Mrs Ferguson's Tea-set, Japan and the Second World War Eiji Seki, 2006-11-09 The saga of the sinking of the Blue Funnel Line's ill fated SS Automedon in November 1940 by the German commerce raider Atlantis is well documented but in this new work the author argues that he is not just setting the history right in terms of the inaccuracies so far reported but is also offering significant new information based on direct contact with surviving members of the Automedon's crew and their families together with access to new primary sources Offering a Japanese perspective for the first time the book tracks the role of the Japanese navy as a silent partner and active participant in the war at sea against Britain and her allies prior to Japan's flagrant formal entry into the Second World War at Pearl Harbor The author argues that the cooperation between the German and Japanese navies led to Japan's final defeat when Admiral Yamamoto was misled by the intelligence obtained from the confidential Cabinet papers recovered from the Automedon One of the most significant conclusions to be drawn from this fascinating story that is relived here is how chance impacts on the outcome of conflict had not Mrs Violet Ferguson who was on board the Automedon at the time of its capture asked for the trunk containing her precious tea set to be saved the German crew would never have found the Automedon's secret strong room containing the Most Secret papers

'80s Action Movies on the Cheap Daniel R. Budnik, 2017-04-07 The 1980s was the decade when the action film as it's now known came into being Nonstop big budget excitement became the standard as epic adventures like Raiders of the Lost Ark and The Road Warrior set the tone for the summer blockbusters of Sylvester Stallone Arnold Schwarzenegger and Chuck Norris Homages and ripoffs made with lesser budgets followed every hit especially with the advent of direct to video releases Providing detailed commentary on 284 films this book explores the excitement audacity and sheer weirdness of 80s low budget action cinema from the American Ninja series to dime a dozen barbarian pictures to such bargain basement productions as The Courier of Death Kill Squad and Samurai Cop

War, Wine and Valour: Dr. Douglas M. Baker, 2014-04-16 War Wine and Valour Five years fighting the Nazis War Wine and Valour is the true account of a bunch of kids almost all of them straight out of high school caught up in the wave of patriotism that ran counter to the rantings and strategies of Adolf Hitler Not as cruel and hopeless as Erich Remarque's All Quiet On The Western Front which took place in the area of a few trenches this book reflects with the same intensity the spread of the 20th Century horror named World War Two The narrative is as factual as the ongoing war diaries of the author's personal experiences

which thread the story through its six long years The boys grew into men almost always in the face of diabolical threats and acts of infamy which were called Nazism The author was wounded on three separate occasions twice dangerously firstly in infantry in the battles of Gazala and El Alamein and thereafter in tanks in Italy leading to the capture of Florence On one occasion he absconded from hospital in bandages and returned to his regiment to fight with his comrades again The book is a study in the psychology of men at bay confronted repeatedly with bombardment direct attack by Stukas and other Nazi terror and replying with bayonet charges fighting patrols at night counter attacks under creeping barrages and close combat in tank battles Numerous living characters from the ranks carry the story with freshness and pace humour and vivid imagery The author's war diaries have provided settings with accurate richness of detail from the wilds of central Abyssinia to the mid winter of 1944 5 in the Italian Apennines Gripping events graphic pictures surprising maps and extraordinary detail 522 pages with 33 maps and 52 pictures **Videohound's Golden Movie Retriever 2000** Martin Connors,Jim
