protection is a minor and consequently a serf but above all it possesses no spiritual existence. Neither doctorates or other distinctions nor the right to vote have as yet been able to dispel this sweet idea of the childishness of woman which man cherishes.
