Moser,2012-03-02 Michael Merlino lives a charmed life with a successful career beautiful wife and beloved son until his dear father passes away then things turn strange Michael cant seem to shake this weird feeling but maybe he just misses his dad his mentor He ignores the feeling that something is wrong One day he accidentally kills a stray cat a sad but everyday sort of accident he doesnt give it much thought When another cat appears in Michaels life however it makes him wonder whether the stray cat really died and whether cats actually do have nine lives as the saying goes But this isnt your normal stray kitty This cat is out for revenge Its spirit wants something from Michael but what When a man has everything to lose however its much easier to make it happen especially when that man is up against what appears to be a supernatural enemy As Michael begins to face his own demons via a demon cat that wont die his work begins to slide His life at home gets more difficult even with his wife there to support him Then there was that note his father left that told Michael to drive it What did the note mean Could it possibly have been a warning The mystery must be solved as the reincarnated cat keeps getting bigger and meaner threatening not just Michaels life but his soul in the bargain Matching Minds with Sondheim Barry Joseph,2025-10-02 By near universal consensus Stephen Sondheim was the greatest musical theater composer of his generation celebrated among other things for the wit sophistication and intricacy of shows from West Side Story to Sunday in the Park with George But a less well known avenue for his brilliance was his lifelong fascination with designing and constructing intricate puzzles and games from treasure hunts to crosswords to parlor and board games Matching Minds with Sondheim is a journey into this rich but largely unmapped aspect of the composer s creative life illuminating how Sondheim s playful designs delivered moments of clarity and connection for friends colleagues and anyone who s ever been captivated by his genius This book opens for the first time the door into what Sondheim called his puzzler s mind helping readers to better understand the man his work and if they accept the challenge themselves Gaming expert Barry Joseph draws from over eighty years of Sondheim

s activities including extremely rare and never publicly seen puzzles and game designs scores of original interviews with the celebrity friends who played them archival deep dives and illuminating analysis from both puzzle designers and theater professionals from around the world Packed with illustrations and insights this book does more than describe Sondheim s life in puzzles It allows readers to match minds with the maestro by attempting to solve his puzzles and bring Sondheimian games into their own homes
