Cultural Sociology of Divorce Robert E. Emery, 2013-01-24 While the formal definition of divorce may be concise and straightforward legal termination of a marital union dissolving bonds of matrimony between parties the effects are anything but particularly when children are involved The Americans for Divorce Reform estimates that 40 or possibly even 50 percent of marriages will end in divorce if current trends continue Outside the U S divorce rates have markedly increased across developed countries Divorce and its effects are a significant social factor in our culture and others It might be said that a whole divorce industry has been constructed with divorce lawyers and mediators family counselors support groups etc As King Henry VIII's divorces showed divorce has not always been easy or accepted In some countries divorce is not permitted and even in Europe countries such as Spain Italy Portugal and the Republic of Ireland legalized divorce only in the latter quarter of the 20th century This multi disciplinary encyclopedia covers curricular subjects related to divorce as examined by disciplines ranging from marriage and the family to anthropology social and legal history developmental and clinical psychology and religion all through a lens of cultural sociology Features 550 signed entries A to Z fill 3 volumes 1 500 pages in print and electronic formats offering the most detailed reference work available on issues related to divorce both in the U S and globally Cross References and Further Readings guide readers to additional resources A Chronology provides

students with context via a historical perspective of divorce In the electronic version the comprehensive Index combines with Cross References and thematic Reader s Guide themes to provide convenient search and browse capabilities For state and nation entries uniform entry structure combined with an abundance of statistics facilitates comparison between and across states and nations Appendices provide further annotated sources of data and statistics *Day-Care for Healthy Child Development and Wider Social and Economic Gain in Urban Areas in Low- and Middle Income Countries* Helen Elsey, Patricia Kitsao-Wekulo, Robert C. Hughes, Margaret Nampijja , Paula Griffiths, Shagoofa Rakhshanda , George Evans Owino, 2024-06-26 Rapid urbanization in low and middle income countries LMICs has triggered a childcare crisis As families move to the city they leave behind extended family and traditional support networks parents and guardians particularly mothers are working long hours outside the home often in informal and unstable jobs In response to the increasing demand a range of informal private and NGO providers have sprung up to provide day and sometimes night care Governments are struggling to respond and the care for children in the early years frequently falls between ministries The combination of these factors in LMIC cities has left children from low income families with substandard childcare which poses a threat to their immediate and long term health and development **UCLA Women's Law Journal** ,2014
