Radical Doctor Smollett:

Radical Doctor Smollett Donald James Williams Bruce, 1965 Critical analysis of the 18th century social satirist *Radical Doctor Smollett* Donald Bruce, 1985 **Tobias Smollett** Lionel Kelly, 2002-09-11 The Critical Heritage gathers together a large body of critical sources on major figures in literature Each volume presents contemporary responses to a writer's work enabling student and researcher to read the work themselves **Tobias Smollett in the Enlightenment** Richard J. Jones, 2011-04 Tobias Smollett 1721-1771 is best known today as a novelist but in the eighteenth century he was regarded as a historian and critic In this book Richard J. Jones explores the diversity of Smollett's journalistic and literary writings and establishes new connections between Smollett's work and writers of the Scottish Enlightenment The book takes as its focal point Smollett's visit to Nice between 1763 and 1765 and the account he wrote of it in *Travels through France and Italy* 1766 This account is usually seen as a travel narrative but Jones argues that it should be read as a pocket encyclopedia in the tradition of Voltaire Jones divides his study into sections on medicine fine art the theater and history In doing so he offers a productive juxtaposition of authors' texts and contexts presenting Smollett as a writer whose Scottish and particularly Glaswegian identity informed his involvement in a wider European Enlightenment Tobias Smollett Damian Grant, 1977

Constructions of Smollett John Skinner, 1996 Professor John Skinner analyzes the prose narratives of Tobias George Smollett 1721-71 and their place in the development of the novel in *Constructions of Smollett: A Study in Genre and Gender*

Radical Doctor Smollett D. Bruce, 1964 The Fame Machine Frank Donoghue, 1996 Principally on Sterne Goldsmith and Smollett Art and Money in the Writings of Tobias Smollett William Gibson, 2007 Offering a fresh perspective on a misunderstood eighteenth-century novelist this study situates Tobias Smollett 1721-71 as the chief witness to the birth of the modern commercial art market By examining the critical remarks and characters in Smollett's journalism and histories the novels *Peregrine Pickle* and *Humphry Clinker* and *Travels Through France and Italy* the novelist is portrayed as fully involved with the commercial art market even while he offered perceptive criticism of it Smollett's complete reviews of fine art from *The Critical Review* are published for the first time in an annotated appendix while his involvement with the lavish illustration of his massive *Complete History of England* is analyzed in a second appendix The approach to fine art that emerges from his writing modifies our understanding of the public art market of today making this study of interest not only to Smollett scholars and students of eighteenth-century fiction but also to those interested in the history of art and aesthetic appreciation William L. Gibson is an independent scholar **Sexuality in Eighteenth-century Britain** Paul-Gabriel Boucé, 1982 **Between Self and Society** John Rodden, 2016-01-15 *Between Self and Society* explores the psychosocial dramas that galvanize six major British novels written between the eighteenth and twentieth centuries The book challenges an influential misconception that has for too long hindered appreciation of the psychological novel John Rodden argues that there should be no simplifying antithesis between psychological inner conflicts within the mind or soul and institutional outer

conflicts within family class community Instead it is the overarching dramatic yet often tortuous relations between self and society that demand our attention Rodden presents fresh interpretations of an eclectic group of prose fiction classics including Tobias Smollett's *The Adventures of Roderick Random* William Godwin's *Caleb Williams* Thomas Hardy's *The Mayor of Casterbridge* Ford Madox Ford's *The Good Soldier* Wyndham Lewis's *Tarr* and D H Lawrence's *Women in Love* Far from being merely admirable experiments let alone daring though interesting failures these fictions are shown to possess aesthetic unity stylistic consistency and psychic force Between Self and Society thus impels our careful reconsideration of novels that represent major artistic achievements yet have been either unjustly neglected or appreciated in limiting ways that do injustice to their psychological aspects Rodden's vibrant discussion invites an upward reevaluation of these works and encourages the full recognition of their value and significance in British literary history

Closeted Writing and Lesbian and Gay Literature David M. Robinson, 2017-05-15 Arguing for renewed attention to covert same sex oriented writing and to authorial intention more generally this study explores the representation of female and male homosexuality in late sixteenth through mid eighteenth century British and French literature The author also uncovers and analyzes long term continuities in the representation of same sex love sex and desire between the classical early modern eighteenth century and even modern periods Among the seventeenth and eighteenth century authors and texts examined here are Mme de Murat *Les Memoires De Madame La Comtesse De M* 1697 John Cleland *Memoirs of a Woman of Pleasure* 1748 49 Tobias Smollett *The Adventures of Roderick Random* 1748 Nicolas Chorier and Jean Nicolas L *Academie des dames* 1680 Delarivier Manley *The New Atalantis* 1709 and Isaac de Benserade *Iphis et Iante* 1637 Classical texts brought into the discussion include Juvenal's *Satires* Lucian's *Erotes* and most importantly Ovid's *Metamorphoses* Casting its net broadly yet exploring deeply poems plays novels and more from the serious to the satiric the polite to the pornographic well known and little known written in English French and Latin published in early modern and eighteenth century Britain and France plus key classical texts this study engages with the historiography of sexuality as a whole

Defending Privilege Nicole Mansfield Wright, 2020-03-10 A critique of attempts by conservative eighteenth and nineteenth century authors to appropriate the rhetoric of victimhood and appeals to rights to safeguard the status of the powerful As revolution and popular unrest roiled the final decades of the eighteenth century authors activists and philosophers across the British Empire hailed the rise of the liberal subject valorizing the humanity of the marginalized and the rights of members of groups long considered inferior or subhuman Yet at the same time a group of conservative authors mounted a reactionary attempt to cultivate sympathy for the privileged In *Defending Privilege* Nicole Mansfield Wright examines works by Tobias Smollett Charlotte Smith Walter Scott and others to show how conservatives used the rhetoric of victimhood in attempts to convince ordinary readers to regard a privileged person's loss of legal agency as a catastrophe greater than the calamities and legally sanctioned exclusion suffered

by the poor and the enslaved In promoting their agenda these authors resuscitated literary modes regarded at the time as derivative or pass including romance the gothic and epistolarity or invented subgenres that are neglected today due to widespread revilement of their politics the proslavery novel Although these authors are not typically considered alongside one another in scholarship they are united by their firsthand experience of legal conflict each felt that their privilege was degraded through lengthy disputes In examining the work of these eighteenth and early nineteenth century authors Wright traces a broader reactionary framework in the Anglophone literary legacy Each novel seeks to reshape and manipulate public perceptions of who merits legal agency the right to initiate a lawsuit serve as a witness seek counsel from a lawyer and take other legal actions As a result *Defending Privilege* offers a counterhistory to scholarship on the novel s capacity to motivate the promulgation of human rights and champion social ascendance through the upwardly mobile realist character

English Travel Narratives in the Eighteenth Century Jean Viviès,2017-03-02 The eighteenth century commonly described as the age of the novel is also the golden age of travel narratives In this English edition of *Le R cit de voyage en Angleterre au XVIIIe si cle* the genre of the travel narrative receives a treatment based on its development in close relationship with fiction The book provides a survey of famous travel narratives James Boswell s journal of a tour to Corsica and account of his trip to Scotland with Samuel Johnson Laurence Sterne s enigmatic *Sentimental Journey* Tobias Smollett s *Travels through France and Italy* Negotiating between inventory and invention these texts invite a reconsideration of conventional generic distinctions They open up a literary space in which the full significance of the real and fictional journey motif can be explored British Writers: Thomas Middleton to George Farquhar British Council,1980 This collection of critical essays covers hundreds of writers who have made significant contributions to British Irish and Commonwealth literature from the 14th century to the present day The contributors analyze many individual works and engage the reader withtheir distinctive themes and stylistic Introductory essays and chronological tables open each volume and provide historical background
