Against the backdrop of the First World War they chose to write about more than modernist art and aesthetics By closely
reading and contextualizing their contributions Paul Jackson s study engages with the political and philosophical responses of

but inherently linked to politics and philosophy By placing the writing of a canonical modernist Wyndham Lewis against a
figure usually excluded from the modernist canon H G Wells Jackson examines further a wartime modernism that embraced
socialist and political views This reinterpretation of modernism provides a historicised understanding of the politicised hopes
of artists promoting revolutionary forms of cultural renewal Considering modernist writers relationship between politics
