America and the Imperialism of Ignorance Andrew Alexander, 2011-10-31 American incomprehension of the outside world has been the chief problem in international affairs since the end of World War II In America and the Imperialism of Ignorance veteran political journalist Andrew Alexander constructs a meticulous case including evidence gleaned from the steady opening up of Soviet archives demonstrating why this is so From starting the Cold War to revisiting unlearned lessons upon Cuba and Vietnam the Middle East has latterly become the arena in which the American foreign policy approach proved wretchedly consistent This has created six decades in which war was not the last resort of diplomacy but an early option and where peace and order breaking out was thought to be the natural conclusion of military intervention Alexander traces this shoot first tendency from 1945 arguing that on a grand scale the Cold War was a red herring in which the US and her proxies set out to counter a Soviet expansionism that never truly existed and that by the time of the George W Bush era the Industrial Military Complex was in office offering little hope of a change in approach Marxism and America Christopher Phelps, Robin Vandome, 2021-06-08 In Marxism and America an accomplished group of scholars reconsiders the relationship of the United States to the theoretical tradition derived from Karl Marx In brand new essays that cover the period from the nineteenth century when Marx wrote for American newspapers to the present when a millennial socialism has emerged inspired by the presidential campaigns of Bernie Sanders the contributors take up topics ranging from memory of the Civil War to feminist debates over sexuality and pornography Along the way they clarify the relationship of race and democracy the promise and perils of the American political tradition and the prospects for class politics today Marxism and America sheds new light on old questions helping to explain why socialism has been so difficult to establish in the United States even as it has exerted a notable influence in American thought **Soviet Survey**, 1960 **Karl Marx's America** R. Lynn Wilson, 2022-09-05 The Colonists who began settling in the United States in the 1600s came here for three main reasons 1 to escape religious persecution 2 to escape repression and 3 for better economic opportunity It is not coincidental the Declaration of Independence and the Constitution of the United States were written to provide us with the unalienable rights of life liberty and the pursuit of happiness Our founding fathers wrote the Constitution to insure the people and not the government had the power It is a hell of a document that is brilliantly written In America's history the Constitution has never been abused as it is being abused today by those who want to turn America into a Marxist nation Abraham Lincoln said America will never be destroyed from the outside If we falter and lose our freedoms it will be because we destroyed ourselves Ronald Reagan said Freedom is never more than one generation away from extinction If we lose this way of freedom history

will record with the greatest astonishment that those who had the most to lose did the least to prevent its happening You and I have a rendezvous with destiny We ll preserve for our children this the best hope for man on Earth or we ll sentence them to take the last step into a thousand years of darkness There is no way to get back what we will lose if we lose our traditional American values to Marxist rule because there is no place on Earth like America no place on Earth even comes close When it s gone it s gone Historically throughout the Earth s civilizations it has not been a question of whether a successful culture can last forever but how long it can last What makes us think we will be different *Chinese America: History and Perspectives 1992* , **Marxism and Christianity in Revolutionary Central America** United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Security and Terrorism,1984 **Documentation of Communist Penetration in Latin America** United States. Congress. Senate. Committee on the Judiciary. Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws,1965
