individual make use of latent potentials and approach life's challenges with greater care and purpose. By understanding the karmic patterns reflected in the horoscope, it is possible to work with these tendencies and potentials to promote greater peace, prosperity, and happiness in life. The light that is shed on a dire personal situation by Vedic Astrology is priceless. The ancient Vedic system provides a predictive system that can accurately predict life events and different chapters of life called Dasha. In Vedic Astrology, the palm is used as a support and cross reference to the astrological chart. From the palm, the relative strength of the planets in the birth chart can be determined. It also helps in rectifying the horoscope if there is some doubt about the birth time. And it provides the astrologer with additional information about personality, life potentials, future trends, and events. The timing of life events is calculated with a detailed system of planetary time cycles called Dasha. There is no equivalent system in Western astrology. Vedic astrology provides a greater scope, depth, and accuracy for predicting the future. Given an accurate birth time, the Dasha system can precisely show when a period of fortune or misfortune will begin and end, and provide actual dates. Of two people with wonderful careers, great relationship potential, and wealth indicated in their charts, one may find his niche early in life, while the other must experience difficult times to finally achieve prosperity later in life. The Vedic system can indicate the timing of such events, as well as their extent. It uses the Moon's position as the starting point against the background of a Nakshatra in calculations of the planetary periods within the 120-year potential lifespan. The principles governing Vedic astrology have remained unaltered for thousands of years. Vedic astrology acknowledges only nine planets, such as Sun, Moon, Mercury, Venus, Mars, Jupiter, Saturn, and the two nodes of the Moon called Rahu and Ketu.

The Purpose for the Passion Lawrence Grott, 2019-04-16 Have you ever asked yourself why God created marriage with its biblical definition Growing up I've just accepted the fact it's a natural part of life for most adults Through a combination of communication and observation over the years I've learned it's a preferential environment to raise children Coming from a Catholic background prior to getting saved I was taught that you needed to get married to have sex and it not be a sin Being saved I obviously still agree with these things However being in agreement with something doesn't tell me why it's the way it is Is there a deeper meaning to our day to day view of marriage The answer to that question is a resounding yes This question put me on the path of discovery through the study of scripture Finding the Gospel of Christ tucked away within biblical marriages and noticing the specific roles given to husbands and wives are revelatory concerning the relationship between Jesus and the church The biblical marriages we read about in our Bibles speak to every aspect of Christ You'll be surprised to discover modern Christian marriages speak of Christ the same way This book isn't a counselor's guide to teach you how to walk out your marriage Although I'm not married I desire to and will be one day It's a revelation of our husband Jesus Christ from a perspective we normally don't have That we realize our Christian marriages are prophetic of Christ's Second Coming and marriage to the church and take our responsibilities more seriously This book is for the single person as much as it's for those who are already married because we're all Christ's bride By reading this book I'm positive it'll have a profound effect on your life and walk with Jesus Christ If you would like to learn more or have Lawrence come and speak at your church conference or
