Children and Childhood in Roman Italy Beryl Rawson, 2003 Concepts of childhood and the treatment of children are often used as a barometer of society's humanity values and priorities *Children and Childhood in Roman Italy* argues that in Roman society children were in principle and often in practice welcome valued and visible There is no evidence directly from children themselves but we can reconstruct attitudes to them and their own experiences from a wide variety of material art and architecture artefacts funerary dedications Roman law literature and public and private ritual There are distinctively Roman aspects to the treatment of children and to children's experiences Education at many levels was important The commemoration of children who died young has no parallel in earlier or later societies before the twentieth century This study builds on the dynamic work on the Roman family that has been developing in recent decades Its focus on the period between the first century BCE and the early third century CE provides a context for new work being done on early Christian societies especially in Rome

Augustus and the Family at the Birth of the Roman Empire Beth Severy, 2004-02-24 In this lively and detailed study Beth Severy examines the relationship between the emergence of the Roman Empire and the status and role of this family in Roman society The family is placed within the social and historical context of the transition from republic to empire from Augustus rise to sole power into the early reign of his successor Tiberius *Augustus and the Family at the Birth of the Roman Empire* is an outstanding example of how if we

The Family in Late Antiquity Geoffrey Nathan,2002-01-08 The Family in Late Antiquity offers a challenging well argued and coherent study of the family in the late Roman world and the influence of the emerging Christian religion on its structure and value Before the Roman Empire s political disintegration in the west enormous political religious and cultural changes took place in the period of late antiquity This book is the first comprehensive study of the family in the later Roman Empire from approximately 300 AD to 550 AD Geoffrey Nathan analyses the classical Roman family as well as early Christian notions of this most basic unit of social organisation Using these models as a contextual backdrop he then explores marriage children domestic servitude and other familial institutions in late antiquity He brings together a diverse collection of sources transcending traditional studies that have centred on the legal record

The Oxford Handbook of Social Relations in the Roman World Michael Peachin,2011 The study of Roman society and social relations blossomed in the 1970s By now we possess a very large literature on the individuals and groups that constituted the Roman community and the various ways in which members of that community interacted There simply is however no overview that takes into account the multifarious progress that has been made in the past thirty odd years The purpose of this handbook is twofold On the one hand it synthesizes what has heretofore been accomplished in this field On the other hand it attempts to configure the examination of Roman social relations in some new ways and thereby indicates directions in which the discipline might now proceed The book opens with a substantial general introduction that portrays the current state of the field indicates some avenues for further study and provides the background necessary for the following chapters It lays out what is now known about the historical development of Roman society and the essential structures of that community In a second introductory article Clifford Ando explains the chronological parameters of the handbook The main

body of the book is divided into the following six sections 1 Mechanisms of Socialization primary education rhetorical education family law 2 Mechanisms of Communication and Interaction 3 Communal Contexts for Social Interaction 4 Modes of Interpersonal Relations friendship patronage hospitality dining funerals benefactions honor 5 Societies Within the Roman Community collegia cults Judaism Christianity the army and 6 Marginalized Persons slaves women children prostitutes actors and gladiators bandits The result is a unique up to date and comprehensive survey of ancient Roman society Childhood, Class and Kin in the Roman World Suzanne Dixon, 2005-08-19 An international collection of experts go beyond the usual cannon of literary texts and assess a vast range of evidence inscriptions burial data domestic architecture sculpture and the law
