[Exposing the Spiritual Roots of Disease](#) Henry W. Wright,2019-10-15

In *Exposing the Spiritual Roots of Disease* Dr Henry Wright presents a thoroughly biblical and compelling case for healing. If you think you've read all you need to know about healing, it's time to take another look. In this updated edition with expanded material, Dr Wright clearly shows that disease is not a random occurrence and that science and medicine have their place in dealing with illness but can only offer disease management. What if the answers to true healing and freedom have been in the Bible all along? Dr Wright spent decades learning the spiritual roots of disease and blocks to healing. In his journey, he discovered that there is a spiritual root issue in about 80 percent of all diseases, which is a direct result of a breakdown in our relationship with God, ourselves, or others. Through his groundbreaking teachings, he helped hundreds of thousands to experience wholeness in their lives. If you have recently received a diagnosis or have been struggling with your health for years, there is hope and healing ahead. Dr Henry Wright destroys the lie that we are helpless victims of diseases. This book is long overdue and is essential reading for any Christian struggling with sickness and for those who seek to minister to them. Dr Rebecca Williams, MA, MB, ChB, DRCOG, DCH, DTM, H. Dr Wright uses a solid scriptural base to reveal the roots of disease and give clear guidance on how we can be free in spirit, soul, and body. Sheila Pitcock, LVN. **Music and Soulmaking**

Wilson, 2013-06-03 There is no denying that race is a critical issue in understanding the South. However, this concluding volume of *The New Encyclopedia of Southern Culture* challenges previous understandings, revealing the region's rich ever-expanding diversity and providing new explorations of race relations. In 36 thematic and 29 topical essays, contributors examine such subjects as the Tuskegee Syphilis Study, Japanese American incarceration in the South, relations between African Americans and Native Americans, Chinese men adopting Mexican identities, Latino religious practices, and Vietnamese life in the region. Together, the essays paint a nuanced portrait of how concepts of race in the South have influenced its history, art, politics, and culture beyond the familiar binary of black and white.
