Malcolm X, African American Revolutionary Dennis D. Wainstock, 2008-11-10 This biography though it covers his early life and adulthood focusses most prominently on Malcolm X's final years which were largely dominated by his departure from the Nation of Islam and his conflict with Elijah Muhammad Throughout the author addresses a number of lingering issues including the role of fellow prisoner John Elton Bembry in Malcolm's prison conversion whether Malcolm decided to leave the Nation of Islam before he was suspended by Elijah Muhammad whether he was seeking martyrdom and the extent of the role that government agencies played in Malcolm X's assassination in 1965

The debate on black civil rights in America Kevern Verney, 2024-01-16 This book examines the historiography of the African American freedom struggle from the 1890s to the present It considers how and why the study of African American history developed from being a marginalized subject in American universities and colleges at the start of the twentieth century to become one of the most extensively researched fields in American history today There is analysis of the changing scholarly interpretations of African American leaders from Booker T Washington through to Barack Obama The impact and significance of the leading civil rights organizations are assessed as well as the white segregationists who opposed them and the civil rights policies of presidential administrations from Woodrow Wilson to Donald Trump The civil rights struggle is also discussed in the context of wider political social and economic changes in the United States and developments in popular culture

Violence in the Black Imagination Ronald T. Takaki,1993-07-01 1992 has been an explosive year for racial relations in the United States from the reactions to the Rodney King verdict to debate about Malcolm X and the film portrayal of his role in American history What relations do the recent events in Los Angeles have to the Watts Riots in 1965 Violence in the Black Imagination shows that these recent events force us to understand the history of racism in America and its legacy of antagonism and violence Ronald T Takaki presents three short novels of major African American leaders in the nineteenth century Frederick Douglass the leading black abolitionist Martin Delany the father of black nationalism and William Wells Brown a pioneer of the black novel The novels are accompanied by substantive essays which provide both biographical information on the author and explore the common theme of their work the issue of black revolutionary violence in antebellum America The work includes a new preface which examines the 1992 South Central Los Angeles racial explosion in relationship to Martin Luther King Jr Malcolm X and the 1965 Watts Riot **Southern Labor in Transition, 1940-1995**

Christianity on Trial Mark L. Chapman,2006-02-02 Since slavery times African American religious thinkers have struggled to answer this question Is Christianity a source of liberation or a source of oppression In a study that reviews representative thinkers over the last fifty years Mark Chapman reviews the variety of ways that African Americans have addressed this problem and how it has informed their work and lives Beginning with Benjamin Mays the leading Negro theologian of the post World War II period Chapman explores the critical implications of this question right up to the present day The pivotal turning point in this period is the emergence of the Black Power movement in the 1960s Sparked in part by the challenge of the Black Muslims for whom Christianity was simply the white man s religion inherently racist and

oppressive the era of Black Power saw the rise of militant Black theologies as well After analyzing the work of the Muslim Elijah Muhammad Chapman turns to the pioneering work of Black theologians Albert Cleage and James H Cone Chapman demonstrates the differences but also uncovers surprising lines of continuity between the older Negro theologians and the later Black theologians particularly in their efforts to uncover the truly liberative potential of Christianity Christianity on Trial concludes by exploring the recent emergence of womanist theology As articulated by Delores S Williams and other African American women womanist theology challenges not only the patriarchal aspects of historical Christianity but the same limitations in previous Black theologies
