Power In The Church Concilium S:

Political Theories of the Middle Age Otto Friedrich von Gierke,1900 **The Due Right of Presbyteries** Samuel Rutherford,1644 *The Oxford Handbook of Sacramental Theology* Hans Boersma,Matthew Levering,2015-08-06 As a multifaceted introduction to sacramental theology the purposes of this Handbook are threefold historical ecumenical and missional The forty four chapters are organized into the following parts five parts Sacramental Roots in Scripture Patristic Sacramental Theology Medieval Sacramental Theology From the Reformation through Today and Philosophical and Theological Issues in Sacramental Doctrine Contributors to this Handbook explain the diverse ways that believers have construed the sacraments both in inspired Scripture and in the history of the Church s practice In Scripture and the early Church Orthodox Protestants and Catholics all find evidence that the first Christian communities celebrated and taught about the sacraments in a manner that Orthodox Protestants and Catholics today affirm as the foundation of their own faith and practice Thus for those who want to understand what has been taught about the sacraments in Scripture and across the generations by the major thinkers of the various Christian traditions this Handbook provides an introduction As the divisions in Christian sacramental understanding and practice are certainly evident in this Handbook it is not thereby without ecumenical and missional value This book evidences that the story of the Christian sacraments is despite divisions in interpretation and practice one of tremendous hope **To Sanctify the World** George Weigel,2022-10-04 A leading Catholic intellectual explains why the teachings of the Second Vatican Council are essential to the Church s future and the world s The Second Vatican Council 1962 1965 was the most important Catholic event in the past five hundred years Yet sixty years after its opening on October 11 1962 its meaning remains sharply contested and its promise unfulfilled In *To Sanctify the World* George Weigel explains the necessity of Vatican II and explores the continuing relevance of its teaching in a world seeking a deeper experience of freedom than personal willfulness The Council s texts are also a critical resource for the Catholic Church as it lives out its original Christ centered evangelical purpose Written with insight and verve *To Sanctify the World* recovers the true meaning of Vatican II as the template for a Catholicism that can propose a path toward genuine human dignity and social solidarity **Luther Contra Mundum: The Ninety-five Theses and other Major Treaties** Martin Luther,2024-05-09 A new systematic of Luther s works across 7 volumes This volume contains new translations of the following major works A Disputation on the Power of Indulgences The Ninety Five Theses 1517 B Gott und die Seele God and the Soul 1518 C Ein Sermon von dem Heiligen Hochw rdigen Sakrament der Taufe A Sermon on the Holy Reverend Sacrament of Baptism 1519 D Briefe an den Papst Leo den Zehnten Letters to the Pope Leo the Tenth 1520 E Von den guten Werken Treatise on Good Works 1520 F Verteidigungsrede auf dem Reichstag zu Worms Defense speech at the Diet of Worms 1921 G Vom ehelichen Leben On Married Life 1522 I Von der Wiedertaufe an zwei Pfarrherrn On Rebaptism for two pastors 1528 J Ein feste Burg ist unser Gott Our God is a Mighty Fortress 1529 K Vermahnung zum Sacrament des Leibes

Rituals of Power Frans Theuws,Janet Nelson,2021-10-01 13 papers by 16 leading archaeologists and historians of late antiquity and the early middle ages break new ground in their discussion analysis and criticism of present interpretations of early medieval rituals and their material correlates Some deal with rituals relating to death life cycles and the circulation in other contexts of objects otherwise used in the burial ritual Others are concerned with the symbolism and ideology of royal power the formation of a political ideology east of the Rhine from the mid 5th century onwards and penance rituals in relation to Carolingian episcopal discourse on ecclesiastical power and morale All deal with the creation of new identities cultures norms and values and their expression in new rituals and ideas from the period of the Great Migrations through the Later Roman Empire down to the society of Beowulf and the later Carolingians **Spirit of the Last Days** Peter Althouse,2003-10-01 Early Pentecostals proclaimed the restoration of the charismatic gifts as a sign of the imminent coming of Christ This eschatology was later marginalized by the rise of fundamentalist dispensationalism Today Pentecostal eschatology is being revised to include a more transformative view of the kingdom This boook proposes a further revision of Pentecostal eschatology created to recover prophetic elements of early Pentecostalism that invite a responsible social engagement in the world and to overcome fundamentalist assumptions which have crept into Pentecostal theology in its middle years To this end the eschatological thought of selected Pentecostal theologians is placed in dialogue with Jurgen Moltmann This dialogue critiques fundamentalist tendencies within contemporary Pentecostalism by advocating a theology

more open to history and creation and a Pentecostal ethic both personal and social in scope **The Interruptive Word** R. David Nelson, 2013-07-25 While German Lutheran theologian Eberhard Jüngel 1934 has made a number of significant contributions to contemporaneous discussions of sacramental theology this topic has largely been ignored by interpreters of his thought This study summarizes and evaluates through a close reading of primary and secondary source materials Jüngel's approach to the problem of sacrament R. David Nelson considers Jüngel's claim that the word of God functions sacramentally as it addresses its hearer and analyses his assertion that Jesus Christ is the unique and preeminent sacrament of God for the world Progressing to an exploration of Jüngel's ecclesiology Nelson reveals Jüngel's interesting approach to the question of the church's sacramentality The volume concludes with an investigation into Jüngel's doctrines of baptism and the Lord's Supper The Interruptive Word demonstrates that Jüngel consistently appeals to the category of interruption for describing God's sacramental relation to the world and its actualities concluding that the hegemony of the category of interruption in Jüngel's theology of sacrament raises important questions concerning its coherence and tenability **Michel Foucault and Theology** James Bernauer, 2017-03-02 Whilst Foucault's work has become a major strand of postmodern theology the wider relevance of his work for theology still remains largely unexamined Foucault both engages the Christian tradition and critically challenges its disciplinary regime Michel Foucault and Theology brings together a selection of essays by leading Foucault scholars on a variety of themes within the history thought and practice of theology Revealing the diverse ways that the work of Michel Foucault 1926-1984 has been employed to rethink theology in terms of power discourse sexuality and the politics of knowledge the authors examine power and sexuality in the church in late antiquity Castelli Clark Schuld raise questions about the relationship between theology and politics Bernauer Leezenberg Caputo consider new challenges to the nature of theological knowledge in terms of Foucault's critical project Flynn Cutrofello Beadoin Pinto and rethink theology in terms of Foucault's work on the history of sexuality Carrette Jordan Mahon This book demonstrates for the first time the influence and growing importance of Foucault's work for contemporary theology Religion and Political Conflict in Latin America Daniel H. Levine, 2016-08-01 The authors examine popular religion as a vital source of new values and experiences as well as a source of pressure for change in the church political life and the social order as a whole and deal with the issues of poverty and the role of the poor within the church and political structures Exploring areas from Nicaragua El Salvador Brazil Bolivia Colombia and Chile the authors analyze the transformation in popular religion and reevaluate the growth of grassroots organizations *Forrester on Christian Ethics and Practical Theology* Duncan B. Forrester, 2010 Bringing together articles and chapters from his considerable work in theological ethics India and the social order Duncan Forrester incorporates new writing and introductions to each thematic section to guide readers through this invaluable resource This book offers stimulating studies in three related areas Indian Christianity with particular attention to the caste system contemporary Christian theological ethics and the distinctive and challenging theological approach that Forrester has

developed in relation to public issues A Relation of the Conference Between William Laud, Late Lord Arch-bishop of Canterbury, and Mr. Fisher the Jesuite William Laud, 1673 *The Works of Joseph Hall: Sermons* Joseph Hall, 1808 **An Introduction to Vatican II as an Ongoing Theological Event** Matthew Levering, 2017 Contemporary scholars often refer to the event of Vatican II but what kind of an event was it In this first book of the new CUA Press series *Sacra Doctrina* Matthew Levering leads his readers to see the Council as a theological event a period of confirming and continuing God's self revelation in Christ into a new historical era for the Church This is an introduction to Vatican II with a detailed summary of each of its four central documents the dogmatic constitutions followed by explanations of how to interpret them In contrast to other introductions which pay little attention to the theological soil in which the documents of Vatican II germinated Levering offers a reading of each conciliar Constitution in light of a key theological author from the era Ren Latourelle SJ for *Dei Verbum* persons and propositions Louis Bouyer CO for *Sacrosanctum Concilium* active participation Yves Congar OP for *Lumen Gentium* true and false reform and Henri de Lubac SJ for *Gaudium et Spes* nature and grace This theological event is ongoing Levering demonstrates by tracing in each chapter the theological debates that have stretched from the close of the council till the present and the difficulties the Church continues to encounter in encouraging an ever deeper participation in Jesus Christ on the part of all believers In this light the book's final chapter compares the historicist Massimo Faggioli and Christological Robert Imbelli interpretations of Vatican II arguing that historicism can undermine the Council's fundamental desire for a reform and renewal rooted in Christ The conclusion addresses the concerns about secularization and loss of faith raised after the Council by Henri de Lubac Joseph Ratzinger and Yves Congar arguing that contemporary Vatican II scholarship needs to take these concerns more seriously **Unashamed Anglicanism** Stephen Sykes, 1995 A collection of articles by a leading bishop covering subjects such as the roots and uniqueness of Anglicanism authority and power and the Anglican doctrine of the Church
