Peter Francis, Roger Matthews

Rage To Punish The Unintended Consequences Of Mandatory Sentencing:

A Rage to Punish Lois G. Forer, 1994 Arguing that the American model of harsh prison sentences do not deter crime an experienced judge presents a plan for alternative sentences and a more rational system of sentencing that would cost less and be more effective

The Handbook of Crime and Punishment Michael Tonry, 2000-11-09 Crime is one of the most significant political issues in contemporary American society Crime control statistics and punishment policies are subjects of constant partisan debate while the media presents sensationalized stories of criminal activity and over crowded prisons In the highly politicized arena of crime and justice empirical data and reasoned analysis are often overlooked or ignored The Handbook of Crime and Punishment however provides a comprehensive overview of criminal justice criminology and crime control policy thus enabling a fundamental understanding of crime and punishment essential to an informed public

Expansive in its coverage the Handbook presents materials on crime and punishment trends as well as timely policy issues The latest research on the demography of crime race gender drug use is included and weighty current problems organized crime white collar crime family violence sex offenders youth gangs drug abuse policy are examined Processes and institutions that deal with accused and convicted criminals and techniques of punishment are also examined While some articles emphasize American research findings and developments others incorporate international research and offer a comparative perspective from other English speaking countries and Western Europe Editor Michael Tonry a leading scholar of criminology introduces the 28 articles in the volume each contributed by an expert in the field Designed for a wide audience The Handbook is encyclopedic in its range and depth of content yet is written in an accessible style The most inclusive and authoritative work on the topic to be found in one volume this book will appeal to those interested in the study of crime and its causes effects trends and institutions those interested in the forms and philosophies of punishment and those interested in crime control

The Oxford Handbook of Evidence-based Crime and Justice Policy Brandon Welsh, Steven N. Zane, Daniel P. Mears, 2024 An evidence based approach to crime and justice policy can go a long way toward ensuring that

the best available research is considered in decisions that bear on the public good. However, the term evidence based is characterized by a great deal of rhetoric. Indeed, there remains a marked disjuncture between calls for evidence based policy and an understanding of what it means for policy to be evidence based. The calls for evidence based policy nonetheless provide a powerful foundation for propelling a movement toward bringing about rational, cost effective and humane policies for the betterment of society. This handbook showcases the state of research on evidence based crime and justice policy and the challenges that impede its creation and use. The volume has three core objectives: to promote new and productive ways to think about evidence based policy; to demonstrate how research can contribute to and guide evidence based policy in juvenile justice, criminal justice and alternatives to system responses; and to identify strategies that can increase reliance on evidence based policy. To meet these objectives, each chapter is guided by several central questions: What do we know about evidence based policy and practice in crime and justice? How can we improve knowledge of evidence based policy and practice? How can we promote more use of evidence based policy and practice? Taken as a whole, the volume emphasizes the critical need for policies that are grounded in high quality research that address critical research gaps and that fully acknowledge the limitations of what extant research can do to inform policy decisions.

Chaos Or Community? Holly Sklar, 1995. Holly Sklar presents a disturbing vision of the modern corporation dominated America where the rich get richer, the poor are mired in poverty and the society no longer cares for its children.

Human Behavior in the Social Environment from an African-American Perspective Letha A. See, 2013-02-01. *Human Behavior in the Social Environment from an African American Perspective* Second Edition is an updating of the classic text that presents leading black scholars discussing complex human behavior problems faced by African Americans in today's society. This new edition provides fresh theories and the latest practical interventions not in the first edition that show, for example, how to enhance a client's coping strategies and resilience by focusing on their strengths rather than their weaknesses. This edition includes a new foreword by former Surgeon General Dr. Joycelyn Elders. *Human Behavior in the Social Environment from an African American Perspective* Second Edition acquaints practitioners with the Black experience and provides the latest innovative methods of working with this diverse population. This edition also offers new insights on evaluating practice initiatives. Experts and scholars explore and interpret individual and group behaviors, the strength and resilience of the black family, the stresses and problems affecting children, the significant problem of the affects of colorism, the self-esteem and identity issues of biracial children, violence in the criminal justice system, the HIV/AIDS pandemic, the stress and behaviors resulting from belonging to the armed services and other behavior stemming from progression through the life cycle. Chapters include charts and tables of data, extensive references and study questions for deeper study for students. Topics in *Human Behavior in the Social Environment from an African American Perspective* Second Edition include the importance of the consideration of the black experience in analyzing black behavior, behavior as a response to a hostile social system, the black church's role in leading

African Americans resiliency perspective as a positive force the use of strength behaviors for socialization and survival strategies to strengthen roles of fathers in African American families military culture as a microcosm of the wider society the psychological effects of skin color on self esteem the No Child Left Behind Act of 2001 and its effects refreshing social work practice to better meet the needs of African American girls examination of a study on the help seeking behaviors of young African American males empirically based creative intervention strategies to alleviate black on black crime analysis of street gang behaviors with a program to address it influences of hip hop culture strategies to lessen substance abuse in children practices that help assist administrators and social workers to lessen school violence Human Behavior in the Social Environment from an African American Perspective Second Edition is a supplementary text that is valuable for undergraduate and graduate students human service practitioners mental health and medical counselors policymakers school officials and criminal justice personnel

Using Social Science to Reduce Violent Offending Joel Alan Dvoskin, 2012 Bringing together experts in the fields of social science forensic psychology and criminal justice *Using Social Science to Reduce Violent Offending* addresses what truly works in reducing violent offending promoting an approach to correctional policy grounded in an evidence based and nuanced understanding of human behavior

Prisons 2000 Peter Francis, Roger Matthews, 1996-07-13 A collection of original articles from a number of the world's leading authorities on imprisonment The aim of the book is to review the current state of imprisonment around the world and to look at possible future developments The underlying theme of the book is that imprisonment is undergoing a significant change in a number of different countries and that there are important lessons which can be learned from the analysis of these changes At the same time this book is perceived as a state of the art collection which provides an informed and comprehensive analysis of the major aspects of imprisonment Consequently the book should be of interest to a wide ranging international audience of

academic researchers and policy makers as well as students **The Burdens of Proof** Dale A. Nance,2016-03-11

Adjudicative tribunals in both criminal and non criminal cases rely on the concept of the burden of proof to resolve uncertainty about facts Perhaps surprisingly this concept remains clouded and deeply controversial Written by an internationally renowned scholar this book explores contemporary thinking on the evidential requirements that are critical for all practical decision making including adjudication Although the idea that evidence must favor one side over the other to a specified degree such as beyond reasonable doubt is familiar less well understood is an idea associated with the work of John Maynard Keynes namely that there are requirements on the total amount of evidence considered to decide the case The author expertly explores this distinct Keynesian concept and its implications Hypothetical examples and litigated cases are included to assist understanding of the ideas developed Implications include an expanded conception of the burden of producing evidence and how it should be administered

Out-of-Control Criminal Justice Daniel P. Mears,2017-09-28
Out of Control Criminal Justice shows that our system of criminal justice is broken it is out of control The author writes that a research based strategy is needed that builds on the insights of those who work within criminal justice or are affected by it Such a strategy must entail continuous evaluation and improvement so that what works can be expanded and what does not can be eliminated Out of Control Criminal Justice identifies how systems problems plague our criminal justice systems It then presents a comprehensive strategy for bringing these systems under control to reduce crime to increase justice and accountability and to do so at less cost The strategy can be used too to create greater responsiveness to victims and communities effectiveness in reducing racial and ethnic disparities and understanding of the causes and consequences of crime After describing this new approach the book identifies the tools needed to implement a systems solution to create a safer and more just society

Criminal Dilemmas Katri K. Sieberg,2013-03-09
Crime is frightening It breeds emotional responses which can lead to counterproductive governmental policy To allow a rational analysis of these important concerns Criminal Dilemmas applies intuition from economics political science and game theory as a way to develop new perspectives about crime and its causes A basic assumption is that the criminal is a rational actor who makes decisions based on his or her personal expected gains and costs By using this assumption predictions about behavior as well as emotional concerns such as prostitution and gun control find a theoretical perspective By understanding the strategic variables which cause for example gangs and their warfare drug sales and the accompanying violence we have a better chance to design effective public policy

Institutional Violence Deane Curtin,Robert Litke,2022-05-20
Violence can be physical and psychological It can characterize personal actions forms of group activity and abiding social and political policy This book includes all of these aspects within its focus on institutional forms of violence Institution is also a broad category ranging from formal arrangements such as the military the criminal code the death penalty and prison system to

more amorphous but systemic situations indicated by parenting poverty sexism work and racism Violence is as complex as the human beings who resort to it its institutional forms pervade our relational lives We are all participants in it as victims and perpetrators The chapters in this book were written in the hope that violence can be explicated even if not fully understood and that such clarification can help us in devising less violent forms of living even if it does not lead to its total abolition The studies bring new aspects of violence to light and offer a number of suggestions for its remedy **Bridging Worlds** Joycee Kennedy,Carol J. McCarthy,2015-12-22 With Bridging Worlds you will learn to uncover the roots of teenage problems the causes behind symptoms such as self destructiveness anger recklessness and violence Originally published in 1998 this title shows you how to develop treatment guidelines and thoughtful frames of reference that address the problems of teenage violence pregnancy truancy and delinquency It will help you detect when the reckless even frightening behaviour of adolescents is a cry for help and show you what you can do to defuse the situation make authentic and meaningful connections and offer valuable help Addressing the needs of youth with disabilities in the juvenile justice system ,2003

The Reinvention of Policing William R. Kelly,Daniel P. Mears,2023-07-03 Written in an accessible style this book provides a historically grounded critique of American policing and offers implementable solutions providing students a comprehensive understanding of modern policing Contemporary policing is in crisis a situation that has led to persistent calls to reform it Unfortunately many proposed solutions focus on piecemeal changes that ignore a fundamental problem policing relies on a largely reactive approach that does not in any systematic or comprehensive way focus on crime prevention Most of what the police do such as responding to 911 calls for service and employing directed patrols or hot spots policing fails to address the causes of crime Compounding this problem is the absence of any institution or agency charged with prioritizing the prevention of crime and for ensuring that police efforts support this goal A central distinguishing feature of this book is its comprehensive approach and the emphasis on policing as part of a much broader set of changes that must occur both to improve policing and to improve public safety and justice This approach includes retaining what works eliminating what does not drawing on evidence based policy from around the world and creating systemic changes that institutionalize better policing accountability and evaluation processes for ensuring that the police are effective The Reinvention of Policing can be used in courses focused on policing policy and practice specifically when discussing the nature of policing how policing may reflect and contribute to inequality and injustice or how it might improve these social problems *Breaking the Rules* Marcia Hill,Judith Harden,2018-10-24 Breaking the Rules Women in Prison and Feminist Therapy challenges therapists public policymakers voters and those in the criminal justice system to find treatment options empowerment strategies viable resources community support and policies that can help women with problems such as drug abuse domestic violence poverty and prostitution rather than perpetually punishing them Breaking the Rules shows you how our society makes other of those among us who are most vulnerable injured and without resources It digs under your skin and forces you to look at the

histories of abuse among women who have murdered their partners the impact of race and ethnicity on patterns of mothering and caretaking of children of women prisoners the lack of treatment options for addicted women prisoners how prison reawakens the feelings of powerlessness in women who have suffered childhood physical and sexual abuse helping women inmates develop marketable educational and vocational skills support systems and positive perceptions of themselves collaborative strategies that challenge the status quo of programs and support available to female offenders and their families a relational model of treatment that is based on the integration of three theoretical perspectives the strengths and limitations of twelve step programs for women Mapping the problems and offering solutions Breaking the Rules walks you through treatment strategies and self confirming experiences such as feminist therapy prisoner led support groups affirmative prison programming and art therapy that help women draw on their strengths come to terms with their pasts and meet future challenges head on
