Reading Through Matthew, Encountering God William Burch, 2010-11 *Reading Through Matthew Encountering God* is the first book by William Burch. He was born in North Hollywood, California, in 1971, the second of 2 sons born to James and Rosa Burch. In 1977, the Burch family moved to Daleville, Alabama, where the author grew up and later attended Auburn University in Auburn, Alabama. William served in the United States Army before moving to Texas and completing his Bachelor's Degree at the University of North Texas in Denton, Texas. The author went on to attend Southwestern Baptist Theological Seminary in Fort Worth, Texas, completing a Master of Divinity Degree. William has served in a number of churches as a teacher, lay leader, and staff member. This book fulfills his long-held desire and passion for writing. In the future, the author envisions continuing his ministry in both writing and church ministry. God teaches and speaks to people through the Bible. This book will teach and inspire Christians to read the Bible and respond with their lives. In *Reading Through Matthew Encountering God*, I demonstrate my method of Bible reading journaling and prayer. This Dynamic Bible Reading, as I call it, involves reading a small Bible passage and journaling the believer's interaction with that passage through three distinct sections: 1. Scripture Insight: the meaning of the passage; 2. Application: how to apply the meaning to life; and 3. Prayer: seeking God's guidance in living out what the passage teaches. To best draw the meaning of Scripture into our lives, we must read it, work through its meaning, and begin to practice it in life. This book helps to develop these skills. Once gained, I hope each reader will pass this book on to someone else who might benefit from it.

Paid Sexual Encounters among Men Timothy F. Murphy,2025-08-14 This book analyzes the ethics of men buying and selling sex to one another It gathers in one place key ethical and legal issues that bear on the justification for the criminalization of male prostitution At present prostitution the solicitation or offer of paid sexual encounters is criminalized in virtually the entire United States Male prostitution is poorly studied across academic disciplines and this book represents the first sustained ethical analysis of the topic First it shows that paid sexual encounters among men belong on a spectrum of transactional sexual relationships and that many of their features are not distinctive in a way that justifies condemnation It shows as well that the sexuality involved men having sex with men does not involve relationships that are immoral in a way that might justify criminalization The book also demonstrates that men buying and selling sexual encounters can consent in morally meaningful ways without reinforcing status inequality Finally the book reviews key constitutional law cases to show that a certain interpretation of the relationship between the law and morality justifies decriminalization of male prostitution *Paid Sexual Encounters among Men* will appeal to scholars and graduate students working in applied ethics the philosophy of sex and gender sociology and law

Encountering the Sacred Rebecca Todd Peters,Grace Yia-Hei Kao,2018-12-27 Many women of faith are interested in having deep conversations with their friends and

families about issues they face in their personal lives Unfortunately there is a dearth of feminist and theologically progressive materials for these women to turn to for counsel or advice Simultaneously there are a growing number of theologically trained biblical scholars theologians and ministers who are experiencing similar life challenges but who are generally discouraged from writing about these experiences in ways that would be accessible to the general public This book bridges the chasm between Christian laywomen and feminist theologians For the last fifty years feminist theologians have sought to reimagine Christian theology in ways that speak to the realities and complexities of women s lives They have also sought to use women s experience as the starting point for theological reflection in the same way that men s lives have shaped the history of Christian theology for the past 2000 years In this book feminist Christian scholars of theology and religion use the tools of their trade to examine powerful personal life experiences and to search for new and empowering ways of understanding the power of the sacred as they have experienced it
