Marriage, Morals, and Sex in America

A History of Ideas

Sidney Ditzion

"If you want to know how men felt
about women and women felt about
men over the years in America,
here is the record."
—*New York Times*

Marriage Morals And Sex In America A History Of Ideas

Joanne Findon

Marriage Morals And Sex In America A History Of Ideas:

Marriage, Morals and Sex in America Sidney Herbert Ditzion, 1975 *Marriage, Morals, and Sex in America* Sidney Ditzion, 2017-11-24 Excerpt from *Marriage Morals and Sex in America A History of Ideas* In every instance actors on the reform stage made certain to connect their emphasis with some set of intellectual social or political principles Many placed their ideological wares on sale in the public market while they themselves lived privately in accordance with socially accepted patterns of sexual behavior They wrote essays and lectured to audiences but did nothing about their grievances and suggestions The account of such persons will consist of placing their ideas in the context of the period in which they lived Biographical details will cast light upon the circumstances attending the birth of their ideas Alongside the theoreticians there were the bold practitioners like the Oneida Perfectionists and free love anarchists who acted out the ideas they advanced The pages devoted to these will naturally savor more of life and less of printer's ink One remarkable similarity about practically all of these reform movements was that a large portion of their efforts was directed toward creating an equitable balance of power between the sexes plus a more satisfying expression of sexuality for both sexes When apparently identical ideas appeared in the context of separate reform movements they were in actuality distinct as to logic and flavor but related in that they pursued a common objective In brief whatever their political humanitarian medical faddist or religious complexions these many reformers have been contributors to the feminist cause *Marriage Morals and Sex in America* is therefore a complete story of the woman's rights movement of the struggle to achieve human rights for a sexual minority About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Marriage, morals and sex in America. A history of ideas. Expanded edition, with a new chapter by the author* Sidney Herbert DITZION, 1969 ***Marriage, Morals, and Sex in America*** Sidney Herbert Ditzion, 1969 *Marriage, Morals, and Sex in America; a History of Ideas [by] Sidney Ditzion. Expanded Ed., with a New Chapter by the Author* Sidney Herbert Ditzion, *Radical Spirits* Ann Braude, 2020-05-25 Braude has discovered a crucial link between the early feminists and the spiritualists who so captured the American imagination Los Angeles Times In *Radical Spirits* Ann Braude contends that the early women's rights movement and Spiritualism went hand in hand Her book makes a convincing argument for the importance of religion in the study of American women's history In this new edition Braude discusses the impact of the book on the scholarship of the last decade and assesses the place of religion in interpretations of women's history in general and the women's rights movement in particular A review of current scholarship

and suggestions for further reading make it even more useful for contemporary teachers and students It would be hard to imagine a book that more insightfully combined gender social and religious history together more perfectly than *Radical Spirits* Braude still speaks powerfully to unique issues of women s creativity spiritual as well as political in a superb account of the controversial nineteenth century Spiritualist movement Jon Butler Howard R Lamar Professor Emeritus of American Studies History and Religious Studies at Yale University Continually rewarding *The New York Times Book Review* A fascinating well researched and scholarly work on a peripheral aspect of the rise of the American feminist movement *Library Journal* A vitally important book that has influenced a generation of young scholars Marie Griffith associate director of the Center for the Study of Religion Princeton University An insightful book and a delightful read *Journal of American History*

The Utopian Alternative Carl J. Guarneri, 2018-07-05 The utopian socialism of Charles Fourier spread throughout Europe in the mid nineteenth century but it was in the United States that it generated the most intense excitement In this rich and engaging narrative Carl J Guarneri traces the American Fourierist movement from its roots in the religious social and economic upheavals of the 1830s through its bold communal experiments of the 1840s to its lingering twilight after the Civil War *Early American Women Dramatists, 1775-1860* Zoe Detsi-Diamanti, 1998 Noting that the variation between the playwrights can be as great as between men and women and acknowledging that her subjects are limited to a narrow class and race population Detsi Diamanti the cultural and historical specificity of women playwrights of the period and the interrelationship between their dramatic efforts and the formation of an American national and literary identity Her major themes are metaphors of freedom industrial capitalism and gender perspective and ideology **Early American Women Dramatists, 1780-1860** Zoe Desti-Demanti, 2018-10-24 First published in 1999 Although contemporary feminist criticism has mainly focused upon American women playwrights of the twentieth century women there is evidence that a feminist tradition rooted deep in the nationalistic and democratic impulses of the American nation existed more than a hundred years before these women started writing It may come as a surprise to some readers that a significant but overlooked number of women playwrights vitally contributed to the development of early American drama This study covers the period between 1775 and 1860 a time when American men and women struggled to define themselves and their place in response to the radical economic and institutional transformations which characterized that period Based on the assumption that women s experience of the world differs from men s the author tries to show that the plays of my study are sites of gender inscriptions as well as collective evidence that late eighteenth and nineteenth century men and women were affected differently by the economic political and social changes that were taking place in America at that time **Seeking Our Eden** Joanne Findon, 2015-02-06 One woman s dreams of establishing a utopian colony and her fight for women s equality
