Obras completas de Octavio Paz: Miscelánea (v. 1) : primeros escritos Octavio Paz, 1994 Cannibal Translation

Isabel C. Gómez, 2023-05-15 Winner of the 2024 ACLA Harry Levin Prize A bold comparative study illustrating the creative potential of translations that embrace mutuality and resist assimilation Cannibal translators digest recombine transform and trouble their source materials Isabel C. Gómez makes the case for this model of literary production by excavating a network of translation projects in Latin America that includes canonical writers of the twentieth century such as Haroldo and Augusto de Campos Rosario Castellanos Clarice Lispector Jos Emilio Pacheco Octavio Paz and Angel Rama Building on the avant garde reclaiming of cannibalism as an Indigenous practice meant to honorably incorporate the other into the self these authors took up Brazilian theories of translation in Spanish to fashion a distinctly Latin American literary exchange one that rejected normative and Anglocentric approaches to translation and developed collaborative techniques to bring about a new understanding of world literature By shedding new light on the political and aesthetic pathways of translation movements beyond the Global North Gómez offers an alternative conception of the theoretical and ethical challenges posed by this artistic practice Cannibal Translation Literary Reciprocity in Contemporary Latin America mobilizes a capacious archive of personal letters publishers records newspapers and new media to illuminate inventive strategies of collectivity and process such as untranslation transcreation intersectional autobiographical translation and transpeaking The book invites readers to find fresh meaning in other translational histories and question the practices that mediate literary circulation *El acto de las palabras* Enrico Mario Santí, 2016-09-22 Publicado originalmente por el FCE en 1997 El acto de las palabras reúne los ensayos sobre Octavio Paz y las conversaciones que el ganador del Premio Nobel de Literatura en 1990 sostuvo con Enrico Mario Santí En su segunda edición con algunas correcciones puestas al día nuevas reseñas y dos epílogos el libro propone una forma de leer a Paz donde su escritura y vida se entremezclan donde se evidencia la relación de su obra con los movimientos intelectuales y las culturas con los que el escritor mexicano tuvo contacto **Humanities** Lawrence Boudon, 2005-02-01 The one source that sets reference collections on Latin American studies apart from all other geographic areas of the world The Handbook has provided scholars interested in Latin America with a bibliographical source of a quality unavailable to scholars in most other branches of area studies Latin American Research Review Beginning with volume 41 1979 the University of Texas Press became the publisher of the Handbook of Latin American Studies the most comprehensive annual bibliography in the field Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines the Handbook alternates from year to year between social sciences and humanities The Handbook annotates works on Mexico Central America the Caribbean and the Guianas Spanish South America and Brazil as well as materials covering Latin America as a whole Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas The Handbook of Latin American Studies

is the oldest continuing reference work in the field Lawrence Boudon of the Library of Congress Hispanic Division has been the editor since 2000 and Katherine D McCann has been assistant editor since 1999 The subject categories for Volume 60 are as follows Art History including ethnohistory Literature including translations from the Spanish and Portuguese Music Philosophy Latin American Thought *From Art to Politics* Yvon Grenier,2001 This book offers an analysis of Paz s political thought arguing that it is rooted in two separate and often antagonistic traditions Liberalism and Romanticism Grenier shows that Paz s political thought is best approached not so much by looking at the specific positions Paz took in the issues of his day but rather by uncovering the core values at the heart of Paz s political philosophy *From Art to Politics* gives not only a better understanding of Paz s thought but also a discussion of the political culture and democratization of Mexico The book takes a novel look at issues such as the relations between art and politics the role of intellectuals and the penchant of academics for machination theories in the area of art and culture The result is an account of Paz s work that is both more focused and more ambitious than those offered in previous books on Paz s politics *Octavio Paz* Oliver

Kozlarek,2015-07-15 Octavio Paz is one of the most recognized Latin American writers His essays offer a sophisticated critique of global modernity Although his work has advanced many of the arguments that orient our contemporary debates in the social sciences and in philosophy it has hardly ever been seriously taken into consideration in these disciplines The volume suggests that this may have been a mistake Its authors indicate ways in which Paz essays can be read as substantial contributions to the contemporary debates in various fields The aim of this book is to present to a non Spanish speaking audience some of the discussions about Paz offerings to the ongoing debates It also wants to make a clear statement a critique of our contemporary modernity must go hand in hand with a non exclusive intercultural understanding of Humanism

moderno antimoderno Irán Francisco Vázquez Hernández,2017-12-30 El presente libro analiza la postura que Octavio Paz asumi frente al proceso de la modernidad occidental La tesis que sostiene en el interior de sus p ginas es que el Nobel mexicano mantuvo una visi n compleja y cr tica en torno de ese proceso fue a un mismo tiempo un intelectual moderno antimoderno Pienso que no hay otra manera de entender al autor de Los Hijos del Limo cuando se le estudia desde la cr tica cultural El poeta mexicano siempre estuvo en constante tensi n con el fen meno de lo moderno y asumi este reto a trav s de las ambig edades que esta misma circunstancia implica Me parece que en eso reside la ambivalencia en la obra de Octavio Paz como Marx como Nietzsche como Baudelaire el poeta mexicano es al un sono un enemigo y un entusiasta de la

modernidad **Palabras enlazadas** Zsuzsanna Bárkányi, Margit Santosné Blastik, 2020-02-11 **Octavio Paz. Las palabras en libertad** Guadalupe Nettel, 2014-11-03 Octavio Paz Las palabras en libertad recorre el itinerario intelectual y biográfico de uno de los pensadores más importantes del siglo pasado y uno de los poetas hispanoamericanos más destacados de todos los tiempos Escritor diplomático editor e intelectual público De Guadalupe Nettel galardonada con el Premio Antonin Artaud En el centenario del nacimiento de Octavio Paz un leído ensayo sobre la vida y obra del premio Nobel mexicano Octavio Paz sigue definiendo el panorama de las letras y las ideas en México a cien años de su nacimiento La libertad siempre fue una de las preocupaciones centrales del poeta Octavio Paz Para además de un concepto filosófico y político se trata de un acto que debe ejercitarse constantemente El recorrido que propone Guadalupe Nettel tiene por brújula la evolución de la idea de libertad en la obra de Octavio Paz a lo largo de cuatro periodos sus comienzos literarios en nuestro país y el viaje a España durante la guerra civil París y su relación con los surrealistas y la izquierda no alineada su larga estancia en Oriente y por último el regreso definitivo a México A través de este itinerario el libro revisa la relación entre la vida y la obra de Paz entre poesía y política creación y crítica También analiza su condición como figura pública y su político acercamiento con el gobierno mexicano en los años finales de su vida Pues no basta con decir que la obra de Octavio Paz es un producto del siglo XX mexicano de la tradición y de la modernidad hay que añadir que el siglo XX mexicano la tradición y la modernidad también son productos de esa obra Octavio Paz en 1968: el año axial Ángel Gilberto Adame, 2018-09-01 Una antología de cartas y ensayos de Octavio Paz sobre los movimientos estudiantiles que sacudieron a México y el mundo Octavio Paz en 1968 el año axial tiene por objeto mostrar el pensamiento de Octavio Paz en torno a las distintas formas de disidencia juvenil que surgieron en 1968 y en particular aquella que culminó en México con la matanza de Tlatelolco Carlos Fuentes Arnaldo Orfila Vicente Rojo Juan Almela Gerardo Deniz Dore Ashton y Pere Gimferrer son algunos de los interlocutores de Paz que aparecen en esta compilación y que dan cuenta del creciente malestar del poeta con el manejo del gobierno de la protesta estudiantil Las cartas y los ensayos aquí reunidos permiten a los lectores transitar por las distintas etapas de la reflexión crítica de Paz quien ante la evidencia de la represión gubernamental en contra de la juventud mexicana decidió renunciar a su cargo como Embajador en la India nico funcionario del gobierno de Gustavo Díaz Ordaz que tuvo ese gesto de rebeldía moral e intelectual en sintonía con las calles y las plazas de México **Octavio Paz. Las palabras del árbol** Elena Poniatowska, 2022-05-13 Octavio Paz fue uno de los escritores más importantes de la lengua española del siglo XX Su obra es una de las más vastas y diversas de la literatura mexicana Sin embargo poco se ha escrito sobre el hombre detrás de la efigie se es el gran misterio de este libro Elena Poniatowska revela al autor de Piedra de sol a la luz de la amistad que compartieron valiéndose de conversaciones recuerdos cartas y poemas así como de algunas reveladoras entrevistas acerca de la obra y el pensamiento del poeta Este testamento amoroso pero no por ello menos analítico resulta así una obra imprescindible para conocer a Octavio Paz y el contexto histórico e intelectual en el que se desenvolvió **Bibliografía filosófica hispánica (1901-1970)** Gonzalo

Díaz Díaz, Ceferino Santos-Escudero, 1982 Milenio, 2009-07 *Obras reunidas III* Cuesta, Jorge, 2022-03-27 Este tercer y último volumen de las Obras reunidas de Jorge Cuesta está conformado por los títulos Primeros escritos Miscelánea Iconografía Epistolario Cronología Hemerografía y Bibliografía de Jorge Cuesta. El tomo reúne una obra que permaneció dispersa durante varias décadas a pesar de la importancia y singularidad con que se inserta en la literatura hispanoamericana *Habitación con retratos* Guillermo Sheridan, 2016-09 El presente libro sobre la obra y la vida de Octavio Paz poeta animador de revistas hombre público amigo amante esposo padre hijo es la continuación de un volumen anterior Poeta con paisaje Ensayos sobre la vida de Octavio Paz Era 2004 que abarcaba la infancia del poeta su educación y primeras amistades la estancia en Yucatán la boda con Elena Garro el viaje a España durante la Guerra Civil las primeras disputas y crisis ideológicas las temporadas en Estados Unidos y en París hasta mediados de los años cuarenta **Viceversa**, 1999 **Odi et amo** Paz Octavio, 2023-04-03 Pocos escritores de lengua española tuvieron una disciplina epistolar tan intensa y extensa como Octavio Paz miles de cartas a otros escritores a sus amigos a sus editores y desde luego a las mujeres que amó. Además de su lealtad al buzón Paz hizo de la lectura de epistolarios parte de su sistema de curiosidad crítica. Para él las cartas eran una forma superior del diálogo una adecuada sede para la discordia y la concordia un diario compartido y una bitácora íntima de la propia vida. Y le parecía además que en ocasiones las cartas se gradúan al rango de verdaderas obras literarias. Es el caso de las que recoge este libro: las cartas que Paz envió entre 1935 y 1945 a quien llamaba Helena la escritora Elena Garro su primera esposa. Las cartas alumbran los primeros años de una intensa pasión que navegó del fervor del enamoramiento inicial hacia los escollos del tiempo y al final naufragio del desamor. Además de ser un esquema de nuestro espíritu la confesión apasionada pero clara de nuestro corazón como le escribe a Helena estas cartas son también una guía de la formación intelectual del joven poeta y un febril registro de la vida social y política del México de esos años turbulentos Los idilios salvajes Guillermo Sheridan, 2016-09 La importancia y el atractivo de este libro son indudables. Se trata del tercer tomo de la que es muy probablemente la biografía literaria más ambiciosa y cumplida que se haya escrito en México que por añadidura versa sobre quien concebiblemente ha sido el escritor mexicano más universal. Octavio Paz es un mito y fue un admirable mitólogo y mitógrafo. Sheridan lo admira cumplidamente pero su mirada no se vela con el asombro o la insolación o el rencor que afectan a otros. Nos hace el gran favor de mirar fríamente la particular mitología de Paz el complejo sistema crítico que abarca la religión y el arte la antropología y el erotismo la sociedad y la historia Las primeras voces del poeta Octavio Paz, 1931-1938 Anthony Stanton, 2001
