The Power of Purpose John O'Brien, Andrew Cave, 2017-07-06 In a world where volatility is the new norm and change is a constant, the individuals and organisations that are flourishing are those with a clear sense of purpose based on authentic ethical values. Purpose is the secret ingredient; with purpose, you have the key to exceptional performance, greater wellbeing and clarity in a VUCA world. But how do you find such purpose and ensure it propels your business forward? The Power of Purpose shares a simple 6-step framework you too can identify, clarify and shape your business purpose. You'll gain a competitive advantage and boost your bottom line, but the benefits are not just commercial; you'll also inspire a new generation of employees, foster innovation, simplify decisions and build customer and brand loyalty. Based on qualitative interviews with well-established and emerging leaders on how they bring ethical purpose in business to life, as well as sharing the results from a questionnaire with purpose-led businesses, you'll find a step-by-step approach for applying purpose to simplify complexity, harness a purpose-powered workforce and create customer loyalty. How can purpose provide clarity? How can it accelerate success? How can it build a long-term sustainable business? The Power of Purpose is your secret ingredient.

The Power Of Purpose Patrizia Patz, 2023-03-17 We have been conditioned in a society where work primarily ensures survival and grants status. Vocation is not really an aspect worth thinking about in the current world of work. And even when we have clarity about what we burn for, what we really want to do, most people seeking their calling remain in the established model. Why do we so freely trade freedom and fulfilment for apparent security? Why have we lost our courage? Patrizia Patz's book provides answers. It explores the feasibility between desire and reality, provides attractive possibilities to get on the track of our passions and talents and to realise a good life with a job that also pays the bills. For this to succeed, we need a new way of thinking and a little courage to leave the pre-drawn mainstream career path and expand our own comfort zone. The first steps are simple: get clear about what you like to do and what you are passionate about. Free yourself from
