Women's Utopian and Dystopian Fiction Sharon R. Wilson, 2014-07-18

Women's Utopian and Dystopian Fiction explores the genres of utopian and dystopian recent fiction It is about how this literature of both imagined perfection and disaster creates new worlds and critiques gender roles traditions and values Essays range in subject matter from Charlotte Perkins Gilman P D James Joanna Russ and Marge Piercy to Ursula Le Guin Fay Weldon and Toni Morrison Two of the three sections focus on Doris Lessing and Margaret Atwood Examining especially the twentieth century including second wave feminism writers from Tunisia Turkey Italy Korea the US and England give both an historical and a global perspective Utopian and dystopian elements are explored in the Nobel Prize winning Doris Lessing's *Memoirs of a Survivor* the little known Mara and Dann and *The Cleft* and new perspectives are offered on Atwood's *The Handmaid's Tale* **Blessed Events** Pamela E. Klassen, 2021-06-08

Blessed Events explores how women who give birth at home use religion to make sense of their births and in turn draw on their birthing experiences to bring meaning to their lives and families Pamela Klassen introduces a surprisingly diverse group of women in their own words while also setting their birth stories within wider social political and economic contexts In doing so she emerges with a study that disrupts conventional views of both childbirth and religion by blurring assumed divisions between conservative and feminist women and by taking childbirth seriously as a religious act Most American women who have a choice give birth in a hospital and request pain medication Yet enough women choose and advocate unmedicated home birth and do so for carefully articulated reasons social resistance among them to constitute a movement Klassen investigates why women whose religious affiliations range from Old Order Amish to Reform Judaism to goddess centered spirituality defy majority opinion the medical establishment and sometimes the law to have their babies at home In considering their interpretations including their critiques of the dominant medical model of childbirth and their views on labor pain she examines the kinds of agency afforded to or denied women as they derive religious meanings from childbirth Throughout she identifies tensions and affinities between feminist and traditionalist appraisals of the symbolic meaning of birth and the power of women What does home birth a woman centered movement working to return birth to women's control mean in practice for women's gender and religious identities Is this supreme valuing of procreation and motherhood constraining or does it open up new realms of

cultural and social power for women By asking these questions while remaining cognizant of religion s significance Blessed Events challenges both feminist and traditionalist accounts of childbearing while broadening our understanding of how religion is lived in contemporary America Second Chance a Western Adventure R. Hess,2014-02-12 In the spring of 1896 Rachael just shy of her twentieth birthday boards a train destined to a remote cattle ranch in Oregon for a prearranged employment position An arrangement made by a guilt ridden wife who could no longer tolerate her husband s forceful adulterous actions upon their young housemaid Seizing the opportunity of his wife s intervention he demands that Rachael take his two young illegitimate children with her on her journey west if she wants her father to remain alive Traveling west from Brockport New York Rachael undertakes her first assignment from her new boss the ranch owner She will be required to transact business in a man s world by overseeing the loading of supplies and freight along the train route Her third business stop Rock Springs Wyoming brings her face to face with four members of her new employer three brothers and the ranch foreman Overwhelmed she unconsciously turns to one brother for security beginning his commitment to her During the next decade of hard work Rachael struggles to bury her past Her new family the Prestons and their bunkhouse crew give her an optimistic appreciation of life as she learns there are no social boundaries in the West By including her in all the daily trials and tribulations of ranch life cattle roundups hunting procuring and preserving their food supply expanding families and celebrating holidays Rachael learns to live and trust again She receives her second chance
