Darrow, 1972 **Marx Versus Tolstoy** Clarence Darrow, Arthur Morrow Lewis, 1911 **Marx Versus Tolstoy** Clarence S. Darrow, 2018-01-19 Excerpt from *Marx Versus Tolstoy A Debate* This discussion treats an important question that has received no specific and thorough examination Elsewhere notwithstanding its gravity Mr Darrow is probably the foremost of the American representatives of the non resistance theory and his case is stated in these pages more pointedly and forcibly than in any of his published works The arguments launched against Mr Darrow will I think satisfy the opponents of the non resistance philosophy About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *History Made, History Imagined* David Walter Price, 1999 In this provocative and original study David Price investigates history as a form of poesis the act of making in language and suggests that certain novels can provide the best means of engaging in historical interpretation Contending that the fundamental act of narration itself including the narration of history expresses a system of values Price explores the work of seven contemporary novelists who share a commitment to reexamining history as idea and a refusal to accept history as given Within a theoretical framework based on Friedrich Nietzsche and Giambattista Vico Price investigates how these writers Carlos Fuentes Susan Daitch Salman Rushdie Michel Tournier Ishmael Reed Graham Swift and Mario Vargas Llosa create a discursive space between history and literature a space within which history can be questioned and the making of history explored Through their novels these writers replace the univocal expression of history as a description of what really happened with a polyvocality of competing discourses languages and points of view Price's investigation of three modalities of the poietic novel the history of forgotten possibilities the construction of countermemory and cultural critique and history as myth has far reaching implications for how we read and question the narratives we understand as history By treating the past as a dynamic flow of values rather than a fixed collection of facts *History Made History Imagined* fosters a deeper understanding not only of literature and philosophy but also of history and our relationship to it *The Invention of Marxism* Christina

Morina,2023 The Invention of Marxism shows how a theory of the capitalist system grew into a political philosophy that shaped the history of the twentieth century in extremely destructive as well as productive ways how an idea conquered the world Philosophers of Peace and War W. B. Gallie,1978-02-02 Intellectual eminence apart what did Kant Clausewitz Marx and Engels and Tolstoy have in common Professor Gallic argues that they made contributions to international theory to the understanding of the character and causes of war and of the possibility of peace between nations which were of unrivalled originality in their own times and remain of undiminished importance in ours But these contributions have been either ignored or much misunderstood chiefly because as with all intellectual efforts in unexplored fields they were often imperfectly expressed and were also overshadowed by their author s more striking achievements Professor Gallic has sorted out compared and contrasted criticised and re phrased the teachings of his chosen authors on peace and war **Tolstoy's False Disciple** Alexandra Popoff,2014-11-15 On the snowy morning of February 8 1897 the Petersburg secret police were following Tolstoy s every move and he was always in the company of a man named Chertkov At sixty nine Russia s most celebrated writer was being treated like a major criminal and had abandoned his literary pursuits and become a spiritual mystic angering the Orthodox church and earning both the adimation and ire of his countrymen Tolstoy was recognizable enough with his peasant garb and beard but who was the man who towered over Tolstoy twenty years younger with a cold impenetrable look on his face This man Chertkov was a relative to the Tsars and nephew to the chief of the secret police and represented the very things Tolstoy had renounced class privilege unlimited power and wealth and yet Chertkov fascinated and attracted Tolstoy He would become the writer s closest confidant reading even his diary and at the end of Tolstoy s life Chertkov had him in his complete control preventing him from even seeing his own wife on his deathbed Tolstoy's 'What is Art?' Terry Diffey,2014-08-27 With its demand that works of art be judged according to the their morally didactic content Tolstoy s reviled aesthetics has seemed to exclude from the canon far too many works widely accepted as masterpieces including Shakespeare and Beethoven This book first published in 1985 argues that these are not mere oversights on the part of Tolstoy he knew full well the consequences of his line of reasoning The author contends that even if we disagree with and eventually reject much of what Tolstoy concludes his account of the nature and purpose of art is nevertheless worth consideration Diffey s argument by no means accepts all of What is Art but by suggesting that the work is best interpreted as a counterpoint to the amoral aestheticism prevalent in Russia at the time he does much to restore it to a status deserving attention particularly in today s climate of extreme relativism **Anton Chekhov's Life and Thought** Anton Pavlovich Chekhov,1997 First published in 1973 this collection of Chekhov s correspondence is widely regarded as the best introduction to this great Russian writer Weighted heavily toward the correspondence dealing with literary and intellectual matters this extremely informative collection provides fascinating insight into Chekhov s development as a writer Michael Henry Heim s excellent translation and Simon Karlinsky s masterly headnotes make this volume an essential text for anyone
