Marvin D. Cone and Grant Wood Joseph S.

Czestochowski,1989 *Grant Wood's Secrets* Sue Taylor,2020-02-03 Incorporating copious archival research and original close readings of American artist Grant Wood's iconic as well as lesser known works *Grant Wood's Secrets* reveals how his sometimes anguished psychology was shaped by his close relationship with his mother and how he channeled his lifelong oedipal guilt into his art Presenting Wood's abortive autobiography *Return from Bohemia* for the first time ever Sue Taylor integrates the artist's own recollections into interpretations of his art As Wood dressed in overalls and boasted about his beloved Midwest he consciously engaged in regionalist strategies performing a farmer masquerade of sorts In doing so he also posed as conventionally masculine hiding his homosexuality from his rural community Thus he came to experience himself as a double man This book conveys the very real threats under which Wood lived and pays tribute to his resourceful responses which were often duplicitous and have baffled art historians who typically take them at face value Grant Wood R. Tripp Evans,2010-10-05 He claimed to be the plainest kind of fellow you can find There isn't a single thing I've done or experienced said Grant Wood that's been even the least bit exciting Wood was one of America's most famous regionalist painters to love his work was the equivalent of loving America itself In his time he was an almost mythical figure recognized most supremely for his hard-boiled farm scene *American Gothic* a painting that has come to reflect the essence of America's traditional values a simple decent homespun tribute to our lost agrarian age In this major new biography of America's most acclaimed and misunderstood regionalist painter Grant Wood is revealed to have been anything but plain or simple R Tripp Evans reveals the true complexity of the man and the image Wood so carefully constructed of himself Grant Wood called himself a farmer painter but farming held little interest for him He appeared to be a self-taught painter with his scenes of farmlands farm workers and folklore but he was classically trained a sophisticated artist who had studied the Old Masters and Flemish art as well as impressionism He lived a bohemian life and painted in Paris and Munich in the 1920s fleeing what H L Mencken referred to as the booboisie of small town America We see Wood as an artist haunted and inspired by the images of childhood by the complex relationship with his father stern pious the manliest of men with his sister and his beloved mother Wood shared his studio and sleeping quarters with his mother until her death at seventy-seven he was forty-four We see Wood's homosexuality and how his studied masculinity was a ruse that shaped his work Here is Wood's life and work explored more deeply and insightfully than ever before Drawing on letters the artist's unfinished autobiography his sister's writings and many never before seen documents Evans's book is a dimensional portrait of a deeply complicated artist who became a National Symbol It is as well a portrait of the American art scene at a time when America's Calvinistic spirit and provincialism saw Europe as decadent and artists were divided between red-blooded patriotic men and hothouse

aesthetes Thomas Hart Benton said of Grant Wood When this new America looks back for landmarks to help gauge its forward footsteps it will find a monument standing up in the midst of the wreckage This monument will be made out of Grant Wood s works **Grant Wood** Barbara Haskell,2018-01-01 The social and political climate in which Wood s art flourished bears certain striking similarities to America today as national identity and the tension between urban and rural areas reemerge as polarizing issues in a country facing the consequences of globalization and the technological revolution Wood portrayed the tension and alienation of contemporary experience By fusing meticulously observed reality with fables of childhood he crafted unsettling images of estrangement and apprehension that pictorially manifest the anxiety of modern life

American Printmakers of the Twentieth Century Donald E. Smith,2004 **American Studies** Jack Salzman,1990-05-25 This volume supplements the acclaimed three volume set published in 1986 and consists of an annotated listing of American Studies monographs published between 1984 and 1988 There are more than 6 000 descriptive entries in a wide range of categories anthropology and folklore art and architecture history literature music political science popular culture psychology religion science and technology and sociology *Grant Wood's Studio* Jane Milosch,2005 Examines American Gothic painter Grant Wood s period in Cedar Rapids Iowa describing his studio residence and discussing his body of work including not only his paintings drawings and prints but his work in wood metal and interior design
