Institutions and Investments Jun Fu,2010-06-08 As China continues to be heralded as a rising economic power the need for an understanding of its institutional effects such as investment related policies regulations and laws on foreign direct investment increases as well Institutions and Investments employs interdisciplinary perspectives from economics business law and political science to shed light on the interaction between institutional changes and investment patterns and to form a clear picture of investment behavior as China s legal and regulatory infrastructure has developed over the reform years Organized into three main parts the book first discusses the evolution and nature of China s FDI regulatory framework Part 2 examines the various modes and variant patterns of FDI in China in the reform years Part 3 s central task is to demonstrate a systematic link between institutional changes in China s FDI regulatory framework and the changing patterns of FDI In conclusion Jun Fu finds that China has made substantial progress from a command economy to a market system but that it still has a long way to go before it truly attains a transparent and rule based system This book adds new dimensions to the scholarship on China as a growing economic power and will be of particular interest to international economists political scientists and business scholars studying China Jun Fu is Associate Professor in the School of Economics and Management Tsinghua University

Issues and Options for U.S.-Japan Trade Policies Robert Mitchell Stern,2002 Addresses the central negotiating issues involving the trade policies and relations between the United States and Japan Quantifying the Impact of Technical Barriers to Trade Keith E. Maskus,John Wilson,2025-10-01 This book provides an up to date discussion of economic issues involved in analyzing regulations of product quality and performance in international trade Among the issues addressed in this collection are restrictions on genetically modified foods and pesticide use and compatibility standards for computers While such regulations may serve important goals they may also interfere with international trade flow by raising the costs of compliance This is of special concern to developing countries which have found it difficult to meet the increasingly exacting regulations imposed by the United States and Europe Keith E Maskus and John S Wilson gather prominent international trade specialists to ask whether the impacts of such regulations may be quantified systematically in order to inform the international policy debate The essays included here cover all fronts of the debate over regulatory issues and trade conflicts The discussion ranges from a review of how trade conflicts emerge and how they are managed by the international trading system to a technical analysis of the potential impact of European restraints on trade in genetically modified products to an examination of methods for estimating the costs of compliance with environmental regulations Considerable attention is paid to whether the emergence and enforcement of stronger standards among developed economies could result in diminished trade opportunities for developing countries At the same time the possibility that

standards could expand market access through resolving consumer information problems is analyzed This book will appeal to international economists international relations specialists and individuals concerned about appropriate regulation of safety and health issues in the global economy Keith E Maskus is Professor of Economics University of Colorado Boulder John S Wilson is Lead Economist Development Economics Research Group The World Bank Much Ado about Culture Archibald Lloyd Keith Acheson, Christopher John Maule, 2009-10-27 Examines trade disputes between Canada and the United States over the cultural industries and proposes a way to resolve such conflicts
