Mars Isaway From Shelter:

Mars Is...Away from Shelter P. S. Rain, 2000-05 The year is 2051 Every probe sent to reconnoiter up close of Candor Canyon Mars has failed Accidents NASA Director Ken Hsu thinks not Suspecting a sinister hand he surreptitiously re directs the latest probe sent to Mars from its destined mission plan toward Candor where it finds an anomaly an ancient structure not wrought by natural random processes DoD immediately steps in to investigate much to the chagrin of President Diane Keynes who worries not only about the ever increasing influence DoD exerts over space exploration but also fears any semblance of catastrophe will sink her re election bid in the coming year Blinded by ambition and her hatred for Chairman of the Joint Chiefs of Staff Henry Santos she is unaware of an odious danger much closer to her than a dead alien ruin on Mars much more present and quite alive threatening her administration her sanity and her life Though tough strong willed and astute she needs help Will she get it before it s too late At risk is more than her singular life All humanity on Earth could suffer should she fail **Rescue Mode** Ben Bova, Les Johnson, 2014-05-16 Gritty and scientifically accurate science fiction adventure from New York Times best selling author Ben Bova and NASA space scientist Les Johnson The first human mission to Mars meets with near disaster when a meteoroid strikes the spacecraft almost destroying it The ship is too far from Earth to simply turn around and return home The eight person crew must ride their crippled ship to Mars while they desperately struggle to survive On Earth powerful political forces that oppose human spaceflight try to use the accident as proof that sending humans into space is too dangerous to continue The whole human space flight program hangs in the balance And if the astronauts can t nurse their ship to Mars and back the voyagers will become either the first Martian colonists or the first humans to perish on another planet At the publisher s request this title is sold without DRM Digital Rights Management About Mars Inc The Hugo winner returns to his most popular subject the quest for Mars Publishers Weekly About the award winning novels of Ben Bova Technically accurate and absorbing Kirkus Bova is the science fiction author who will have the greatest effect on the world Ray Bradbury A masterful storyteller Vector Gives a good read while turning your eyes to what might be in the not so distant future just like Clarke and Asimov used to do so well SFX **A Son of Mars** St. George Rathborne, 1897 **The Mars Experiment** Paul C. Vinci, 2012-12 The setting is the year 2034 Man s first landing onto the mysterious red planet is about to take place As preparations for the touchdown on Mars go into full swing a mix of military personnel and scientists are working together They wish to not only ensure the mission is a success but that it fulfills man s expectations and dreams of what Earth s eternally silent neighbor can mean to life in the universe and will surpass man s desire to uncover its secrets as well The author has daydreamed about Mars since he was 10 years old when he first saw the red planet through his brother s telescope He has always been inspired by astronomy and a love of science fiction bringing all the excitement of a young boy s creativity to The Mars Experiment Author Paul C Vinci s current dream is to live long enough to see mankind safely land on Mars He lives in the small town of Rocky Hill Connecticut Vinci holds degrees in
