Russia** J. A. Doerig, Hans Kohn, 2013-10 This is a new release of the original 1962 edition *Marx and Education in Russia and China* R. F. Price, 2011-12-08 To many education students Russian and or Chinese education is at the same time their introduction to Marxism and many students go no further This book sets the record straight by giving a thorough introduction to the writings of Marx himself as they relate to education It shows what Marxism implies for education as aim method and content It then proceeds to compare educational developments in the former USSR and China in the light of this analysis attempting to answer the question as to how Marxist this has been in the schools and outside them **Marx's Russian Moment** Vesa Oittinen, 2023-05-17 This book discusses Marx's relations with Russia which have always been ambivalent In his youth and indeed a good way into the 1860s Marx might even be called a Russophobe Around 1870 however his views on Russia undergo a change he becomes acquainted with a new kind of Russian

radical and revolutionary movement and begins to study Russian It becomes clear that Marx begins to feel that Russia is some kind of a touchstone for his theories Offering a new and original interpretation of Marx s theoretical development Marx s Russian Moment analyzes the following themes Marx s concept of ideology as developed in the German Ideology and its fortunes in Russia Marx s encounter with Bakunin and Russian nihilism Marx s and Engels s studies of primitive societies Engels s views of the developmental perspectives of small Slavic nations and Marx s views on Finland the Russian Grand Duchy Considering these topics as case studies Oittinen argues that Marx s encounter with Russia substantially influenced Marx s and Engels s views not just on current political and economic matters but also on a philosophical and methodological level

Marx and the Common Luca Basso,2015-09-29 In *Marx and the Common* Luca Basso provides a detailed reconstruction of the late Marx s connection of the collective dimension of communism and the element of individual realisation Through an original analysis of a vast range of Marx s writings from *Capital* to his political texts and scientific notes the author brings out an articulated historical theoretical landscape in which the notion of individual is intertwined with the ideas of class society and community Rooting his analysis in the revolutionary power of the workers acting in common Basso brings to the fore an anthropological dynamic in Marx irreducible to either liberal individualism or any kind of organicist approach

Late Marx and the Russian Road Teodor Shanin,2019-02-15 Explores Marx s attitude to developing societies Includes translations of Marx s notes from the 1880s among the most important finds of the last century

Karl Marx's Theory of Revolution Vol V Hal Draper,Ernest Haberkern,2010-01-01 Marx and Engels views on war revolution and the relation between the two evolved over time in response to the turbulent political and military history of the nineteenth century The result has been widespread confusion among historians and in the socialist movement The tendency has been to search for quotes which will buttress the writer s own views and exhibit it as what Marx said This book tries to clear up the confusion and misrepresentation
