His work along with that of his older contemporaries Leonardo and Michelangelo defined the High Renaissance style in

central Italy His posthumous reputation was even greater for until the later 19th century he was regarded by almost all

critics as the greatest painter who had ever lived the artist who expressed the basic doctrines of the Christian Church

such as Annibale Carracci Poussin and Ingres Raffaello was one of the finest masters of drawing in the history of art The

completing of a huge number of studies in a diversity of techniques was Raphael s typical practice He first made rapid

sketches and then polished them for transfer The number of his existing drawings is over 400 but this is only a small part of

the amount he produced There was a diversity of media and techniques in his time and he explored all of them Raphael
