Marxism, an American Christian Perspective Arthur F. McGovern,1980

World Christianity and Marxism Denis Janz,1998 All the diverse philosophical and political manifestations of Marxism were ultimately rooted in Marx's thought and supporters based their greater or lesser hostilities toward Christianity on their reading of his critique Janz follows this with an overview of Christian responses to Marx extending from the mid 19th century to the onset of the Cold War

Marxism, Christianity, and Islam Julian Roche,2024-02-20 Roger Garaudy was for many years at the centre of the French Communist Party but was eventually expelled for his liberal views In the Seventies he strove to bring Marxism and Christianity together to include all humanity in a project to set all people free What emerges from Garaudy's project is a very modern Marxism with its emphasis on the individual its ecological politics and in its insistence on religion as central to human emancipation Although Garaudy himself became frustrated by the failure of Marxism and converted to Islam eventually resulting in his work being discredited in the West it is certainly possible that Garaudy's project represents a good perhaps even the best starting point for Marxism in today's world

The Spirit of Democratic Capitalism Michael Novak,1991 In this work the author examines the roots of modern democratic capitalism from a theological point of view In his defence of Western capitalism he attempts to reconcile sound faith and sound economics

Marx, Lenin, and the Revolutionary Experience Paul LeBlanc,2014-06-03 Marx Lenin and the Revolutionary Experience offers a fresh look at Communism both the bad and good and also touches on anarchism Christian theory conservatism liberalism Marxism and more to argue for the enduring relevance of Karl Marx and V I Lenin as democratic revolutionaries It examines the Red Decade of the 1930s and the civil rights movement and the New Left of the 1960s in the United States as well Studying the past to grapple with issues of war and terrorism exploitation hunger ecological crisis and trends toward deadening de-spiritualization the book shows how the revolutionaries of the past are still relevant to today's struggles It offers a clearly written and carefully reasoned thematic discussion of globalization Marxism Christianity and religion in general Communism the history of the USSR and US radical and social movements
