Donna Cassidy

Marsden Hartley:

Marsden Hartley Donna Cassidy, 2005 A provocative new reading of the great American avant garde artist Marsden Hartley's late work **Marsden Hartley**, 1961 **Late Works of Marsden Hartley** Marsden Hartley, 1967 Marsden Hartley, 1877-1943 Marsden Hartley, Karen Wilkin, 1985 Marsden Hartley Barbara Haskell, 1980 Catalogue of a retrospective exhibition of the early 20th century artist's paintings Marsden Hartley's Maine Donna M. Cassidy, Elizabeth Finch, Randall R. Griffey, 2017-03-13 Marsden Hartley had a lifelong personal and aesthetic engagement with Maine where he was born in 1877 and where he died at age sixty six As an important member of the artistic circle promoted by Alfred Stieglitz Hartley began his career by painting the mountains of western Maine He subsequently led a peripatetic life traveling throughout Europe and North America and only occasionally visiting his native state By midlife however his itinerant existence had taken an emotional toll and he confided to Stieglitz that he wanted so earnestly a place to be Finally returning to the state in his later years he transformed his identity from urbane sophisticate to the painter from Maine But while Maine has played a clear and defining role in Hartley's art not until now has this relationship been studied with the breadth and richness it warrants p p1 margin 0 0px 0 0px 0 0px font 14 0px Verdana Marsden Hartley's Maine is the first in depth discussion of Hartley's complex and shifting relationship to his native state Illustrated with works from throughout the painter's career it provides a nuanced understanding of Hartley's artistic range from the exhilarating Post Impressionist landscapes of his early years to the late roughly rendered paintings of Maine and its people The absorbing essays examine Hartley's view of Maine as a place of light and darkness whose spirit imbued his art which encompassed buoyant coastal views mournful mountain vistas and portraits of Mainers An illustrated chronology provides an overview of Hartley's life juxtaposing major personal incidents with concurrent events in Maine's history For Hartley who was strongly influenced by such artists as Paul C zanne Winslow Homer and Albert Pinkham Ryder Maine was an enduring source of inspiration one powerfully intertwined with his past his cultural milieu and his desire to create a regional expression of American modernism **Marsden Hartley** Townsend Ludington, 1998 A penetrating biography Ludington offers a psychological portrait of an intense contradictory scornful but gentle man who transcended his nineteenth century roots in Lewiston Maine to view Europe as his home and to make a distinctive contribution to modernism Kirkus Reviews Drawing on Hartley's letters and other writings as well as on the correspondence and reminiscences of the artist's friends Ludington traces the restless career of the painter Hartley had troubled friendships with some of the most important artists and writers of his day Gertrude Stein William Carlos Williams Fairfield Porter Eugene O'Neill Georgia O'Keeffe and others His relationship with Alfred Stieglitz who supported him financially and exhibited his work runs like a leitmotif through the book and indicates Hartley's character demanding touchy often ungrateful but also compelling This frank and unsentimental account of a life of contradictions and paradoxes returns one to the artist's paintings with a fresh eye Publishers

WeeklyMarsden Hartley 1877 1943 had a virtually unique role as a modernist painter He was notable not only for his powerful canvases but for his poetry and essays Townsend Ludington s astute portrait of the artist focuses upon his cosmopolitan sensibility in a generation melding modern art with an American tradition of mystical idealism Ludington views Hartley as an essential American artist embarked on a spiritual odyssey Robert Taylor Boston Globe **Marsden Hartley** Marsden Hartley,Michael Kohn Gallery,1990 Marsden Hartley, 1908-1942 Marsden Hartley,1984 **Marsden Hartley** Elizabeth McCausland,1952 Marsden Hartley was first published in 1952 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Art connoisseurs and students who are becoming increasingly aware of the importance of Marsden Hartley in an understanding of modern art will welcome this book It contains a biographical and critical essay on the artist and his work a checklist of items in the Hudson D Walker collection of Hartley s works a biography of writings by and about Hartley a chronology of his life and halftone reproductions illustrating his development as an artist The illustrations are taken from works in the Walker collection which is on long term loan to the University of Minnesota Gallery
