

CATHERINE FELLOWS

The Marriage Masque

Marriage Masque

David Lindley

Marriage Masque:

A Book of Masques Gerald Eades Bentley, 1967-04-02 The English court masque was one of the most extravagant and spectacular forms of entertainment ever produced the most important period being between 1600 and 1640 when the writers included some of the best known poets and dramatists of the age This volume first published in 1967 was the first selection of masques to be published in England in the twentieth century It consists of fourteen masques each specially edited with an introduction and commentary by a different scholar including Ben Jonson James Shirley Samuel Daniel Thomas Campion Francis Beaumont William Browne Thomas Middleton Thomas Nabbes and William Davenant Professor Gerald Eades Bentley examines the masque as Jonson conceived it and the clash that took place between Jonson and his collaborator as designer Inigo Jones There is also a final essay on the influence of the masque on the drama of the period A group of 48 plates has been prepared many of them reproducing designs by Inigo Jones

Marriage, Performance, and Politics at the Jacobean Court Kevin Curran, 2016-05-06 Marriage Performance and Politics at the Jacobean Court constitutes the first full length study of Jacobean nuptial performance a hitherto unexplored branch of early modern theater consisting of masques and entertainments performed for high profile weddings Scripted by such writers as Ben Jonson Thomas Campion George Chapman and Francis Beaumont these entertainments were mounted for some of the most significant political events of James s English reign Here Kevin Curran analyzes all six of the elite weddings celebrated at the Jacobean court reading the masques and entertainments that headlined these events alongside contemporaneously produced panegyrics festival books sermons parliamentary speeches and other sources The study shows how collectively wedding entertainments turned the idea of union into a politically versatile category of national representation and offered new ways of imagining a specifically Jacobean form of national identity by doing so

A TRUE AND EXACT CATALOGUE OF ALL THE PLAYS, 1732

Thomas Campion David Lindley, 2023-08-21 **Staging Spectatorship in the Plays of Philip Massinger** Joanne Rochester, 2017-03-02 The playwrights composing for the London stage between 1580 and 1642 repeatedly staged plays within and other metatheatrical inserts Such works present fictionalized spectators as well as performers providing images of the audience stage interaction within the theatre They are as much enactments of the interpretive work of a spectator as of acting and as such they are a potential source of information about early modern conceptions of audiences spectatorship and perception This study examines on stage spectatorship in three plays by Philip Massinger head playwright for the King s Men from 1625 to 1640 Each play presents a different form of metatheatrical inset from the plays within of *The Roman Actor* 1626 to the masques within of *The City Madam* 1632 to the titular miniature portrait of *The Picture* 1629 moving thematically from spectator interpretations of dramatic performance the visual spectacle of the masque to staged readings of static visual art All three forms present a dramatization of the process of examination and allow an analysis of Massinger s assumptions about interpretation perception and spectator response

The Italian World of English Renaissance Drama A. J.

Hoenselaars,1998 It is widely accepted that English Renaissance drama owes its extraordinary richness and variety to the blending of elements originating from the medieval heritage and classical and Italian dramatic traditions This grafting of the Italian world onto the English Renaissance goes far beyond the conventional research of the literary sources The articles in this collection explore English Renaissance drama through new and challenging aspects of influence and through investigations into classical and Italian theater The volume moves from early Elizabethan to late Jacobean drama The area of research ranges from New Classical Comedy to commedia erudita from the Renaissance theory of tragedy and tragicomedy to the birth of pastoral drama and beyond

Court and Country Politics in the Plays of Beaumont and Fletcher Philip J. Finkelpearl,2014-07-14 The seventeenth century English collaborative authors Francis Beaumont and John Fletcher were not only the most popular playwrights of their day but also literary figures highly esteemed by the great critics of the age Jonson and Dryden Concentrating on the passions of the royalty and high nobility in a courtly atmosphere their dramas are now usually seen as epitomizing a decadent turn in theater at the end of the Jacobean period Philip Finkelpearl sets out to change this view by revealing the subtle political challenges contained in the plays and by showing that they criticize rather than exemplify false values The result is a wholly new conception of this pair of dramatists and of the entire question of the relationship between the Crown and the theater in their time Finkelpearl presents new biographical material revealing that Beaumont and Fletcher had good and sufficient reasons to be critical of the court and the king and he shows that their most important works especially *The Knight of the Burning Pestle* *Philaster A King and No King* and *The Maid s Tragedy* have such criticism as a central concern *Court and Country Politics in the Plays of Beaumont and Fletcher* offers much information on the nature of the public and private theaters at which these plays were presented and on Jacobean censorship The book is an impressive explanation of why Beaumont and Fletcher were a central force in the Age of Shakespeare Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

British Drama 1533-1642: A Catalogue Martin Wiggins,Catherine Richardson,2012-09-13 Volume 3 covers the years 1590 1597 and sees the start of Shakespeare s career as a dramatist

The Fairy Way of Writing Kevin Pask,2013-10-15 In *The Fairy Way of Writing* Kevin Pask seeks to explain the origins and popularity of enchantment in Shakespeare s plays Writers John Dryden and Joseph Addison originated the phrase fairy way of writing to define the concept of an English creative imagination founded on a synthesis of high literary culture and the popular culture of tales and superstitions Beginning with Chaucer Johnson Dryden and Milton Pask argues that the fairy way of writing not only sets the stage for the fairy tale the Gothic novel and children s literature but also informs genres beyond

the English canon including painting twentieth century fantasy fiction and French fairy tales Publisher website **Elizabeth I** Susan Frye, 1996-11-28 Elizabeth I is perhaps the most visible woman in early modern Europe yet little attention has been paid to what she said about the difficulties of constructing her power in a patriarchal society This revisionist study examines her struggle for authority through the representation of her female body Based on a variety of extant historical and literary materials Frye's interpretation focuses on three representational crises spaced fifteen years apart the London coronation of 1559 the Kenilworth entertainments of 1575 and the publication of *The Faerie Queene* in 1590 In ways which varied with social class and historical circumstance the London merchants the members of the Protestant faction courtly artists and artful courtiers all sought to stabilize their own gendered identities by constructing the queen within the natural definitions of the feminine as passive and weak Elizabeth fought back acting as a discursive agent by crossing and thus disrupting these definitions She and those closely identified with her interests evolved a number of strategies through which to express her political control in terms of the ownership of her body including her elaborate iconography and a mythic biography upon which most accounts of Elizabeth's life have been based The more authoritative her image became the more vigorously it was contested in a process which this study examines and consciously perpetuates

This is likewise one of the factors by obtaining the soft documents of this **Marriage Masque** by online. You might not require more time to spend to go to the book commencement as competently as search for them. In some cases, you likewise get not discover the declaration Marriage Masque that you are looking for. It will extremely squander the time.

However below, following you visit this web page, it will be hence utterly easy to acquire as well as download lead Marriage Masque

It will not bow to many get older as we explain before. You can attain it while decree something else at house and even in your workplace. so easy! So, are you question? Just exercise just what we meet the expense of below as without difficulty as evaluation **Marriage Masque** what you next to read!
